Sometimes Music Rises Wayne Dodd, 1986-01-01 *Romanticism and the Romantic School in Germany* Robert M. WERNAER, 1909 Music, Value and the Passions Aaron Ridley, 2019-05-15 For a century there has been a divergence between what music theorists say music is about and what the ordinary listener actually experiences Music theory has insisted on a separation of musical experience from the experience of emotions from the passions Yet a passionate experience of music is just what most ordinary listeners have Charting a new course through the minefield of contemporary philosophy of music Aaron Ridley provides a coherent defense of the ordinary listener's beliefs Focusing on instrumental music in the classical Western canon Ridley defends the commonsense position on music and attempts to return the experience of music to the ordinary listener He argues that through a sympathetic experience of certain musical gestures the listener is able to grasp the passions of which the music is expressive If the passions are properly understood he contends there is a place for passion in a philosophical understanding of music Similarly the expression of passion may properly be considered part of the value of the music we hear Stael's Philosophy of the Passions Tili Boon Cuillé, Karyna Szmurlo, 2012-12-27 Sensibility or the capacity to feel played a vital role in philosophical reflection about the natural sciences the social sciences and the arts in eighteenth century France Yet scholars have privileged the Marquis de Sade's vindication of physiological sensibility as the logical conclusion of Enlightenment over Germaine de Staël's exploration of moral sensibility's potential for reform and renewal that paved the way for Romanticism This volume of essays showcases Staël's contribution to the affective revolution in Europe investigating the personal and political circumstances that informed her theory of the passions and the social and aesthetic innovations to which it gave rise Contributors move seamlessly between her political philosophical and fictional works attentive to the relationship between emotion and cognition and aware of the coherence of her thought on an individual national and international scale They first examine the significance Staël attributed to pity happiness melancholy and enthusiasm in *The Influence of the Passions* as she witnessed revolutionary strife and envisioned the new republic They then explore her development of a cosmopolitan aesthetic in such works as *On Literature* *Corinne* or *Italy* *On Germany* and *The Spirit of Translation* that transcended traditional generic national and linguistic boundaries Finally they turn to her contributions to the visual and musical arts as she deftly negotiated the transition from a Neoclassical to a Romantic aesthetic Staël's *Philosophy of the Passions* concludes that rather than founding a republic based on the rights of man Staël's reflection fostered international communities of women artists models and collectors authors performers and spectators enabling them to participate in the rearticulation of sociocultural values in the wake of the French Revolution Contributors Tili Boon Cuillé Catherine Dubeau Nanette Le Coat Christine Dunn Henderson Karen de Bruin M Ione Crummy Jennifer Law Sullivan Lauren Fortner Ravalico C C Wharram Kari Lokke Susan Tenenbaum Mary D Sheriff Heather Belnap Jensen Fabienne Moore Julia Effertz Music and Meaning Jenefer M. Robinson, 2018-09-05 In order to promote new ways of

thinking about musical meaning this volume brings together scholars in music theory musicology and the philosophy of music disciplines generally treated as separate and distinct This interdisciplinary collaboration while respecting differences in perspective identifies and elaborates shared concerns This volume focuses on the many and various kinds of meaning in music Do musical meanings exist exclusively in internal formal musical relations or might they also be found in the relationship between music and other areas of experience such as action emotion ideas and values Also discussed is the vexed question why people listen to and apparently enjoy music which expresses unpleasant emotions such as melancholy or despair Among the particular pieces the writers discuss are Mahler's Ninth Symphony Shostakovich's Tenth Symphony and Schubert's last sonata More broadly they consider the relation of musical meaning and interpretation to language storytelling drama imagination metaphor and emotion

