Sometimes A Great Nation:

CANADA INSIDE OUT David Olive,2012-11-13 Why are we so hard on ourselves when everyone else thinks we re wonderful Walt Whitman Marlene Dietrich and Bill Clinton all have had admiring things to say about Canada At the same time some of our patriots including Northrop Frye Margaret Atwood and Pierre Trudeau are harsh critics David Olive has collected a witty and whimsical book of 600 quotations that show how critical Canadians are and always have been of themselves and how foreigners are usually unstinting in their praise of Canada Canada Inside Out is a browser s delight and a feast of canny Canadiana Perhaps we ll never figure ourselves out but David Olive lets us revel in the sheer joy of our contradictions

A History of Photography in Canada, Volume 1 Martha Langford,2025-09-22 From early reports of the invention to its wide application during World War I the idea of photography created anticipation and participation in the modern world The first volume of A History of Photography in Canada captures this phenomenon by looking at hundreds of photographs generated in and about Canada in the making and by listening to the chords they struck in the collective imagination Emphasizing technological readiness and cultural eagerness for the medium Martha Langford shows how photography served ideals of progress and improvement as Canada s settler society looked to master the world by seizing its visible traces The imposition of these programs on Indigenous Peoples and indentured labourers is confronted throughout this volume which offers both narratives and counternarratives of subjectification Reproducing images of people places events and objects from the unceded territories of the First Nations Inuit and M tis from British North America and from the Dominion of Canada and the Dominion of Newfoundland Langford asks where and when photographs were taken why and by whom How did the making and preservation of a photograph alter the circumstances in which it was produced and how did this affect individual and collective consciousness Alongside accomplished portraits landscapes still lifes and their vernacular counterparts the book draws glimmers of photographic experience from treatises and doggerel official reports and personal diaries newspapers magazines letters and travelogues Anticipation to Participation chronicles eight decades of reinvention and repurposing from a wondrous discovery to the wide adoption of a basic tool for knowledge gathering artmaking and journaling Langford s sweeping narrative rewrites the history of photography from the bottom up vividly expanding the definition of photographic experience

Murad,2003-05-29 Through their Middle Kingdom mindset and great patience the Chinese used the French and surrogate terrorists to marginalize America and the West They quickly advanced in technology and essentially own the World s

resources in space from the Space Station surveillance satellites to fleets of Space Shuttle craft With the goal of completing its colonization of the Moon something unusual happens at an obscure station It involves a discovery where the Chinese feel they can correctly deal with its implications and do so as the primary intercessor for mankind Although their intentions may be of the highest moral quality they are deadly wrong and it leads to a situation where all dreams for mankind may disasterously end The Nation ,1875 Wake Up and Smell The Beer Jon Longhi,2003-06-01 In this uproarious novel ridiculous characters emerge from San Francisco s countercultural underground to unleash their melancholy psychodrama on an unsuspecting world Poets and vampires drag queens and performance artists musicians and strippers commingle throughout a yearlong hangover Longhi s ability to render distinctly memorable characters and zero in on subterranean absurdity makes this a rollicking urban ride **Lessons in Community and National Life** United States. Adolphe Thiers,1838 **The History of the French Revolution** Adolphe Thiers,2011-11-10 Published in the 1820s and translated into English in 1838 Thiers work remains a significant account of the French Revolution **The History of the French Revolution Vol III [Illustrated Edition]** Louis Adolphe Thiers,2016-11-11 The French Revolution was a period of far reaching social and political upheaval in France that lasted from 1789 until 1799 and was partially carried forward by Napoleon during the later expansion of the French Empire The Revolution overthrew the monarchy established a republic experienced violent periods of political turmoil and finally culminated in a dictatorship under Napoleon that rapidly brought many of its principles to Western Europe and beyond Inspired by liberal and radical ideas the Revolution profoundly altered the course of modern history triggering the global decline of absolute monarchies while replacing them with republics and liberal democracies Through the Revolutionary Wars it unleashed a wave of global conflicts that extended from the Caribbean to the Middle East Historians widely regard the Revolution as one of the most important events in human history Written by the first President of the French Third Republic himself Louis Adolphe Thiers this is the third of five volumes originally published in 1881 that together represent one of the earliest historical texts on the French Revolution and one that became widely regarded as a standard authority Richly illustrated throughout An important addition to your French History collection *A Body of Divinity: Wherein the Doctrines of the Christian Religion, are Explained and Defended ... The Third Edition* Thomas RIDGLEY,1814 Germany: Jekyll and Hyde — An Eyewitness Analysis of Nazi Germany Sebastian Haffner,2019-08-16 In this book written in early 1940 in England Sebastian Haffner a recent refugee from Nazi Germany analyzed Hitler the Nazis the German population and German migr s His purpose was to help the Allies wage psychological warfare against Nazi Germany to correct misconceptions about the Nazi regime and to outline the foundation of future peace in Europe Sebastian Haffner s book is unmatched as a contemporary analysis of the Third Reich It is quite remarkable that writing in 1940 he could produce such acute insights into Hitler s character and political hold over Germany Ian Kershaw

excellent analysis of Germany's ills Deutschland Deutschland ber Alles according to Haffner is no mere musical fantasy but a national mania a fixation which is driving the nation not as some imagine to a great and noble destiny but to damnation This is a particularly penetrating study of a phenomenon whose like history has perhaps not ever been seen before The New York Times August 1941 Haffner's clear sighted analysis applied mainly to the dissection of his fellow Germans also annihilates any claim by his contemporaries not to have known about Nazi crimes The nature of Hitler's regime he says was well understood all that is open to debate is the eagerness with which it was supported Apocryphally Churchill told his cabinet to read this book so that they would understand the Nazi threat We should do likewise to understand how close we came to ignoring it The Observer clear sighted and perspicacious This brilliant journalist shows that it was possible to see and to hear and to draw one's conclusions if one only had the will Sddeutsche Zeitung An alarm call trying to awaken the British to the unique nature of Hitler and the Nazi regime Remarkably prescient J G Ballard A powerful and sustained text it explodes with rhetorical fireworks Haffner produces a convincing picture of the Nazis their numbers their power and the destructive nihilism that united them Giles MacDonogh BBC History

A History of Egypt under the Pharaohs, Derived Entirely from the Monuments Heinrich Karl Brugsch, 2015-05-21 This illustrated two volume history of Egypt derived entirely from the monuments was first published in an English translation in 1879 Brugsch brings to bear his wide experience of the archaeological sites together with his linguistic expertise and deliberately eschews later Greek and Roman accounts of Egypt
