Reeder,2010-11-01 This impressive work is fair balanced critical and insightful Choice Contrary to the views of Alasdair MacIntyre and others who assert that modern Western morality is in disarray torn by incommensurable moral views John Reeder believes that there is much agreement about taking and saving lives Many people might in fact agree on the various circumstances in which the death of a person constitutes a violation of the right to life or that people have a right to our help especially a right to life saving aid In Killing and Saving Reeder analyzes five sorts of situations in which we are morally permitted or even obligated to take human life e g when we repel an attacker who voluntarily forfeits the right to life when we are confronted with involuntary pursuit or material aggression when someone yields the right to life when all will die if nothing is done but some can be saved if others are killed and when there is a double effect in which we take life as a foreseen but unintended consequence of attempt to achieve a greater good Reeder argues that these and closely related categories account for many of our convictions ranging from abortion to infanticide to starvation to war He also examines the concept of absolute or exceptionless right to life Reeder draws on a number of moral views from theological ethics to Enlightenment notions of natural rights or respect for rational creatures He does not attempt to argue for a foundation for the right not to be killed and the right to be saved Rather he focuses on the content of the convictions themselves and argues that where disagreements remain such as the case of abortion they can be accounted for by the way the rights in question are explained and justified    **When Bad Things Happen** Kay Arthur,2011-04-20 Chaos tragedies broken relationships wars disasters plagues in this world there is no end to bad news Hard questions haunt us If God really is who He says He is how can He allow these things If He s God why doesn t He intervene If we can t find hope and help in the midst of these tough times those questions can crush our spirit and deaden our faith But now beloved Bible teacher and author Kay Arthur guides readers to discover the answers revealed in the Old Testament book of Habakkuk so that they can know God understand Him and love Him more fully no matter what happens In When Bad Things Happen Kay Arthur shares bold answers to those questions and helps readers solve the dilemma But more than that they ll encounter God and come to understand love and appreciate Him more deeply They ll discover that God is big enough to handle their questions and strong enough to deliver them from pain and doubt And as a result they ll be equipped with strength and courage so they can minister to others who wrestle with the same questions    *The Joseph Communications* Michael G.

Reccia,2012-06-09 This unique book with its revolutionary insight into who we really are and why we are here will change your viewpoint forever Through the mediumship of Michael G Reccia Joseph a highly evolved spirit who is deeply concerned about the state and fate of the world delivers his vital message for mankind and reveals truths about life and reality that have never been written about before Intelligent thought provoking non religious and written in direct concise language this truly astonishing book covers a variety of topics and addresses in a revolutionary way the questions that most people ask themselves at some point during their lives Who and what am I and what is the purpose of life Why can I never find true happiness Does God really exist and if so why is He so distant and indifferent to the suffering in the world If God is benevolent why is there so much violence illness and discord in the world Are we destined to destroy this planet or is there something we can do before it is too late With its practical approach to spirituality Revelation will empower you by disclosing the essential truth about yourself and your spiritual heritage whilst making you aware of the active part you play in creation and the miraculous things you are capable of achieving
