What Is Pastoral? Paul Alpers, 2011-03-15 One of the enduring traditions of Western literary history pastoral is often mischaracterized as a catchall for literature about rural themes and nature in general In What Is Pastoral distinguished literary historian Paul Alpers argues that pastoral is based upon a fundamental fiction that the lives of shepherds or other socially humble figures represent the lives of human beings in general Ranging from Virgil s Eclogues to Sarah Orne Jewett s The Country of the Pointed Firs from Shakespeare and Cervantes to Hardy and Frost this work brings the story of the pastoral tradition previously limited to classical and Renaissance literature into the twentieth century Pastoral reemerges in this account not as a vehicle of nostalgia for some Golden Age nor of escape to idyllic landscapes but as a mode bearing witness to the possibilities and problems of human community and shared experience in the real world A rich and engrossing book What Is Pastoral will soon take its place as the definitive study of pastoral literature Alpers succeeds brilliantly He offers a wealth of new insight into the origins development and flowering of the pastoral Ann Maria Contarino Renaissance Quarterly

William Empson: Some Versions of Pastoral William Empson, 2020-10-08 William Empson is alongside T S Eliot the greatest genius among twentieth century critics and Some Versions of Pastoral is widely recognised as one of the most extraordinary works of the golden age of English literary criticism Ranging with astonishing virtuosity between works of several centuries and moving purposefully between cultures William Empson has dazzling things to say here about Shakespeare and the Elizabethan theatre the political poetry of Marvell Milton s Paradise Lost the complex satire of John Gay s Beggar s Opera and the convoluted psychology at work in the Alice books of Lewis Carroll The book is alert to questions of politics psycho analysis and anthropology and speaks to a wide range of contemporary concerns Written in Empson s charismatically informal and

wonderfully approachable voice the book appeared in 1935 without footnotes or references This edition is the first to identify the quotations and allusions to explain the pertinence of his references and to place the work within its Empsonian context It is published with an appendix of other texts by Empson which illuminate the issues at work in the book *The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism* George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction Critical Perspectives on Pat Barker Sharon Monteith, 2005 These essays cover the work and career of Pat Barker providing insight into her novels from *Union Street* 1982 through the *Regeneration* trilogy 1991-95 to *Double Vision* 2003 The essays are organized into Writing Working Class Women Dialogue under Pressure Men at War The Talking Cure and Regenerating the Wasteland

Patriotism and Poetry in Eighteenth-Century Britain Dustin Griffin, 2005-11-17 The poetry of the mid and late eighteenth century has long been regarded as primarily private and apolitical in this wide ranging study Dustin Griffin argues that in fact the poets of the period were addressing the great issues of national life rebellion at home imperial wars abroad an expanding commercial empire an emerging new British national identity Taking up the topic of patriotic verse Griffin shows that poets such as Thomas Gray Christopher Smart Oliver Goldsmith and William Cowper were engaged in the century long debate about the nature of true patriotism *Radical Empiricists* Helen Thaventhiran, 2015-08-13 *Radical Empiricists* presents a new history of criticism in the first half of the twentieth century against the backdrop of the modernist crisis of meaning Our received idea of modernist criticism is that its novelty lay in being very empirical critics believed in looking closely at words on the page Such close reading has since been easy to ridicule but my book seeks to consider whether this is fair have we in the rush either to dismiss or even to defend the idea of close reading often failed to look closely at what it involves in practice Against this oversight *Radical Empiricists* turns close reading back on itself proposing some innovative readings of the prose of five major modernist poet critics I A Richards T S Eliot William Empson R P Blackmur and Marianne Moore The book is divided into two parts preceded by an introduction that explores what these five writers share a radical self consciousness about the key critical concept meaning Part I How to read considers the prose techniques of Eliot Richards and Empson as they push at the boundaries of verbal analysis in other disciplines experimental psychology and anthropology classical commentary and textual criticism Part II introduces Blackmur and Moore alongside Empson and takes a more polemical look at how their critical styles defy various modernist orthodoxies about how not to read for example that paraphrase always destroys poetic meaning Many of these orthodoxies remain current re visiting their history and attending to the rich detail of critical prose styles can allow us to lift some old unreflective constraints on our ways of knowing about poems *A Singing Contest* Meg Tyler, 2013-11-05 A formal analysis *A Singing Contest* comprises close readings of Seamus Heaney's poetry Tyler argues that in an era of fractured poetry and politics Seamus Heaney stands out his impulse is towards unity and regeneration Her book considers the interplay between different kinds of literary tradition and community in his

