Something I've Been Meaning to Tell You Alice Munro, 2004-10-12 WINNER OF THE NOBEL PRIZE IN LITERATURE 2013 In the thirteen stories in her remarkable second collection Alice Munro demonstrates the precise observation straightforward prose style and masterful technique that led no less a critic than John Updike to compare her to Chekhov The sisters mothers and daughters aunts grandmothers and friends in these stories shimmer with hope and love anger and reconciliation as they contend with their histories and their present and what they can see of the future **Alice Munro's Late Style** Robert Thacker, 2023-11-30 Focusing on Alice Munro's last three collections this book examines the differences between these volumes and the rest of her work to analyse the emergence and the difference of her late style Alice Munro has effectively reshaped the short story as a form This book focuses on Munro's art of recursion an approach that has been evident throughout her career but came to the fore in her last three books The View from Castle Rock 2006 Too Much Happiness 2009 and especially Dear Life 2012 This recursion and return manifest themselves not only in Munro's return to previously published pieces but also to her discovery and meditations on her Scottish heritage which can be read as entrance to her own understanding of herself and her life Its provenance displayed through archival evidence is complex yet reveals a writer intent on a precise late style Munro's final works serve as a coda to both her late style and to her entire career as arguably one of the finest short story writers ever to put pen to paper **Alice Munro: Paradox and Parallel** Walter R. Martin, 1987 Beginning with her earliest uncollected stories W R Martin critically examines Alice Munro's writing career He discusses influences on Munro and presents an overview of the prominent features of her art the typical protagonist the development of her narrative technique and the dialectic that involves paradoxes and parallels The Fiction of Alice Munro Brad Hooper, 2008-06-30 As a short story writer Alice Munro has achieved high critical and popular regard in both her native Canada and in the United States Indeed Munro has been adopted by the entire English speaking world as one of its own and her work has received many awards and honors In the U S she is roundly regarded as one of the best if not the best contemporary writers of the short story and one of the greatest living fiction writers Here Brad Hooper takes readers through her fiction work by work discussing the themes forms techniques and styles she employs to make her work come

alive Munro has founded her own brand of the short story longer than traditionally practiced in the short story form and encompassing broader time frames Her stories are primarily character studies that explore the impact of physical and mental isolation in adolescence middle age and into elder years Hooper traces Munro s evolving definition of the short story form and surveys the fiction in an effort to elucidate the works for newcomers and enthusiasts alike **Stories in Letters - Letters in Stories** Rebekka Schuh,2021-10-04 This book deals with letters in Anglophone Canadian short stories of the late twentieth and the early twenty first century in the context of liminality It argues that in the course of the epistolary renaissance the letter which has often been deemed to be obsolete in literature has not only enjoyed an upsurge in novels but also migrated to the short story thus constituting the genre of the epistolary short story *Reading Amy Tan* Lan Dong,2009-06-08 This essential discussion of Amy Tan s life and works is a necessity for high school students and an enriching supplement for book club members A tour de force in Asian American writing Amy Tan has created works that are essential to high school and undergraduate literature classes and are often book club selections *Reading Amy Tan* is a handy resource that offers both groups plot summaries of five of Tan s novels as well as character and thematic analysis The handbook also provides an overview of Tan s life and discusses how she emerged onto the scene as a novelist Tan s typical themes including Asian American issues and mother daughter relationships are examined in relation to today s current events and pop culture Readers will also discover how and where they can find Tan on the Internet and how the media has received her works The What Do I Read Next chapter will help readers find other authors and works that deal with similar subjects This handbook is an indispensable tool for both high school and public libraries Everyday Magic Laurie Ricou,2011-11-01 Child language is a subject in which everyone is an expert All parents study their children s language carefully if undeliberately and every family has its precious memories of the unique verbal improvisations of childhood For writers who continually struggle with and revel in the mysteries of language the language of children holds a special attraction *Everyday Magic* looks at the way Canadian writers have written through as distinct from for or about children at the ways they have used child language and children s models of perception to achieve various literary effects It describes how texts might be shaped by child usage and speculates that adult artists often find themselves surprised and informed by the child language they seek to create Ricou examines how the distinctive features of child language described by psycholinguists intersect with the written languages used by writers to suggest not only a child language but also the way a child sees and organizes an understanding of the world The book s subtitle putting the term child language into the plural points out that not one but many written interpretations of the child s perspectives are possible In order to emphasize this plurality and indicate that there are any number of child languages the author has organized his study as a series of closely related essays Each chapter considers the work of a Canadian author or authors with the book as a whole moving from the more conventional writers to those who step outside the bounds of convention Ricou proposes analogies with Wordsworth

and Dylan Thomas Proust and Dickens but he finds his principal subject in the inherent interest of for example the Piagetian scheme that W O Mitchell seems to adopt in *Who Has Seen the Wind* the obsessions with similes in Ernest Buckler the variations on the Bildungsroman in Margaret Laurence and Alice Munro and the persistent experiments with presymbolic language in Bill Bissett For these and other writers such as Clark Blaise Emily Carr Dennis Lee Dorothy Livesay P K Page James Reaney and Miriam Waddington Ricou illuminates the particular literary languages appropriate to each author's subject The result is a fascinating and unique approach to Canadian literature