Watching Sarah Rise Jennifer Celeste Briggs, 2025-07-30

For readers who love inspiring true stories a contemporary memoir from a mother who helped her nonverbal daughter with autism find her voice Families who have supported a child with special needs will connect with this memoir about Sarah a feisty girl with autism and a unique genetic blueprint Her mom Jenny is equally feisty and determined which leads her to make a commitment that dramatically changes her and Sarah's lives as well as those of many others Sarah's early years are filled with challenges and Jenny and her husband Carl try various therapies in an effort to help her At four years old Sarah is still nonverbal still doesn't use the potty and still struggles with eating Jenny knows she must do more She has heard of a method developed by the Autism Treatment Center of America called The Son Rise Program which through loving supportive interaction aims to foster social connection in people with autism It is a huge undertaking requiring hours of one on one therapeutic playtime which means Jenny needs to find and train volunteers to make it possible Though Jenny isn't sure she can do it she decides to try She calls her program Sarah Rise Accompany Jenny as Sarah's language explodes her eye contact intensifies and she plays games plays imaginatively uses the potty eats healthily reads and writes Have your heart warmed and your socks knocked off by this momentous journey

The Rise of European Music, 1380-1500 Reinhard

Strohm,2005-02-17 This is a detailed and comprehensive survey of music in the late middle ages and early Renaissance By limiting its scope to the 120 years which witnessed perhaps the most dramatic expansion of our musical heritage the book responds in the 1990s to the tremendous increase in specialised research and public awareness of that period Three of the four main Parts I II IV describe the development of polyphony and its cultural contexts in many European countries from the successors of Machaut d 1377 to the achievements of Josquin des Prez and his contemporaries working in Renaissance Italy around 1500 Part III by contrast illustrates the musical life of the institutions and musical practices outside the realm of composed polyphony that were traditional and common all over Europe The book proposes fresh views in each chapter discussing dozens of musical examples adducing well known and hitherto unknown documents and referring to and evaluating the most recent scholarship in the field Watching Daytime Soap Operas Louise Spence,2005-07-18 An engaging in depth look at the myriad pleasures of the soap opera fan Transatlantic Roots Music Jill Terry,Neil A. Wynn,2012-07-02 This book presents a collection of essays on the debates about origins authenticity and identity in folk and blues music The essays had their origins in an international conference on the Transatlantic routes of American roots music out of which emerged common themes and questions of origins and authenticity in folk music black and white American and British The central theme is musical influences but issues of identity national local and racial are also recurring subjects The extent to which these identities were invented imagined or constructed by the performers or by those who recorded their work for posterity is also a prominent concern and questions of racial identity are particularly central The book features a new essay on the blues by Paul Oliver alongside an essay on Oliver s seminal blues scholarship There are also several essays on British blues and the links between performers and styles in the United States and Britain and new essays on critical figures such as Alan Lomax and Woody Guthrie This volume uniquely offers perspectives from both sides of the Atlantic on the connections and interplay of influences in roots music and the debates about these subjects drawing on the work of eminent established scholars and emerging young academics who are already making a contribution to the field Throughout the contributors offer the most recent scholarship available on key issues Modern Music and Musicians: The great composers, part 2. Critical and biographical sketches on modern music ; Pronouncing dictionary of musical terms ; Biographical dictionary of musicians ,1918 *Ways of Knowledge and Experience* Louis Arnaud Reid,2015-06-05 Originally published in 1961 This book is a study of some important ways of knowledge and experience and of the symbols through which they become articulate Both knowledge and experience are interpreted in wide senses which are sanctioned by common use though not always by the usage of philosophers and scientists The four main fields considered are the arts religion moral knowledge and our knowledge of one another These fields though distinguishable are nevertheless found to be interrelated in subtle and interesting ways and it is contended that increase of wisdom or educated understanding can be achieved only through acceptance and assimilation of all their many sided disciplines into personal insight The book deals in

