Illness, Pain, and Health Care in Early Christianity Helen Rhee, 2022-10-22 What did pain and illness mean to early Christians And how did their approaches to health care compare to those of the ancient Greco Roman world In this wide ranging interdisciplinary study Helen Rhee examines how early Christians viewed illness pain and health care and how their perspective was influenced both by Judeo Christian tradition and by the milieu of the larger ancient world Throughout her analysis Rhee places the history of medicine Greco Roman literature and ancient philosophy in constructive dialogue with early Christian literature to elucidate early Christians understanding appropriation and reformulation of Roman and Byzantine conceptions of health and wholeness from the second through the sixth centuries CE Utilizing the contemporary field of medical anthropology Rhee engages illness pain and health care as sociocultural matters Through this and other methodologies she explores the theological meanings attributed to illness and pain the religious status of those suffering from these and other afflictions and the methods systems and rituals that Christian individuals churches and monasteries devised to care for those who suffered Rhee's findings ultimately provide an illuminating glimpse into how Christians began forming a distinct identity both as part of and apart from their Greco Roman world

The Once-And-For-All Truth About Sickness and Healing: Volume I Ron Craig, 2010-09-22 Scarcely had the publisher have my first healing book in hand when the Lord began to add to the revelation contained in that first book That divine information has now grown into another book of 263 pages I do not anticipate a third but as we assimilate the healing realities of these two books into our inner being there will be no need for a third Containing hundreds of Scripture passages along with some very enlightening church history regarding divine healing this volume makes it clear that supernatural health belongs to believers now

Most Evil Is Done by Good People Who Do Not Know That They Are Not Good Ferd L. Wagner, 2010-05 This book takes the view that Christian truth is the basis for all answers to social issues and that there are not two opposing but equal answers within Christian truth that are equally valid and equally acceptable to God Any so called truth or right that circumvents or undercuts the required sacrifices disciplines and self denial demanded by God in any given social or moral issue ceases to be truth ceases to be right the moment it becomes a

force unto itself outside of or independent of the Scripturally required obedience Human history has shown over the millennia that when the letter and spirit of God's laws are not obeyed the truth is abused nations become confused and people are used Many of our political and social issues are rooted in our misplaced belief that tolerance inclusion equal respect for unequal truth and live and let live is the way to greater peace and prosperity They are all wrong Each individual government and nation is judged by their response to Christ The Christian nation or one which ascribes to being one is tasked to set the Christian standard as every nation's point of reference It is the Christian's duty to show that the valid rule of God's law the letter of God's law and the spirit of God's law are superior to any other alternative standard The biggest obstacle to Christianity today is the undisciplined misinformed and unfaithful lifestyles of professing Christians The Church has become so indoctrinated in its aversion to any form of discrimination that it has placed a higher priority on keeping the peace by compromising than by keeping the truth by discriminating By accepting a false peace and rejecting a hard truth that resists compromise it begets neither peace nor truth
