After the Program Era Loren Glass, 2017-01-04 The publication in 2009 of Mark McGurl's *The Program Era* provoked a sea change in the study of postwar literature Even though almost every English department in the United States housed some version of a creative writing program by the time of its publication literary scholars had not previously considered that this institutional phenomenon was historically significant McGurl's groundbreaking book effectively established that the rise of the creative writing program stands as the most important event in postwar American literary history forcing us to revise our understanding not only of the relationship between higher education and literary production but also of the periodizing terminology we had previously used to structure our understanding of twentieth century literature *After the Program Era* explores the consequences and implications as well as the lacunae and liabilities of McGurl's foundational intervention Glass focuses only on American fiction and the traditional MFA program and this collection aims to expand and examine its insights in terms of other genres and sites Postwar poetry in particular has until now been neglected as a product of the Program Era even though it is arguably a purer example since poets now depend almost entirely on the patronage of the university Similarly this collection looks beyond the traditional MFA writing program to explore the pre history of writing programs in American universities as well as alternatives to the traditionally structured program that have emerged along the way Taken together the essays in *After the Program Era* seek to answer and explore many of these questions and continue the conversations McGurl only began

Joyce Carol Oates, 2012-08-28 In *The Oxford Book of American Short Stories* Joyce Carol Oates offers a sweeping survey of American short fiction in a collection of nearly sixty tales that combines classic works with many different unexpected gems and that invites readers to explore a wealth of important pieces by women and minority writers Some selections simply can't be improved on Oates admits and she happily includes such time honored works as Irving's Rip Van Winkle and Poe's The Tell Tale Heart But alongside these often anthologized tales Oates introduces such little known stories as Mark Twain's Cannibalism in the Cars a work that reveals a darker side to his humor From Melville come the juxtaposed tales The Paradise of Bachelors and the Tartarus of Maids of which Oates says only Melville could have fashioned out of real events such harrowing and dreamlike allegorical fiction The reader will also delight in the range of authors found here from Charles W Chesnutt Jean Toomer and Sarah Orne Jewett to William Carlos Williams Kate Chopin and Langston Hughes to Ray Bradbury H P Lovecraft and Stephen King For the second edition Oates has introduced a wide range of new stories from writers who represent the state of American literature today These new works include Lorrie Moore's How to Become a Writer Richard Ford's Under the Radar Junot Diaz's Edison New Jersey David Foster Wallace's Good People Philip Roth's Defender of the Faith and Amy Hempel's Today Will Be a Quiet Day As in the original volume Oates provides fascinating introductions to each writer blending biographical information with her own trenchant observations about their work In addition she has written a new preface that contemplates our shifting literary culture and has revised her introductory essay to the first edition in which she offers the fruit of years of reflection on a genre in which she herself is a master [The Darling](#) Russell Banks, 2010-07-23 After many years of believing that I never dream of anything I dreamed of Africa Over a decade after leaving her three sons behind in Liberia Hannah Musgrave realizes she has to leave her farm in the Adirondacks and find out what has happened to them and the chimpanzees for whom she created a sanctuary The Darling is the story of her return to the wreckage of west Africa and the story of her past from her middle class American upbringing to her years in the Weather Underground It is also one of the most powerful novels of the decade an unforgettable tale of growth and loss and an unstinting exploration of some of the most troubling issues of our time terrorism race and the contact between the first world and the third Hannah Musgrave the narrator of The Darling tells us she first travelled to Africa in the mid 1970s to escape prosecution for her radical political activities with the Weathermen Arriving in Liberia to work in a medical research lab Hannah also known by her alias Dawn Carrington meets Woodrow Sundiata an official in the ministry of public health and they fall immediately in love Courting with Woodrow an intelligent ambitious man means encountering his other life in his ancestral village of Fuama a life that could scarcely be more different from Hannah's affluent childhood as the daughter of a bestselling pediatrician Hannah and Woodrow start a family but she feels herself to be somehow estranged from her life in Liberia and curiously detached from her husband and three sons Still in search of herself as her children grow older Hannah

develops a closer and closer bond with the chimpanzees at the lab whom she calls dreamers During the early 1980s Liberian society grows more unstable until an illiterate soldier named Samuel Doe brutally overthrows and assassinates the president Hannah's courageous intervention with Doe leads to Woodrow's release from detention but at a price she must return to the US leaving her family behind Hannah feels that her dreamers will feel her absence more deeply than her family will In the US Hannah briefly reconnects with her parents after years of estrangement before returning to her friends from her underground years One of them Zack Procter is involved with a plan to spring Charles Taylor an attractive Liberian politician from jail and Hannah involves herself with the plot genuinely believing that Taylor will bring social democracy to west Africa Hannah gets permission to return to her family in the mid 1980s and decides that this time things will be different she will take charge of her home life ousting Woodrow's young cousin Jeanette and she will build a sanctuary for her chimpanzees But Charles Taylor has also returned and his slow and bloody rebellion against Doe leads eventually to a night of horrific violence in which Woodrow is murdered and Hannah's teenaged children disappear Amidst chaos and almost unbelievable bloodshed Hannah has time only to move her dreamers to Boniface Island before facing the heartrending decision to escape Liberia leaving her children behind More than ten years will pass before she can return to discover their fate and understand her own