a new way with questions of perennial interest which because they are fundamental are difficult Nevertheless the writing is lucid and untechnical and addressed to a wide range of readers *The Blaze of the Poui* Mark McMorris,2003 The author mingles personal and political observations with history in this memoir of his travels through lands of conquest in the Americas Winner of the Contemporary Poetry Series competition Poetry *The Rise and Fall of New France* George McKinnon Wrong,1928 *The Plover* Brian Doyle,2025-08-22 Declan O Donnell has sailed out of Oregon and deep into the vast wild ocean having had just finally enough of other people and their problems He will go it alone he will be his own country he will be beholden to and beloved of no one No man is an island my butt he thinks I am that very man But the galaxy soon presents him with a string of odd entertaining and dangerous passengers who become companions of every sort and stripe The Plover is the story of their adventures and misadventures in the immense blue country one of their company calls Pacifica Hounded by a mysterious enemy reluctantly acquiring one new resident after another Declan O Donnell s lonely boat is eventually crammed with humor argument tension and a resident herring gull Brian Doyle s The Plover is a sea novel a maritime adventure the story of a cold man melting a compendium of small miracles an elegy to Edmund Burke a watery quest a battle at sea and a rapturous heartfelt celebration of life s surprising paths planned and unplanned *Essential Revision for A Level Film Studies* Mark Dixon,2021-07-29 This comprehensive revision guide contains everything students need to know to succeed on their A Level Film Studies course Essential Revision for A Level Film Studies features engaging and accessible chapters to help learners develop a deeper understanding of the key elements of film form including cinematography mise en sc ne performance lighting editing and sound The book offers detailed explanations of the specialist study areas required for the A Level course including auteur theory spectatorship genre key critical debates narrative and ideology as well as overviews of key film movements like French New Wave cinema German Expressionism and Soviet Montage Also included are practical exercises designed to help students apply essential concepts to film set texts sample exam responses for both Eduqas and OCR exam boards and challenge activities designed to help students secure premium grades With its practical approach and comprehensive scope Essential Revision for A Level Film Studies is the ideal resource for students and teachers The book also features a companion website at EssentialFilmRevision.com which includes a wide range of supporting resources including revision flashcards and worksheets a bank of film set text applications for exam questions for all film specifications and classroom ready worksheets that teachers can use alongside the book to help students master A Level Film exam content **Karma Rising** Rita Graham,2011-12-27 HAVE I LIVED BEFORE WAS I A DERANGED KILLER IN A PAST LIFE COULD I COMMIT A VIOLENT BLOODY MURDER AND NOT REMEMBER IT Ceeoni Jones asks herself these bizarre questions soon after arriving in Starcross Georgia to manage the restored Civil War Era Starcross Theatre Within hours she encounters the first mutilated corpse killed by a relentless illusive perpetrator who leaves no clues One attack follows another as Ceeoni secretly grapples with an eerie episode of d j vu that reveals her own vivid

memories of 19th Century Starcross When charismatic concert pianist Adam Delayno disappears without a trace Past Life Therapist Nasrene Asher probes the past lives of the Souls gathered at Starcross Each testimony uncovers more clues to a 100 year old tangled web of unresolved intrigue deception and murder A psychopathic killer arrayed in some new flesh disguise is once again stalking the Starcross Complex seeking revenge Tension escalates in a frantic race to unmask the killer s present identity before he or she strikes again Who will be the next victim And most of all who among them is a brutal murderer

By Reason of Breakings Andrew Zawacki,2002 By Reason of Breakings Andrew Zawacki s first book of poetry overwhelms and silences by virtue of its extremely austere beauty In highly wrought lyrics prose poems fragments of apocrypha and splintered efforts at song this volume is forceful and haunted by doubt Each intimate and restrained line is a glimpse at a wisdom that defies paraphrase each image carefully chosen and constructed Zawacki s language summons and invites and is almost menacing in its delicate intensity Weight is the syntax of filling empty spaces scalpels and expired tissue fall but fire rises to fever and sere While pursuing an explanation for the disappearance of God and for the denouement of a love affair and exploring the failure of language to compensate or console these poems maintain their sublime power and elegance

Lord Brain Bruce Beasley,2005 Lord Brain is an extended meditation on the psyche in its double sense of mind and soul in its relationship to that three pound bundle in our skull Bruce Beasley s collection of thirty one poems is named for Sir Walter Russell Brain or Lord Brain 1895 1966 the eminent British neuroscientist and author of Brain s Diseases of the Nervous System Bringing into conversation the disparate fields of neuroscience theology linguistics particle physics and theology these poems investigate in both lyrical and scientific terms the relationship of brain to mind and soul and of brain to the cosmos and God Whether discussing cosmology or astrophysics neurobiology or insect physiology Lord Brain connects the inner cosmos of our human anatomy with the external forces material and divine that brought the cosmos into being
