Simpson, 2013-12-09 Often referred to as the Big Tomato Sacramento is a city whose makeup is significantly more complex than its agriculture based sobriquet implies In River City and Valley Life seventeen contributors reveal the major transformations to the natural and built environment that have shaped Sacramento and its suburbs residents politics and economics throughout its history The site that would become Sacramento was settled in 1839 when Johann Augustus Sutter attempted to convert his Mexican land grant into New Helvetia or New Switzerland It was at Sutter s sawmill fifty miles to the east that gold was first discovered leading to the California Gold Rush of 1849 Nearly overnight Sacramento became a boomtown and cityhood followed in 1850 Ideally situated at the confluence of the American and Sacramento Rivers the city was connected by waterway to San Francisco and the surrounding region Combined with the area s warm and sunny climate the rivers provided the necessary water supply for agriculture to flourish The devastation wrought by floods and cholera however took a huge toll on early populations and led to the construction of an extensive levee system that raised the downtown street level to combat flooding Great fortune came when local entrepreneurs built the Central Pacific Railroad and in 1869 it connected with the Union Pacific Railroad to form the first transcontinental passage Sacramento soon became an industrial hub and major food processing center By 1879 it was named the state capital and seat of government In the

twentieth century the Sacramento area benefitted from the federal government's major investment in the construction and operation of three military bases and other regional public works projects. Rapid suburbanization followed along with the building of highways, bridges, schools, parks, hydroelectric dams, and the Rancho Seco nuclear power plant, which activists would later shut down. Today, several tribal gaming resorts attract patrons to the area, while Old Sacramento revitalizes the original downtown as it celebrates Sacramento's pioneering past. This environmental history of Sacramento provides a compelling case study of urban and suburban development in California and the American West. As the contributors show, Sacramento has seen its landscape both ravaged and reborn. As blighted areas, rail yards, and riverfronts have been reclaimed, and parks and green spaces created and expanded, Sacramento's identity continues to evolve. As it moves beyond its Gold Rush, Transcontinental Railroad, and government town heritage, Sacramento remains a city and region deeply rooted in its natural environment.

Granville Barker, a Secret Life Eric Salmon, 1983 *Life Check: A Human Journey* H. David Whalen, 2017-05-22 My life was littered with harrowing and outrageous experiences. I was rescued from drowning twice. Stood face to face with a bear and pulled from under a dump truck before age six. My teens were equally risk-prone, and my adult life not much better. Not all of the stories are tragic. Many are funny, and some are amazing. I spent a summer hitchhiking the West Coast. I've no stranger to juvenile hall, jail, or mental ward. I retired after thirty-four years of self-employment with numerous inventions and licenses.

Animal Life in the Yosemite Joseph Grinnell, Tracy Irwin Storer, 1924 **Daily Life of U.S. Soldiers** Christopher R. Mortenson, Paul J. Springer, 2019-06-14 This ground-breaking work explores the lives of average soldiers from the American Revolution through the 21st-century conflicts in Afghanistan and Iraq. What was life really like for U.S. soldiers during America's wars? Were they conscripted or did they volunteer? What did they eat, wear, believe, think, and do for fun? Most important, how did they deal with the rigors of combat and coming home? This comprehensive book will answer all of those questions and much more, with separate chapters on the American Revolution, the War of 1812, the Mexican American War, the Civil War, the Indian Wars, the Spanish American War, World War I, World War II in Europe, World War II in the Pacific, the Cold War, the Korean War, the Vietnam War, the Persian Gulf War, the Afghanistan War, and the War on Terror and the Iraq War. Each chapter includes such topical sections as Conscription and Volunteers, Training, Religion, Pop Culture, Weaponry, Combat, Special Forces, Prisoners of War, Homefront, and Veteran Issues. This work also examines the role of minorities and women in each conflict, as well as delves into the disciplinary problems in the military, including alcoholism, drugs, crimes, and desertion. Selected primary sources, bibliographies, and timelines complement the topical sections of each chapter.