poetry For Heaney poetry represents a structure allowing imaginative mediation of conflicts that appear irreconcilable in the social political and historical realms By detailed structural analysis of diction meter imagery and generic form Tyler illustrates how Heaney s poems create concords from discords unities from fracture From the preface by Rosanna Warren A Singing Contest is written with imaginative and emotional urgency and in some large sense as it examines Heaney s spells it seems itself to want to cast a spell against death Hence Tyler s return in various ways to readings of elegy whether the fictive elegies of classical pastoral poems or Heaney s personal elegies She pores in detail over Clearances the sonnet sequence composed in memory of the poet s mother in The Haw Lantern and she concludes her book with a chapter on literary elegies Heaney s farewells to his friends and admired contemporaries Ted Hughes Zbigniew Herbert and Joseph Brodsky In these analyses one sees the wholeness of Tyler s project her argument that for Heaney literary tradition itself rightly received and transformed reaches into the voids made by death and establishes connection across rupture Her thesis is an ancient one and she gives it particular shape and force in asking us to contemplate it at work in Heaney where it binds individual to collective experience and past to present

Milton (Routledge Revivals) Christopher Kendrick, 2014-08-01 First published in 1986 this title critiques the canonical view of Milton as an isolated Great Man and reassesses the impact of the Puritan Revolution on two of his major works the Areopagitica and Paradise Lost The study focuses on the emergence of a discreet ethical framework of thought within the dominant theological code of these two works arguing that this framework integral to Protestantism is also crucial to the construction of subjectivity under capitalism Through an analysis of the rhetorical strategies of the Areopagitica and the generic composition of Paradise Lost Christopher Kendrick demonstrates that Milton s individualism both affirms the success of the Puritan Revolution and also exposes the contradictions between the capitalist subject s ethical freedom and the world of necessity of which that freedom is part

Authors and Authority Patrick Parrinder, 1991 One of the great paradoxes of modern times is that the more scientists understand the natural world the more we discover that our everyday beliefs about it are wrong Neil F Comins has identified and classified by origin and topic over 1 700 commonly held misconceptions about the universe He presents the reader with the tools needed to probe erroneous notions so that we can begin to question for ourselves and to think more like scientists

Shakespeare's Drama of Exile J. Kingsley-Smith, 2003-11-05 Exile defines the Shakespearean canon from The Two Gentlemen of Verona to The Two Noble Kinsmen This book traces the influences on the drama of exile examining the legal context of banishment pursued against Catholics gypsies and vagabonds in early modern England the self consciousness of exile as an amatory trope and the discourses by which exile could be reshaped into comedy or tragedy Across genres Shakespeare s plays reveal a fascination with exile as the source of linguistic crisis shaped by the utterance of that word Banished

William Empson Christopher Norris, Nigel Mapp, 1993-03-18 William Empson 1906-1984 was one of the twentieth century s most distinctive critical voices and left a profound mark upon Anglo American literary culture This book is the first full study of Empson s literary criticism

in its various aspects taking account of recent developments in critical theory and of Empson's complex SH at times deeply antagonistic SH attitude towards those developments In their diversity of viewpoint and critical approach the nine essays reflect this sturdy resistance to fashionable trends of Eng Lit opinion Topics include the relations between Empson and Derrida's approaches to the issue of textual undecidability and Empson's prominent if unwilling role in the shaping of English as an academic discourse Christopher Norris's extended introduction charts the ground and offers a major revaluation of Empson's place in the theoretical tradition
