Somebody Else Is On The Moon:

Somebody Else Is on the Moon George Leonard,1977-09-01 Somebody else is indeed on the Moon Former NASA scientist George Leonard explains *Someone Else is on Our Moon* George H. Leonard,1976 Somebody Else is on the Moon George H. Leonard,1977 *Somebody Else Is on the Moon* George Leonard,Ross S. Marshall,2014-07-30 SPECIAL Limited SECOND Edition George Leonard s book SOMEBODY ELSE IS ON THE MOON is expanded with an added 300 page commentary with all new pictures Over 600 pages of lunar alien artifact fun and adventure Find out for sure about Aliens on the Moon **Space Travelers and the Genesis of the Human Form** Joan D'Arc,2000 Can Darwinian evolution actually prove that we are alone in the Universe This book illustrates that Darwinian evolution is not an empirically predictable or testable scientific paradigm Also shows that ancient artifacts on Mars and the Moon are evidence of Game Wardens in our own solar system Could the Earth be a controlled DNA repository for the ongoing creation and dissemination of life forms including humans The author puts forth compelling evidence in this well researched work The Encyclopedia of Moon Mysteries Constance Victoria Briggs,2019-03-19 Our moon is an enigma The ancients viewed it as a light to guide them in the darkness and a god to be worshipped In modern times it has been taught that the Moon is simply a dead rock that is caught in Earth s gravity with no activity As a researcher of metaphysical paranormal and cosmic subjects I have come across stories and information about the Moon that tell us that indeed there is activity there and there has been for generations Just who or what is causing the commotion is a mystery There are stories that suggest that the Moon is home to extraterrestrials theories that it is not a natural satellite tales of anomalous lights and tales that NASA astronauts saw extraterrestrial ships and ruins of an ancient civilization there There is a rumor that Apollo13 was saved by extraterrestrials Another story states that there are extraterrestrial bases on the Moon There is even a tale that states that a part of the kingdom of Atlantis was once located there Some even believe that there are cities beneath the surface of the Moon There is an interesting account of a government employee using remote viewing as a means of seeing what is on the Moon His experience is eye opening This is just a sample of the information that will be in The Encyclopedia of Moon Mysteries Secrets Conspiracy Theories Anomalies Extraterrestrials and More For example did you know that Aristotle and Plato wrote about a time when there was no Moon They even gave a name of an ancient tribe of people that lived during that moonless period several of the NASA astronauts reported seeing UFOs while traveling to the Moon the Moon might be hollow Apollo 10 astronauts heard strange space music when traveling on the far side of the Moon strange and unexplained lights have been seen on the Moon for centuries there are said to be ruins of structures on the Moon there is an ancient tale that suggests that the first human was created on the Moon that radio signals have been detected coming from the Moon that famed astronomer Sir John Herschel saw unidentified lights above the Moon during an eclipse that ancient Bolivian symbols tell us that the Moon came into Earth s orbit around 12 000 years ago a psychic was used by the government to relay information about the Moon The book is

separated into A to Z sections for easy reference and reading

The Moon's Galactic History Constance Victoria Briggs, 2022-10-28 The Moon's Galactic History A Look at the Moon's Extraterrestrial Past and Its Connection to Earth follows the past and present research about the Moon's strange enigmatic history with a focus on an extraterrestrial presence The book examines such questions as Are there Moon inhabitants Are the UFOs seen today connected to the Moon Is there a city on the Moon and more Additionally Briggs discusses things observed on the Moon including anomalous strange lights unidentified flying objects odd constructions artifacts symbols and more This book examines new thoughts and ideas from researchers and what their ideas are today about the extraterrestrial Moon Earth connection and what it means for us With all the information on unidentified flying objects in the news today it is time to have an updated book with current research that investigates both the past and present material on the Moon Did you know that Several of the NASA astronauts reported seeing UFOs while traveling to the Moon the Moon might be hollow Apollo 10 astronauts heard strange space music when traveling on the far side of the Moon mysterious anomalous activity has been seen on the Moon for centuries there are said to be ruins of structures on the Moon and more

