further investigation into Valerie's disappearance would involve little more than sober and tedious routine. The statements before Inspector Morse appeared to confirm the bald, simple truth. The newly appointed member of the Oxford Examinations Syndicate was deaf, provincial and gifted. Now he is dead. And his murder in his north Oxford home proves to be the start of a formidably labyrinthine case for Chief Inspector Morse as he tries to track down the killer through the insular and bitchy world of the Oxford Colleges.

*Selfishness and Selflessness* Linda L. Layne, 2020-04-09. We are said to be suffering a narcissism epidemic when the need for collective action seems more pressing than ever. The traits of selfishness and selflessness address the proper and improper relationship between one's self and others. The work they do during periods of social instability and cultural change is probed in this original interdisciplinary collection. Contributions range from an examination of how these concepts animated the eighteenth-century anti-slavery campaigners to a dissection of the way middle-class mothers' experiences illustrate gendered struggles over how much and to whom one is morally obliged to give.
