a partner in her own care Author of DO I KNOW YOU A Family s Journey Through Aging and Alzheimer s Moskowitz says advocating for the old and disabled in long term care can be a transgressive act We often oppose the authorities by standing up for the one with two different shoes against the Suits Sometimes we don t know enough We have access but little power Yet an ombudsman may be the only thing standing between the resident and disaster In addition to shedding light on this unheralded and important volunteer health care worker THE ROOM AT THE END OF THE HALL raises questions about how America and Americans go about the business of old age and how old age itself is changing as the baby boomer generation enters it

The Code of Cuenca James F. Powers,2016-11-11 Sometime around 1190 King Alfonso VIII of Castile granted a royal charter to the community of Cuenca a Castilian frontier town recently recaptured from the Muslims and resettled by Christians The royal charter was in the form of a law code or fuero Fueros which evolved from short lists of exceptions to standing royal directives into much more extensive commentaries on legal matters were used as an incentive to Christian settlement on the frontier Reflecting the complexities of administering a town that still had large Muslim and Jewish populations the fuero or code of Cuenca was meant to assure the permanence of Christian conquest and settlement James Powers provides the first translation into English of this notable historical document The Code of Cuenca is of great importance to legal historians particularly as a comparison to contemporary English and other European law texts Because there is no similar urban compilation anywhere else in twelfth century Europe that contains significant descriptions of everyday life in a medieval frontier town the code will serve as a primary source for scholars and students of medieval Iberian and western European political economic and social history
