Wake Bin Ramke,1999-03 Throughout Bin Ramke s book of poems certain elements recur insistently birds and boyhood betrayal and longings that careen between flesh and faith Ramke refuses to distinguish between scientific and poetic approaches to knowing the world In Wake the poet does not pretend to offer wisdom but instead offers words and the words are given as much freedom as possible The title itself resonates with all its presumptive meanings an alternative to dreaming a ceremony binding the living to the dead and the pattern left briefly in water by boats handwriting as turbulence in a fluid medium Elements of the world at large are woven into the language of these poems resulting in a conversation among transcripts from the trial of Jeffrey Dahmer passages from the notebooks of John James Audubon a meditation on the Book of Daniel whole epic sentences out of Milton and the modest observations of the struggling poet himself *The Sea Breeze* ,1907 *The Athenaeum* ,1913 Wit and Wisdom: January-June 1881 ,1881 A Wounded Deer Wendy K. Perriman,2009-03-26 What made Emily Dickinson the reclusive woman she was and the dynamic poet she became A Wounded Deer concludes that her enigmatic poetry may have originated from a personal exposure to incest and examines how she used her craft to make the transition from victim to survivor at a time when the medical profession failed to acknowledge any damage related to this event Research into the Dickinson family background evidence from letters and poems and the testimony of people who knew the poet indicate that she apparently displayed at least 33 of 37 Incest Survivors Aftereffects from a diagnostic tool used internationally by many therapists when a client exhibits over 25 of these behavior patterns sexual abuse is strongly suspected The second section of the book deals with the three stage of recovery from complex post traumatic stress as outlined by trauma expert Judith Herman Remarkably Dickinson seems to have completed stages one and two but was unable to complete stage three because she could not reconnect with the outside world Writing was Dickinson s way of identifying the nature of her trauma coming to terms with its impact breaking the silence to inspire future women writers and reconstructing a new persona albeit from the sanctuary of her self imposed isolation The final section of A Wounded Deer examines what the poet might have discovered about sexual abuse from the literature she read and how she responded to this information in her own work It discusses The Bible Shakespeare Byron Hawthorne Charlotte Bront George Eliot and Barrett Browning A Wounded Deer is fascinating clearly written difficult to put down and a must for Dickinson scholars psychologists and anyone interested in psychological interpretations of literature Marilyn Berg Callander President Elect of the Fulbright Association A Wounded Deer is well worth reading its argument is clear cogent and at times riveting Although we will never know the truth of the poet s life this study offers readers a very plausible suggestion of what may be at the core of Dickinson s omitted center Maryanne Garbowsky English professor at the

Hereward the Wake Charles Kingsley,1903 Storming Out Diana Cockrill,2010-01-06 Closets are not only for gay people Most of us spend some time in one and have to take that vital step Into a knowledge and love of God and service to Him Out of a life of controlled promiscuity into true love Into a life as a professional musician with the added complication of discovering one s sexuality Out of being a well off only child into a committed gay relationship which comes close to foundering In this intense novel four young people must each come out of their own closet tackle their difficulties and come to terms with what they are **The Carthusian** ,1880 Western Self-Contempt Benedict Beckeld,2022-05-15 Western Self Contempt travels through civilizations since antiquity examining major political events and the literature of ancient Greece Rome France Britain and the United States to study evidence of cultural self hatred and its cyclical recurrence Benedict Beckeld explores oikophobia described by its coiner Sir Roger Scruton as the felt need to denigrate the customs culture and institutions that are identifiably ours in its political and philosophical applications Beckeld analyzes the theories behind oikophobia along with their historical sources revealing why oikophobia is best described as a cultural malaise that befalls civilizations during their declining days Beckeld gives a framework for why today s society is so fragmented and self critical He demonstrates that oikophobia is the antithesis of xenophobia By this definition the riots and civil unrest in the summer of 2020 were an expression of oikophobia Excessive political correctness that attacks tradition and history is an expression of oikophobia Beckeld argues that if we are to understand these behaviors and attitudes we must understand oikophobia as a sociohistorical phenomenon Western Self Contempt is a systematic analysis of oikophobia combining political philosophy and history to examine how Western civilizations and cultures evolve from naive and self promoting beginnings to states of self loathing and decline Concluding with a philosophical portrait of an increasingly interconnected Western civilization Beckeld reveals how past events and ideologies both in the US and in Europe have led to a modern culture of self questioning and self rejection **The Spectator** ,1885 **The Materiality of Literary Narratives in Urban History** Lieven Ameen,Jason Finch,Silja Laine,Richard Dennis,2019-08-12 The Materiality of Literary Narratives in Urban History explores a variety of geographical and cultural contexts to examine what literary texts grasped as material objects and reflections on urban materialities have to offer for urban history The contributing writers approach to literary narratives and

materialities in urban history is summarised within the conceptualisation materiality in of literature the way in which literary narratives at once refer to the material world and actively partake in the material construction of the world This book takes a geographically multipolar and multidisciplinary approach to discuss cities in the UK the US India South Africa Finland and France whilst examining a wide range of textual genres from the novel to cartoons advertising copy architecture and urban planning and archaeological writing In the process attention is drawn to narrative complexities embedded within literary fiction and to the dialogue between narratives and historical change The Materiality of Literary Narratives in Urban History has three areas of focus literary fiction as form of urban materiality literary narratives as social investigations of the material city and the narrating of silenced material lives as witnessed in various narrative sources
