SOME ASPECTS OF EDUCATION IN EARLY INDIA Dr. Arun kumar, 2020-07-29 India has a rich tradition of learning and education from the time immemorial These were handed over generation to generation either through oral or written media The basic characteristics of Ancient or Hindu civilization is that it has been moulded and shaped the course of its history more by religious than by political or economic influences The Early Educational System in India was based on the conception of Brahmacharya which laid greater emphasis on carya than mere

India Grows At Night Gurcharan Das, 2013-07-15 Indians wryly admit that India grows at night But that is only half the saying the full expression is India grows at night when the government sleeps suggesting that the nation may be rising despite the state India s is a tale of private success and public failure Prosperity is indeed spreading across the country even as governance failure pervades public life But how could a nation become one of the world s fastest growing economies when it s governed by a weak ineffective state And wouldn t it be wonderful if India also grew during the

day in other words if public policy supported private enterprise What India needs Gurcharan Das says is a strong liberal state Such a state would have the authority to take quick decisive action it would have the rule of law to ensure those actions are legitimate and finally it would be accountable to the people But achieving this will not be easy says Das because India has historically had a weak state and a strong society About the Author Gurcharan Das is a well known author commentator and public intellectual He is the author of the much acclaimed *The Difficulty of Being Good* and the international bestseller *India Unbound* which has been translated into many languages and filmed by the BBC His other works include the novel *A Fine Family* a book of essays *The Elephant Paradigm* and an anthology *Three Plays* consisting of *Larins Sahib* *Mira* and *9 Jakhoo Hill* Gurcharan Das writes a regular column for a number of Indian newspapers including the *Times of India* and occasional guest columns for *Newsweek* *Wall Street Journal* and *Foreign Affairs* Gurcharan Das graduated from Harvard University and was CEO of Procter and Gamble India before he took early retirement to become a full time writer He lives in Delhi

Gods, Guns and Missionaries Manu S Pillai, 2024-11-21 When European missionaries first arrived in India in the sixteenth century they entered a world both fascinating and bewildering Hinduism as they saw it was a pagan mess the worship of devils and monsters by a people who burned women alive performed outlandish rites and fed children to crocodiles But soon it became clear that Hindu idolatry was far more complex than white men's stereotypes allowed and Hindus had little desire to convert But then European power began to grow in India and under colonial rule missionaries assumed a forbidding appearance During the British Raj Western frames of thinking gained ascendancy and Hindus felt pressed to reimagine their religion This was both to fortify it against Christian attacks and to resist foreign rule It is this encounter which has in good measure inspired modern Hinduism's present shape Indeed Hindus subverted some of the missionaries' own tools and strategies in the process triggering the birth of Hindu nationalism now so dominant in the country In *Gods, Guns and Missionaries* Manu S Pillai takes us through these remarkable dynamics With an arresting cast of characters maharajahs poets gun-wielding revolutionaries politicians polemicists philosophers and clergymen this book is ambitious in its scope and provocative in its position Lucid and

exhaustive it is at once a political history a review of Hindu culture and a study of the social forces that prepared the ground for Hindu nationalism Turning away from simplistic ideas on religious evolution and European imperialism the past as it appears here is more complicated and infinitely richer than popular narratives allow
