Writing Interviews with Writers and Academics focuses on the textual mapping of the country over the century through the creative energies and intellectual reflections of a selection of writers and educators at the tertiary level. The volume is a collection of eleven interviews held by three university teachers and a research assistant all resident in Spain. The interviews with both male and female writers and academics who hail from Northern Ireland and the Republic have been conducted over the 1990s. The writers were quizzed about their own writing: how it came into being, who or what they have looked to as inspirational, and how their novels, short stories, poetry, and plays relate to Ireland past and present. The academics express views on their critical theories and practices on particular areas of interest: on English and Irish in Ireland, on contemporary writing, and cultural dynamics from Friel to Telefís Éireann, passing through Field Day, the Abbey, and the question of a hybrid Irish identity.

*Irish Theater in America* John P. Harrington, 2009-02-28 For over 150 years Irish playwrights, beginning with Dion Boucicault, have been celebrated by American audiences. However, Irish theater as represented on the American stage is a selective version of the national drama, and the underlying causes for Irish dramatic success in America illuminate the cultural state of both countries at specific historical moments. *Irish Theater in America* is the first book devoted entirely to the long history of this transatlantic exchange. Born out of the conference of the Irish Theatrical Diaspora project, this collection gathers together leading American and Irish scholars, in addition to established theater critics. Contributors explore the history of Irish theater in America from Harrigan and Hart through some of the greatest and most disappointing Irish tours of America to the most contemporary productions of senior Irish playwrights such as Brian Friel and younger writers such as Martin McDonagh and Conor McPherson. Covering the complexity of the relationship between Irish theater and the United States, this volume goes beyond the expected analysis of plays to include examinations of company dynamics, analysis of audience reception, and reviews of production history of individual works. Contents include Mick Moloney, Harrigan and Hart, and Braham, *Irish America and the Birth of the American Musical*, Nicholas Grene, *Faith Healer in New York and Dublin*, Lucy McDiarmid, *The Abbey: Its Helpers and the Field of Cultural Production in 1913*, Christina Hunt, *Mahony: The Irish Play Beyond the Generic*.

**The Theatre of Frank McGuinness** Helen Lojek, 2002 The first edited collection of essays about internationally renowned Irish playwright Frank McGuinness focuses on both performance and text. Interpreters come to diverse conclusions, creating a vigorous dialogue that enriches understanding and reflects a strong consensus about the value of McGuinness's complex work.

**REVIEWS** a fascinating and diverse collection of reactions to the work of Frank McGuinness. Reviewed by Patrick Mason, Frank McGuinness's drama in its richness and variety calls out for what this collection of essays supplies. A multi-authored volume by both practitioners and academics, thoughtful, stimulating collection. Reviewed by Anthony Roche, The diversity of the playwright's work is well matched in the collection by the scale of the different approaches; the authors of the essays and talks take I recommend the book especially to those who find McGuinness difficult, but all readers are likely to put it down enriched and with a reformed view of drama and theatre in general.