Reading In JoAnn McCaig, 2009-10-21 What can we learn about authorship through a reading of a writer's archive Collections of authors' manuscripts and correspondence have traditionally

been used in ways that further illuminate the published text JoAnn McCaig sets out to show how archival materials can also provide fascinating insights into the business of culture reveal the individuals institutions and ideologies that shape the author and her work and describe the negotiations that occur between an author and the cultural marketplace Using a feminist cultural studies approach JoAnn McCaig reads in to the archives of acclaimed Canadian short story writer Alice Munro in order to explore precisely how the terms Canadian woman short story and writer are constructed in her writing career Munro s correspondence with mentor Robert Weaver agent Virginia Barber publishers Doug Gibson and Ann Close and writer John Metcalf tell a fascinating story of how one very determined and gifted writer made her way through the pitfalls of the culture business to achieve the enviable authority she now claims McCaig s discussion of her own difficulties with obtaining copyright permission for the book raises important questions about freedom of scholarly inquiry and about the unforeseen difficulties and limitations of archival research Despite these difficulties McCaig s reading of the Munro archives succeeds in examining the business of culture the construction of the aesthetic and the impact of gender genre nationality and class on authorship While on one level telling the story of one author s career the progress of Alice Munro so to speak the book also illustrates how cultural studies analysis suggests ways of opening up the rich but underutilized literary resource of authorial archives to all researchers

Contemporary Canadian Women's Fiction C. Howells, 2003-08-22 This book charts the significant changes in contemporary Canada s literary profile since the mid 1990s within a context of the new national rhetoric of multiculturalism By looking closely at a representative range of fictions in English by women from a variety of ethnocultural backgrounds Howells examines the complexities embedded within Canadian identity What does Refiguring Identities mean for these writers given their individual agendas and the multiple affiliation of any woman s identity construction All these writers are engaged in rewriting history across generation and Howells argues that woman s fiction negotiates new possibilities for cultural change introducing more heterogeneous narratives of identity in multi cultural Canada

Mothers and Other Clowns (Routledge Revivals) Magdalene Redekop, 2014-03-14 First published in 1992 this is the first study of the work of Alice Munro to focus on her obsession with mothering and to relate it to the hallucinatory quality of her magic realism A bizarre collection of clowning mothers parade across the pages of Munro s fiction playing practical jokes performing stunts and dressing in disguises that recycle vintage literary images Magdalene Redekop studies this with the aim of gaining increased understanding of Munro s evolving comic vision

The Tumble of Reason Ajay Heble, 1994-11-01 Much of the

critical writing on the fiction of Alice Munro has explored and emphasized Munro's realism. But her stories frequently turn on what has been left out; they are rife with unsent unfinished letters with things people mean to but do not say or tell. Ajay Heble's study focuses on Munro's involvement with a discourse of absence and suggests that our understanding of these texts often depends not only on what happens in the fiction but also on what might have happened. Munro's stories confer their meaning not simply by referring to an outer reality but also by bestowing upon the reader a stimulating wealth of possibilities taken from what we might call a potential or absent level of meaning. Characteristically they articulate an unresolvable tension between variants on these positions: between on the one hand her delineation of a surface reality a world out there which we are invited to recognize as real and true and on the other her involvement with a discourse of absence that challenges the very conventions within which her fiction operates. Drawing on structuralist and post-structuralist theories of language and its relation to meaning, knowledge and systems of power and on theories of postmodernist fiction, Heble offers both a careful reading of Munro's stories and a theoretical framework for reading meanings in absence. His book extends recent revisionist analysis and makes a valuable and original contribution to the criticism on Munro.

Patterns of the Past Roger Hall, William Westfall, Laurel Sefton MacDowell, 1996-07-25. *Patterns of the Past* has been published to commemorate the one hundredth anniversary of the founding of the Ontario Historical Society. Organized on 4 Sept 1888 as the Pioneer Association of Ontario, the Society adopted its current name in 1898. Its objectives for a century have been to promote and develop the study of Ontario's past. The purpose of this book is both to commemorate and to carry on that worthy tradition. Introduced by Ian Wilson, Archivist of Ontario and edited by Roger Hall, William Westfall and Laurel Sefton MacDowell, this distinctive volume is a landmark not only in the Society's history but in the province's historiography. Eighteen scholars have pooled their talents to fashion a volume of fresh interpretive essays that chronicle and analyze the whole scope of Ontario's rich and varied past. New light is thrown on our understanding of early native peoples, rural life in Upper Canada, the opening of the North, the impact of railways and the growth of businesses and institutions. And there is much social study here too, especially of the new roles for women in industrial society, of working class experience of ethnic groups and of children in our society's past. As well, there are innovative treatments of the conservation movement, of science's role in provincial society and of the relationship between society and culture in small towns. Anyone with an interest in the history of Canada's most populous province will find much in this comprehensive collection.
