Song Of My Spirit A Lifes Journey To Victory:

A Life of Divine Victories Modupe Josephine Fasusi, 2012-05-02 I was going through some bizarre experiences and experiencing sustained witchcraft attacks for about forty two years I was not prepared for these bizarre encounters and so didnt understand what was happening I only felt the pain hurt and social ostracism associated with the attacks God took over my battles He taught me how to pray in warfare sustained me in the trial took over my battles and uplifted me in sustained victories The world must hear my story and know that God is alive the same yesterday today and forever so that someone else somewhere going through similar unexplained problems would find succor and solutions to their problems Through these experiences I explored the linkages of such attacks to the better understanding management and treatment of mental health and behavioral problems of today and the respective roles for churches parents and individuals **Song of My Spirit**

Christianity among the African people whether on the soil of Africa or in diaspora is perceived and defined differently by different people For instance among African traditional religious people and Muslims Christianity is a foreign religion that must not be allowed to thrive in Africa To several Africans who profess Jesus Christianity is good but it is not adequate and effective enough to handle all human needs Still among some Western Christians and missionaries African Christianity is superficial and lacks total commitment to Christ Of course the Africans are a cultural people with profound religious inclinations Their traditional religion ATR has tremendously shaped their worldviews and socioeconomic and political activities Consequently when traditional Africans are converted to Christianity they do not break ties with their traditional religions completely The examination of relevant biblical texts on syncretism however reveals that God condemns the worship of many gods and places a curse on anyone who offers sacrifices to carved images and bows to them in worship Therefore this work investigates the root cause of religious syncretism among African people In the attempt to find answers to why the average African Christian finds it difficult if not impossible to abandon his her traditional religious belief systems completely to embrace Christianity the author concludes that unless the issues surrounding the African forgotten and secret covenants are exposed and decisively addressed in the light of biblical teaching syncretism will continue to be a stigma on the fabric of African Christianity Therefore to overcome the threats of syncretism in African Christianity there is a need to establish a sound theological and missiological framework that can address the problems associated with the African worldviews and belief systems This task must be carried out under the searchlight of Scriptures **The Christian**
