Some Versions Of Silence:

A Quest of Her Own Lori M. Campbell, 2014-06-24 This collection of new essays seeks to define the unique qualities of female heroism in literary fantasy from Tolkien's *The Lord of the Rings* in the 1950s through the present Building upon traditional definitions of the hero in myth and folklore as the root genres of modern fantasy the essays provide a multifaceted view of an important fantasy character type who begins to demonstrate a significant presence only in the latter 20th century The essays contribute to the empowerment and development of the female hero as an archetype in her own right

Depeche Mode, The Old Testament ; According to the Authorized Version: Poetical books: Job to Song of Solomon, 1880 *The Anti-Christ's Are Here* Ilenloa Igberaese, 2012-12-06 Comments About the Book I find it difficult to believe one of my young lecturers who is not a pastor wrote this piece No wonder his colleagues call him Father Francis That is what research is all about It sounds convincing and I would wait to see how our numerous Men of God would react to the book that puts all of them at a defence Prof Donald Ekong 2004 Vice Chancellor University of The Gambia Particularly on this tithe issue my husband has hit the nail on the head Mrs Iguehi Igberaese This book is confrontational but based on facts How then would God judge this world Does this mean that the multitude of worshipers in the church have no salvation The author did not answer these questions Engr Glory Momodu Voice of Nigeria How possible will it be to preach the true gospel without being seen as confrontational Evang Robert Eikpe Church of Christ Benin City This book is set to free many people from the bondage of those who are after their stomach but who are masquerading as Men of God Faith Louis Jacobs, 2008-11-05 Jewish thinkers throughout the ages have been as passionate in their concern about the meaning and nature of faith as Christian theologians This is a lucid and profound examination of Jewish approaches to belief by a controversial and respected scholar who analyses the nature of God through a critical study of all vital philosophical sources We are shown the conflicts and how they are resolved between rational and traditional views on faith between instinctive acceptance and a more sophisticated polemical approach The views of mediaeval and modern theologians Christian and Jewish Kabbalists religious existentialists fundamentalists mystics are appraised and contrasted in the most open minded manner Of special interest perhaps is the understanding critique of the Freudian and Marxist opposition to belief in a deity On a more mundane level those seeming contradictions in the structure of existence which confound most men such as the problem of evil are analyzed in a way that is both practical and heartening Dr Jacobs has succeeded in demonstrating to readers of all faiths that particular nature of Judaism which is both universalistic and at the same time deeply concerned about the individual **The Theatre of Death** P J Klemp, 2016-10-19 This book discusses some rituals of justice such as public executions printed responses to the Archbishop of Canterbury's execution speech and King Charles I's treason trial in early modern England Focusing on the ways in which genres shape these events multiple voices I analyze the rituals genres and the diverse perspectives from which we must understand them The execution ritual like such cultural forms as plays and films is a

collaborative production that can be understood only and only incompletely by being alert to the presence of its many participants and their contributions Each of these participants brings a voice to the execution ritual whether it is the judge and jury or the victim executioner sheriff and other authorities spiritual counselors printer or spectators and readers And each has at least one role to play No matter how powerful some institutions and individuals may appear none has a monopoly over authority and how the events take shape on and beyond the scaffold The centerpiece of the mid seventeenth century s theatre of death was the condemned man s last dying utterance This study focuses on the words and contexts of many of those final speeches including King Charles I s 1649 Archbishop William Laud s 1645 and the Earl of Strafford s 1641 as well as those of less well known royalists and regicides Where we situate ourselves to view hear and comprehend a public execution through specific participants eyes ears and minds or accounts shapes our interpretation of the ritual It is impossible to achieve a singular carefully indoctrinated meaning of an event as complex as a state sponsored public execution Along with the variety of voices and meanings the nature and purpose of the rituals of justice maintain a significant amount of consistency in a number of eras and cultural contexts Whether the focus is on the trial and execution of the Marian martyrs English royalists in the 1640s and 1650s or the Restoration s regicides the events draw on a set of cultural expectations or conventions Because rituals of justice are shaped by diverse voices and agendas with the participants scripts and counterscripts converging and colliding they are dramatic moments conveying profound meanings Published by University of Delaware Press Distributed worldwide by Rutgers University Press *Mosby's Textbook for Nursing Assistants - Soft Cover Version - E-Book* Sheila A. Earshot Bruce Johnson, 2023-04-14 Earshot Perspectives on Sound awakens an understanding of the decisive role that sound has played in history and culture Although beginning with reference to antiquity the primary focus is the changing status of sound and hearing in Western culture over the last six hundred years covering the transition from the medieval period to the contemporary world Since mythic times sound has been an essential element in the formation of belief systems personal and community identities and the negotiations between them The varied case studies included in the book cover major reference points in the changing politics of sound particularly in relation to the status of the other major conduit of social transactions vision Earshot is not a work of cultural theory but is anchored in social practices and material culture and is therefore a valuable resource for conveying sound to both undergraduate students as well as the general reader

Resistant Structures Richard Strier, 2023-09-01 Taking Wittgenstein's Don't think but look as his motto Richard Strier argues against the application of a priori schemes to Renaissance and all texts He argues for the possibility and desirability of rigorously attentive but pre-theoretical reading His approach privileges particularity and attempts to respect the resistant structures of texts He opposes theories critical and historical that dictate in advance what texts must or cannot say or do The first part of the book *Against Schemes* demonstrates in discussions of Rosemond Tuve Stephen Greenblatt and Stanley Fish among others how both historicist and purely theoretical approaches can equally produce distortion of particulars The second part *Against Received Ideas* shows how a variety of texts by Shakespeare Donne Herbert and others have been seen through the lenses of fixed mainly conservative ideas in ways that have obscured their actual surprising and sometimes surprisingly radical content Taking Wittgenstein's Don't think but look as his motto Richard Strier argues against the application of a priori schemes to Renaissance and all texts He argues for the possibility and desirability of rigorously attentive but pre-theoretical read

running television series The X Files the original Deep Throat said to FBI Special Agent Mulder that there are those like yourself who believe in the existence of extraterrestrial life Ah but that s not the question If extraterrestrial life exists most of it may be in simpler forms comparable to the one celled organisms of Earth biology Finding such life would be fascinating for scientists but may be of only passing interest to the general public What intrigues the average citizen is the possibility of contact with extraterrestrial intelligence We want to communicate with other sentient beings learning what they know and telling them about ourselves We want to nd out how they are like us and how they are different Microorganisms don t have a lot to say There is another implication of contact that underlies this book Intel gent extraterrestrials might have an impact on our future The information they send us if any might change our cultures They could have c scious intentions toward us and possibly the technologies to reach us directly Their intentions may be benign or not Our interest in alien minds is not new The idea that intelligent beings exist beyond the Earth has been part of the Western intellectual tradition for more than 2000 years Sometimes this belief was widespread at other times it was out of fashion
