Can a religious person ever fight in a war?

Learning Objectives:

1. **Identify** religious teachings linked to peace and violence
2. **Evaluate** the strengths and weaknesses of these teachings

Key Terms

Pacifism

Just War

Peacemaker

Kirpan

Some Moral And Religious Aspects Of The War

Library of Congress

Some Moral And Religious Aspects Of The War:

Some Moral and Religious Aspects of the War Charles Wood, 1915
War C. Wood, 1918 *The War and Religion* Marion John Bradshaw, 1919 Religion, War, and Ethics Gregory M. Reichberg, Henrik Syse, 2014-05-26 Religion War and Ethics is a collection of primary sources from the world's major religions on the ethics of war. Each chapter brings together annotated texts scriptural, theological, ethical, and legal from a variety of historical periods that reflect each tradition's response to perennial questions about the nature of war when if ever is recourse to arms morally justifiable. What moral constraints should apply to military conduct? Can a lasting earthly peace be achieved? Are there sacred reasons for waging war and special rewards for those who do the fighting? The religions covered include Sunni and Shiite Islam, Judaism, Roman Catholic, Eastern Orthodox, and Protestant Christianity, Theravada Buddhism, East Asian religious traditions, Confucianism, Shinto, Japanese and Korean Buddhism, Hinduism, and Sikhism. Each section is compiled by a specialist recognized within his or her respective religious tradition who has also written a commentary on the historical and textual context of the passages selected. *The United States Catalog*, 1921 *Modern Just War Theory* Michael P. Farrell, 2013-06-20 Contributions to Illuminations: A Scarecrow Press Series of Guides to Research in Religion provide students and scholars, lay readers, and clergy with a road map to research in key areas of religious study. All commonly constructed with introductions to the topic and reviews of key thinkers, concepts, and events, each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic. Focusing primarily on the knowledge required by today's students and scholars, each guide is a must-have for any student of religion. The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war. Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield. Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo-Anabaptists and Niebhuirs. Meanwhile, proponents of Christian just war theory had to address challenges from competing ideologies as well as those presented by the changing nature of warfare. *Modern Just War Theory: A Guide to Research* by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory, helping them navigate the wealth of just war literature produced in the twentieth and twenty-first centuries. Farrell's guide provides an introduction to the major developments of just war theory in the twentieth century, including sections on how to research just war theory, an overview of some of the most important theorists and developments of the twentieth century, and discussions of key search terms and related topics. Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories. *Modern Just War Theory* will appeal to students and scholars of theology, military history, international law, and Christian ethics. *Who's who in America*, 1924 **Library of**

Brian Wicker,2016-04-22 Following the 9 11 attacks by Al Qa ida President Bush declared war on terror In the succeeding years Western governments have struggled to find the right way to respond to the new and deadly threat posed by terrorism With the election of President Obama the rhetoric has softened and policies have been adjusted but the underlying problems and challenges remain the same Meanwhile the war on terrorism in Afghanistan has been intensified Drawing on just war teaching as developed within both Christian and Muslim traditions this book examines whether and how liberal democracies can combat the new global terrorism both effectively and justly The authors including distinguished academics from both sides of the Atlantic Christian and Muslim theologians former senior civil servants and a General deploy a wide range of experience and expertise to address one of the most difficult and pressing ethical challenges to contemporary society **The Religious Aspects of War in the Ancient Near East, Greece, and Rome** Krzysztof Ulanowski,2016-07-11 The Religious Aspect of Warfare in the Ancient Near East Greece and Rome is a volume dedicated to investigating the relationship between religion and war in antiquity in minute detail The nineteen chapters are divided into three groups the ancient Near East Greece and Rome They are presented in turn and all possible aspects of warfare and its religious connections are investigated The contributors focus on the theology of war the role of priests in warfare natural phenomena as signs for military activity cruelty piety the divinity of humans in specific martial cases rituals of war iconographical representations and symbols of war and even the archaeology of war As editor Krzysztof Ulanowski invited both well known specialists such as Robert Parker Nicholas Sekunda and Pietro Mander to contribute as well as many young talented scholars with fresh ideas From this polyphony of voices perspectives and opinions emerges a diverse but coherent representation of the complex relationship between religion and war in antiquity **Peacemaking** ,2021-10-25 Peacemaking includes a large array of activities from local to global attempts to attain peace It includes consideration of international interstate and intertribal conflict resolution communal personal and interpersonal social justice deterrence of the use of nuclear weapons design of international treaties that prevent war or other forms of international conflict disarmament international organizations that secure the order among nations and even from some points of view war As the 20th century drew to a close we have witnessed peacemakers trying to end ethnic cleansing reinstate justly elected political leaders and reach

compromises in the ideological differences that perpetuate age old conflicts We also see peacemaking in our schools homes and workplaces Philosophers have long been interested in peacemaking in one form or another and philosophical accounts of peacemaking reflect the variety of perspectives methods and activities developed in pursuing peacemaking In some instances philosophers expand upon the situations activities and methods of the peacemaker in the field The essays in this volume propose some theoretical arguments for various aspects of peacemaking offer nonmilitary alternatives to war and discuss practical examples of peacemaking in daily life The contributors analyze power relations language social groupings and distribution of resources At times they draw insight from social and historical models of conflict and conflict resolution This collection of essays on peacemaking aims to enlighten contemporary social and political discussions and contribute to achieving the ever challenging goal of peace

The War on Choice Gloria Feldt, 2007-12-18 An eye opening look at the right wing strategy to reverse the gains American women have made chronicling the actions at the highest levels of government to turn back the clock on women s rights With religious extremists in key decision making posts and our federal judiciary filled with appointees whose values are drastically out of step with the pro choice sentiments of the majority of the American people abstinence only sex education is now the rule ideology has trumped science in domestic and global health policy and reproductive freedoms are perilously close to toppling But while many of the individual facts are known no one until now has connected all the dots and drawn the Big Picture that shows exactly how radical and how successful this quiet revolution has been Judge by judge law by law and appointee by appointee The War on Choice speaks the truth about what is happening and also tells the stories of some of the women whose lives have been affected by these court decisions and federal policies Combined with a hands on plan of action for those who want to raise their voices in protest this book will be riveting reading And there is no one better equipped to write about the insidious step by step chipping away of rights or about what we can do to fight back than Gloria Feldt president of Planned Parenthood Federation of America Her thirty years of work with the organization combined with her personal experience as a woman who came out of the same West Texas political landscape as did George W Bush but faced a very different economic and social reality as the mother of three children by the age of twenty make her the ideal spokeswoman for those who are alarmed by the current political climate This book will be a wake up call describing in jaw dropping detail the story of what the anti choice movement is doing to the rights to birth control abortion and privacy
