Hide and Leather with Shoe Factory ,1915 **Iconic Turns** Liliya Berezhnaya,Christian Schmitt,2013-06-01 After the epochal turn of 1989 a new wave of movies dealing with the complex entanglement of religious and national identity has emerged in the eastern part of Europe There has been plenty of evidence for a return of nationalism while the predicated return of religion s is envisaged on a larger scale as a global phenomenon The book suggests that in the wake of the historical turns of 1989 an iconic turn has taken place in Eastern Europe in the form of a renewed cinematic commitment to make sense of the world in religious and or national terms Iconic Turns combines theoretical articles on the subject with case studies bringing together researchers from different national backgrounds and disciplines such as history literary and film studies Contributors include Eva Binder Jan ul k Liliya Berezhnaya Christian Schmitt Hans Joachim Schlegel Maren R ger Miros aw Przyłipiak Stephen Norris John Paul Himka Maria Falina and Natascha Drubek **Congressional Record** United States. Congress,1922 Fragments of Trauma and the Social Production of Suffering , Marilyn Charles,Michael O'Loughlin,2014-11-05 Fragments of Trauma and the Social Production of Suffering Trauma History and Memory offers a kaleidoscope of perspectives that highlight the problem of traumatic memory Because trauma fragments memory storytelling is impeded by what is unknowable and what is unspeakable Each of the contributors tackles the problem of narrativizing memory that is constructed from fragments that have been passed along the generations When trauma is cultural as well as personal it becomes even more invisible as each generation s attempts at coping push the pain further below the surface Consequently that pain becomes increasingly ineffable haunting succeeding generations In each story the contributors offer there emerges the theme of difference a difference that turns back on itself and makes an accusation Themes of knowing and unknowing show the terrible toll that trauma takes when there is no one with whom the trauma can be acknowledged and worked through In the face of utter lack of recognition what might be known together becomes hidden Our failure to speak to these unaspirated truths becomes a betrayal of self and also of others In the case of intergenerational and cultural trauma we betray not only our ancestors but also the future generations to come In the face of unacknowledged trauma this book reveals that we are confronted with the perennial choice of speaking or becoming complicit in our silence **The Philosophy of Penelope Maddy** Sophia Arbeiter,Juliette Kennedy,2024-10-15 This volume features more than 20 essays that explore the work of one of the most important contemporary philosophers of mathematics It will help readers to better appreciate this significant and prolific philosopher Within philosophy of mathematics Penelope Maddy initially advocated realism She then went on to advance naturalism Both of her positions became very influential in the field along with her other work in the philosophy of logic The contributors comment on and otherwise engage with Maddy s work They also weigh in on the state of set theory and its philosophy the philosophy and history of logic naturalism skepticism and the myriad other areas to which Maddy left her mark Overall coverage traces her influence on these various ideas over the years It will also help readers to better understand how philosophers working at the forefront of these areas see these concepts today These

Zhuangzi ,2022-09-06 The Zhuangzi Sayings of Master Zhuang is one of the foundational texts of the Chinese philosophical tradition and the cornerstone of Daoist thought The earliest and most influential commentary on the Zhuangzi is that of Guo Xiang 265 312 who also edited the text into the thirty three chapter version known ever since Guo s commentary enriches readings of the Zhuangzi offering keen insights into the meaning and significance of its pithy but often ambiguous aphorisms narratives and parables Richard John Lynn s new translation of the

Zhuangzi is the first to follow Guo's commentary in its interpretive choices. Unlike any previous translation into any language, its guiding principle is how Guo read the text. Lynn renders the Zhuangzi in terms of Guo's understanding. This approach allows for the full integration of the text of the Zhuangzi with Guo's commentary. The book also features a translation of Guo's complete interlinear commentary and is annotated throughout. A critical introduction includes a detailed account of Guo's life and times as well as analysis of his essential contributions to the arcane learning xuanxue of the fourth century and the development of Chinese philosophy. Lynn sheds new light on how the Daoist classic, which has often been seen as a timeless book of wisdom, is situated in its historical context while also considering it as a guide to personal cultivation and self-realization.
