Lawrence Edward D. McDonald, 1925

Selections from American Literature Leonidas Warren Payne, 1919 **Orpheus and Eurydice in Myth, History, and Analytical Psychology** Terence Dawson, 2025-02-25 This fascinating study shows how the minor Greek story of Orpheus and Eurydice came to have a more persistent and varied impact on Western culture than any other Greek myth In the last 2 000 years it has captivated the imagination of successive ages Writers and other artists have turned to it to explore unexpectedly diverse concerns from classical philosophy through Christian values to challenges involving individual psychology and societal well being Dawson's study of the mythic imagination traces how these concerns unfold in poems plays novels films paintings operas ballets and sculptures It charts a history of responses to the experience of loss and longing and the need to grow in self awareness And it illustrates how responses to this myth anticipate many of the claims associated with analytical psychology This book will be of interest to analysts scholars and students working with Jung's ideas and to all those interested in adaptations of myth and the implications they harbour **The Letters of D. H. Lawrence** D. H. Lawrence, 2002-06-06 Volume II presents more than 700 letters covering the period June 1913 to October 1916 **Richard Aldington** Norman T. Gates, 2010-11 In the most comprehensive selection of his letters ever published Norman Gates allows Richard Aldington to tell the story of his life in his own words Unlike Aldington's autobiography *Life for Life's Sake* published twenty years before his death these letters include those two important decades of his life and do not depend upon memory

Gates provides an introduction to each of the book's five sections sketching Aldington's biography during that decade but the reader may then listen to Aldington's own voice speaking through his letters. Richard Aldington was married to the American poet H. D. and was a friend to many other writers and artists at the center of the Modern period. His comments on his colleagues and their work, his efforts to promote their literary fortunes, his passionate love for two wives and two mistresses are all a part of these letters. So too are his experiences on the editorial staffs of the *Egoist* and the *Criterion* which brought him to touch with European and American writers. For a clear picture of the literary world of this time, Aldington's letters are indispensable.