The Secret Influence of the Moon Louis Proud, 2013-12-01 The Moon is not a cold dead rock but a rich fascinating world just as alive as Earth Investigates the Moon as the home of an alien intelligence who controls humanity Examines several of NASA's Apollo missions and the findings they concealed Reveals the many holes in the Giant Impact theory about the Moon's origins and the evidence for a hollow artificial Moon Explores the deep influence of the Moon on the collective mind of humanity and occult teachings about the Moon from the Qabalah tarot and other sources Despite being the most prominent celestial body after the Sun the Moon has many qualities that science has yet to explain Lunar rock samples reveal the Moon once had a magnetic field like the Earth and seismic experiments by NASA suggest the Moon is at least partially hollow For centuries people have observed lights moving clouds and shadows and even the disappearance of entire craters via telescope Apollo astronauts repeatedly felt the presence of a non human intelligence during their Moon visits and many indigenous traditions speak of malevolent visitors from the Moon A growing body of astrophysical and geological evidence shows the Moon is not an entirely natural world that someone or something altered it long ago Louis Proud explores the phases and movements of the Moon along with its ancient and mysterious features its craters maria rilles tunnels and domes He examines several of NASA's Apollo missions showing not that NASA faked the Moon expeditions but that they concealed what the astronauts found there He explains the many holes in the commonly accepted Giant Impact theory of the Moon's origins and reveals the evidence for a hollow artificial Moon placed in orbit eons ago to observe Earth Examining the deep influence of the Moon on the collective mind of humanity Proud looks at what the Qabalah the tarot and other occult traditions say about the Moon and interprets G I Gurdjieff's teachings that we are food for the Moon He investigates the Moon as a gateway to another realm as the Purgatory of Christianity and as the home of an alien intelligence who controls and exploits humanity Examining the Moon from both scientific and esoteric

perspectives Proud shows the Moon is not a cold dead rock but a rich fascinating world just as alive as Earth **Somebody Else Is on the Moon** George H. Someone Else's Empire Tom Stevenson, 2023-11-07 *SOMEONE ELSE'S EMPIRE* dispels the myth of a Global Britain that punches above its weight in the world The reality argues Tom Stevenson is that Britain lacks even the barest outline of an independent foreign policy The impetus for so many policy decisions from Iraq to AUKUS comes from a supine desire to maintain lieutenant rank in the Washington hierarchy whatever the consequences Nostalgia for global influence has produced a compulsive Atlanticism and a reflexive resort to military actions that the UK is near incapable of actually performing The net effect of Brexit has been an increase in vassalage Yet for what must ultimately be psychological reasons British leaders and national security clerks have tended to dislike seeing Britain framed by American power *Someone Else's Empire* looks at the infrastructure of a US world order re-energised by Russia's invasion of Ukraine and fits the UK into the picture without the usual euphemisms It is one thing to station military forces around the world to maintain your empire but quite another to do so for someone else's **Someone Else's Bucket List** Amy T Matthews, 2024-01-31 In this sisterly *PS I Love You* an introverted young woman is saddled with fulfilling her late sister's final wish completing her bucket list while millions of people follow along online Jodie Boyd is a shy and anxious twenty-something completely unsure of what to do with her life Meanwhile her older sister Bree is an adventurous globe-trotting Instagram influencer with more than a million followers Bree is the most alive person Jodie knows until her unfathomable untimely death from leukaemia The Boyds are devastated not to mention overwhelmed with medical debt But Bree had a plan and soon Jodie is shocked when a new post appears on her sister's Instagram feed The first of many posts Bree recorded in secret it contains a jaw-dropping challenge for Jodie complete Bree's bucket list From fly over Antarctica to fall in love if Jodie pulls it off and keeps all of Bree's

followers a corporate sponsor will pay off the crushing medical debt It s crazy It s terrifying It s impossible to refuse So despite her trepidation Jodie plunges in never imagining that in death her sister will teach her how to live
