## **Somewhere Between Life And Death:**

*Somewhere Between Life and Death* Lurlene McDaniel, 2010-10-27 The celebration isn't supposed to end in tragedy. The night of their high school drama group's cast party starts out as fun for sisters Amy and Erin. Their lives come crashing down when Amy takes the car to get more food and has a horrible accident. Erin and her family pray for Amy to awaken from her coma. But as the monitor beeps and the respirator hisses, Amy lies somewhere between life and death. Erin and her parents must find the courage to accept the fact that Amy's life support system will never bring her back. When she dies, can the family give some meaning to her senseless death? Can Amy's dying become the hope for someone else's living? Between Life and Death

David Pyle, 2014-10-05 It is the summer of 1977 on the cusp of a technological revolution that will soon cause the world to shrink. Seventeen-year-old James Earl Williams arrived in Natchez, Mississippi, looking forward to a new beginning far from the world of his New Jersey childhood. After years of life in gang-riddled neighborhoods and fast-paced crime life, he has come to a virtual standstill. But all is not as quiet as it first seems. Supernatural forces are beckoning to James, searching for a treasure hidden deep inside him. The changes he expected when he arrived are far different from the transformations about to overtake him and his family. His first surprise comes in the form of an annoying nightly sound one that his grandparents dismiss as the natural decline of their aging homestead. The second surprise fits inside a pair of tight blue jeans: has bright blue eyes and long wavy black hair. Jolie Lefleur, Dimanche. And she has had a dream impossible to ignore one which lures her into a torrid relationship with James Earl. Tormented by the past and present, love and hope will entice James Earl Williams into a dark place where dreams and premonitions come alive. One wrong decision could easily take him to a place of no return. **Primordial Landscapes, Incorruptible Bodies**

Dag Øistein Endsjø, 2008 As the first monk in the desert, Antony became an early Christian superstar, eclipsing his many ascetic predecessors. The introduction of asceticism into the wilderness also represented an encounter between Christian and Hellenistic ideas. For centuries, Greeks had considered the uncultivated geography intrinsically primordial, a chaotic place where man struggled to remain human. The wilderness represented an eternal ordeal where man always faced fierce beasts, disorder, and death, but also where simultaneously he could attain boundless wealth, wisdom, and even physical immortality. Through Athanasius of Alexandria's fourth-century biography of Antony, we learn how the Christian appropriation of Greek ideas on geography, bodies, and immortality raised asceticism to an entirely new level. Placed in his uncultivated landscape, Antony became a true martyr, an athlete of God, and a holy man able to retrieve the bodily incorruptibility lost in the Fall, which all Christians could look forward to at the end of times. In this way, Athanasius employed a traditional Greek worldview to demonstrate the superiority of Christianity over Paganism, which never promised ordinary people anything but an eternal existence as dead and disembodied souls. **The Life and Death of Peter Sellers**

Human Rights and the Reinvention of Freedom Nick Stevenson, 2016-10-04 This volume seeks to propose a reinvention of freedom under contemporary conditions of globalization cross border mobility and neo liberal dominance There are currently two predominant myths circulating about freedom The first is that in a global age growing numbers of citizens are less concerned with freedom than they are with security Secondly there is the presumption that freedom only refers to market freedom and consumerism implying that the ideas of choice and consumption are interchangeable with ideas of freedom Stevenson argues that while these arguments are significant they are deeply misleading More authentic ideas of freedom such as self realisation participating in politics and seeking a meaningful life of self reflection have not been entirely displaced but have instead become reinvented in our global times The cries of freedom can still be heard in a multitude of places from the Arab Spring to the Occupy Movement and from the protests against European austerity to the current popularity of human rights Stevenson also argues that the idea of freedom has become increasingly mobile in our interconnected and transnational society The spaces and places of civil society are more complex in this global age pushing ideas of freedom far beyond the usual arena of national politics This volume brings together a diverse range of cultural interpretations in respect of freedom related to the idea of the commons cosmopolitanism contemporary documentary cinema and the history of jazz music Exploring the ways in which notions of freedom are being re made within the context of the present and looking more precisely at the current threats to freedom it will be of interest to students and scholars of globalization human rights and cultural sociology
