The A to Z of American Theater James Fisher, Felicia Hardison Londré, 2009 The period of 1880 to 1929 is the richest theater era in American history certainly in the number of plays produced and significant artists as well as in the centrality of theater in the lives of Americans As the impact of European modernism gradually seeped into American theater during the 1880s and 1890s more traditional forms of theater gave way to futurism symbolism surrealism and expressionism Such playwrights as Eugene O'Neill George Kelly Elmer Rice Philip Barry and George S Kaufman ushered in the golden age of American drama The A to Z of American Theater Modernism focuses on legitimate drama both as influenced by modernism in Europe and by the popular entertainment that also enlivened the era This is accomplished through a chronology an introductory essay a bibliography and hundreds of cross referenced entries on plays music playwrights performers producers critics architects designers and costumes Book Jacket *A Pictorial History of the American Theatre, 1900-1950* Daniel C. Blum, 1950 *The American Theatre* Ethan Mordden, 1981 Charts the rise of a distinctly American theatre from its traditional English foundations through the radical experiments of off off Broadway Concentrating on the last eighty years with almost half the book devoted to the theatre after World War II he traces the development of unmistakably American theatrical forms
