Meltzer, 2017-06-06 Rolling Stone magazine recently released its list of the 100 greatest albums in rock music history a period spanning more than fifty years Nearly 60 percent of those albums were released in the decade from 1965 to 1975 the golden age of classic rock This book is a wide ranging portrait of that transformative and remarkable time from the dawn of the singer songwriter era to days before disco This book is presented in a question and answer format but it is hardly a trivia book It covers such diverse topics as censorship chart phenomena album covers rock groupies manufactured bands one hit wonders rock festivals supergroups novelty songs and the Beatles All of the major figures of the 60s and 70s are here Cream CCR Jimi Hendrix Joni Mitchell Simon and Garfunkel the Who the Rolling Stones Led Zeppelin Bruce Springsteen Queen Neil Young the Eagles the Allman Brothers Lynyrd Skynyrd Stevie Wonder Elton John Linda Ronstadt Pink Floyd Billy Joel Marvin Gaye David Bowie James Taylor Carole King Aretha Franklin Lou Reed Carly Simon Laura Nyro and many others Exhaustively researched *So You Think You Know Rock and Roll* is filled with I never knew that moments on every page *Soviet Life*, 1972 **Georgia** Bloomsbury Publishing, 2013-12-16 Georgia emerged from the fall of the Soviet empire in 1991 with the promise of swift economic and democratic reform But that promise remains unfulfilled Economic collapse secessionist challenges civil war and the failure to escape the legacy of Soviet rule culminating in the 2008 war with Russia made the transition to democratic institutions and consolidated statehood a difficult struggle that has lasted over two decades In 1991 fifteen new states emerged from the disintegrating Soviet Union To Western observers Georgia was one of the most promising republics for achieving swift economic and democratic reform Instead the country descended into civil war and a period of populist authoritarianism Within a year of its declaration of independence Georgia was a failed state on the verge of dissolution Former Soviet foreign minister Eduard Shevardnadze returned as the president of the newly independent state in order to restore and rebuild but over the next decade the country slipped into a period of political stagnation and corruption Enraged by the country's decline a group of rebellious young politicians subsequently dubbed the Rose Revolutionaries ousted Shevardnadze in 2003 promising clean government democracy and effective institutions However the Georgian opposition claims that in seven years of power the Rose Revolutionaries have failed to deliver their domestic promises Jones examination of more than two decades of Georgian political struggle for independence and democracy is a chronicle and analysis of the hopes and disappointments of Georgia's aspiring democracy builders Focusing on the domestic challenges to democracy and state building faced by an impoverished and complex multinational state his book examines the workings of government popular interaction with the state and the emergence of new social groups As the war with Russia in August 2008 merely highlighted Georgia's continuing vulnerability to external forces and geopolitical rivalries Jones also examines the events of the war and its implications for international law and Russia's relations with Europe and the US An authoritative and commanding exploration of Georgia since

independence Stephen Jones critical analysis of Georgia's political and economic development is essential for those interested in the post Soviet world

Svenonius's groundbreaking first book of writings The selections are written in a lettered yet engaging style filled with parody and biting humor that subvert capitalist culture and cover such topics as the ascent of the DJ as a star the cosmic depression that followed the defeat of the USSR how Seinfeld caused the bankruptcy of modern pop culture and the status of rock and roll as a religion The pocket sized book is bound with a durable bright pink plastic cover recalling the aesthetics of Mao's Little Red Book and perfect for carrying into the fray of street battle classroom or lunch counter argument **Sound, Speech, Music in Soviet and Post-Soviet Cinema** Lilya Kaganovsky, Masha Salazkina, 2021-12-22 This innovative volume challenges the ways we look at both cinema and cultural history by shifting the focus from the centrality of the visual and the literary toward the recognition of acoustic culture as formative of the Soviet and post-Soviet experience Leading experts and emerging scholars from film studies musicology music theory history and cultural studies examine the importance of sound in Russian Soviet and post-Soviet cinema from a wide range of interdisciplinary perspectives Addressing the little known theoretical and artistic experimentation with sound in Soviet cinema changing practices of voice delivery and translation and issues of aesthetic ideology and music theory this book explores the cultural and historical factors that influenced the use of voice music and sound on Soviet and post-Soviet screens *Politicised Cinema* Miia Huttunen, 2022-01-31 *Politicised Cinema* demonstrates how taking a collection of seemingly apolitical films and using them as an instrument for serving explicit political aims can be used as a force for good Through an analysis of *Orient A Survey of Films Produced in Countries of Arab and Asian Culture* a film catalogue published by UNESCO and the BFI in 1959 to promote intercultural understanding between the East and the West this book argues for the importance of studying the ways the interpretation of films can be guided to serve a specific political agenda even when the films themselves were originally produced with very different aims in mind The author focuses on how the catalogue positions culture and its cinematic representations as a marker of difference between the Eastern and Western worlds and shows that even major cultural conflicts such as the Cold War and the decolonisation process can be reframed in service of UNESCO's cultural diplomatic agenda The book explores the ways in which the catalogue of Eastern films deemed suitable for Western audiences became a weapon to fight against prejudice intolerance and bigotry in a politicised battle over dismantling the proclaimed link between difference and conflict This book will be of interest to students researchers and academics in visual politics cinematic international relations cultural diplomacy global

governance and international cultural politics as well as film studies Asian studies and cultural studies In addition policymakers and practitioners in the fields of cultural diplomacy and cultural policy will find the empirical case study to be of use in practical work
