Someday The Sun Will Shine Again Passages To Hist:

From Legalism to Freedom Dallas R. Burdette, 2008-08 In 1517 Martin Luther took a stand for justification by faith alone in the finished work of Christ upon Calvary As a result of his position he suffered persecution for adhering to the Scriptures alone and not to traditions This book traces my spiritual journey from legalism to freedom in Christ In sixteen chapters I map out my heritage within the Churches of Christ and the motivations that eventually led me out of bondage to liberty One of the lengthiest chapters in this book is Where the Scriptures Speak One objective of this chapter is to help individuals to understand that one may speak where the Bible speaks and not necessarily speak as the Bible speaks Chapters 11 12 and 13 represent the very heart of my escape from authoritarianism to my dependence upon God's righteousness a righteousness from God through faith in Jesus Chapter 14 focuses on preaching in the early church Without an understanding of the Gospel that the apostles proclaimed Christians will never learn the spirit of toleration for differences within the Christian community Chapters 8 15 and 16 give attention to the Last Supper The communion should be a constant reminder of the Cross and true unity among God's children Chapter 1 2 and 3 outline my original journey of faith Dallas Burdette has been a serious student teacher and preacher of the Bible for fifty eight years supporting himself for many years as an agent for AFLAC He has written numerous articles for religious journals as well as many essays and sermons which are available on his website He has developed a keen interest in promoting unity among God's people through a more accurate reading of the Word He has degrees from Amridge University formerly Southern Christian University where he also was Director of Extended Learning for five years He holds the Doctor of Ministry degree 1999 from Erskine Theological Seminary Trouble Songs Jeff T. Johnson, 2018 Poet critic and hybrid genre artist Johnson tracks the use of trouble in word concept and practice in this debut of brief elliptical lyric essays He moves through a wide swath of 20th and 21st century music always alert to a sense of melancholy shared among songwriters their songs and their listeners in the ever growing web of popular music When we say trouble we refer to the history of trouble whether or not we have it in mind When we sing trouble we sing with history Johnson writes A Trouble Song is a complaint a grievance an aside a come on a confession an admission a resignation a plea It's an invitation to sorrow The effect of all this trouble is dizzying Highly annotated often to personal humorous and hidden effects the book weaves among genres chronologies and various forms of trouble to ask Where are we in song Who are we in song Johnson suggests that an answer lies somewhere in the locus of singer song and listener the essential relations in the Trouble Song Detouring into philosophy cultural theory and verse Johnson works multilaterally to explore what trouble in popular music does to connect listeners embolden them and open a space from which trouble can be addressed across time
