OF PYONGYANG**

KANG CHOL-HWAN and PIERRE RIGOULOT

TRANSLATED BY YACI BEINER

WITH A NEW PREFACE BY THE AUTHOR

The Aquariums Of Pyongyang The Ten Years In The North Korean Gulag

Chol-Hwan Kang, Pierre Rigoulot

The Aquariums Of Pyongyang The Ten Years In The North Korean Gulag:

The Aquariums of Pyongyang Chol-hwan Kang, Pierre Rigoulot, 2005-08-24 Destined to become a classic Iris Chang author of *The Rape of Nanking* this harrowing memoir of life inside North Korea was the first account to emerge from the notoriously secretive country and it remains one of the most terrifying Amid escalating nuclear tensions Kim Jong un and North Korea's other leaders have kept a tight grasp on their one party state quashing any nascent opposition movements and sending all suspected dissidents to its brutal concentration camps for re education Kang Chol Hwan is the first survivor of one of these camps to escape and tell his story to the world documenting the extreme conditions in these gulags and providing a personal insight into life in North Korea Sent to the notorious labor camp Yodok when he was nine years old Kang observed frequent public executions and endured forced labor and near starvation rations for ten years In 1992 he escaped to South Korea where he found God and now advocates for human rights in North Korea Part horror story part historical document part memoir part political tract this book brings together unassailable firsthand experience setting one young man's personal suffering in the wider context of modern history giving eyewitness proof to the abuses perpetrated by the North Korean regime

The Aquariums of Pyongyang Chol-hwan Kang, Pierre Rigoulot, 2005-08-24 Part horror story part historical document part memoir part political tract one man's suffering gives eyewitness proof to an ongoing sorrowful chapter of modern history *The Aquariums of Pyongyang* Chol-Hwan Kang, Pierre Rigoulot, 2005-08 North Korea Hazel Smith, 2015-04-06 In this historically grounded richly empirical study of social and economic transformation in North Korea Hazel Smith evaluates the marketization from below that followed the devastating famine of the early 1990s estimated to be the cause of nearly one million fatalities Smith shows how the end of the Cold War in Europe and the famine brought radical social change to all of North Korean society This major new study analyses how marketization transformed the interests expectations and values of the entire society including Party members the military women and men the young and the elderly Smith shows how the daily life of North Koreans has become alienated from the daily pronouncements of the North Korean government Challenging stereotypes of twenty five million North Koreans as mere bystanders in history Smith argues that North Koreans are neither victims nor villains but active agents of their own destiny **Re-Imagining North Korea in**

International Politics Shine Choi, 2014-11-20 The global consensus in academic specialist and public realms is that North Korea is a problem its nuclear ambitions pose a threat to international security its levels of poverty indicate a humanitarian crisis and its political repression signals a failed state This book examines the cultural dimensions of the international problem of North Korea through contemporary South Korean and Western popular imagination's engagement with North Korea Building on works by feminist postcolonial thinkers in particular Trinh Minh ha Rey Chow and Gayatri Spivak it examines novels films photography and memoirs for how they engage with issues of security human rights humanitarianism and political agency from an intercultural perspective By doing so the author challenges the key assumptions that underpin

the prevailing realist and liberal approaches to North Korea This research attends not only to alternative framings narratives and images of North Korea but also to alternative modes of knowing loving and responding and will be of interest to students of critical international relations Korean studies cultural studies and Asian studies *The Rough Guide to First-Time Asia* Lesley Reader, Lucy Ridout, 2010-02-01 The Rough Guide First Time Asia tells you everything you need to know before you go to Asia from visas and vaccinations to budgets and packing It will help you plan the best possible trip with advice on when to go and what not to miss and how to avoid trouble on the road You ll find insightful information on what tickets to buy where to stay what to eat how to stay healthy and save money in Asia The Rough Guide First Time Asia includes insightful overviews of 21 Asian countries from Bhutan to Vietnam Bangladesh to Thailand highlighting the best places to visit with websites clear maps suggested reading and budget information Be inspired by the things not to miss section whilst useful contact details will help you plan your route All kinds of advice and anecdotes from travellers who ve been there and done it will make travelling stress free The Rough Guide First Time Asia has everything you need to get your journey underway **The New Koreans** Michael Breen, 2017-04-04 Just a few decades ago the South Koreans were an impoverished agricultural people In one generation they moved from the fields to Silicon Valley They accomplished this through three totally unexpected miracles economic development democratization and the arrival of their culture to global attention Who are the Koreans What are they like The New Koreans examines how they have been perceived by outsiders the features that color their national character and how their emergence from backwardness poverty and brutality happened It also looks at why they remain unhappy with the lowest birth rates and highest suicide rates in the developed world In The New Koreans Michael Breen provides compelling insight into the history and character of this fascinating nation of South Korea and casts an eye to future developments as well as across the DMZ into North Korea **Information Regimes During the Cold War in East Asia** Jason Morgan, 2020-10-12 Morgan and his contributors develop the concept of the Information Regime as a way to understand the use abuse and control of information in East Asia during the Cold War period During the Cold War war itself was changing as was statecraft Information emerged as the most valuable commodity becoming the key component of societies across the globe This was especially true in East Asia where the military alliances forged in the wake of World War II were put to the most severe of tests These tests came in the form of adversarial relations between the United States and the Soviet Union as well as pressures within their alliances which eventually caused the People s Republic of China to break with from Moscow while Japan for a time during the 1950s and 1960s seemed poised to move away from Washington More important than military might or economic influence was the creation of information regimes swathes of territory where a paradigm ideology or political arrangement were obtained Information regimes are not necessarily state centric and many of the contributors to this book focus on examples which were not so Such a focus allows us to see that the East Asian Cold War was not really cold at all but was the epicentre of an active contentious birth of information as the defining element of human

interaction This book is a valuable resource for historians of East Asia and of developments in information management in the twentieth century **Dying for Rights** Sandra Fahy, 2019-09-10 North Korea's human rights violations are unparalleled in the contemporary world In *Dying for Rights* Sandra Fahy provides the definitive account of the abuses committed by the North Korean state domestically and internationally from its founding to the present *Dying for Rights* scrutinizes North Korea's treatment of its own people as well as foreign nationals how violations committed by the state spread into the international realm and how North Korea uses its state media and presence at the United Nations Fahy meticulously documents the extent of arbitrary detention torture executions and the network of prison camps throughout the country The book details systematic and widespread violations of freedom of speech and of movement freedom from discrimination and the rights to food and to life Fahy weaves together public and private testimonies from North Koreans resettled abroad as well as NGO reports the stories and facts brought to light by the United Nations Commission of Inquiry into North Korea and North Korea's own state media to share powerful personal narratives of human rights abuses A compassionate yet objective investigation into the factors that sustain and perpetuate the flouting of basic rights *Dying for Rights* reveals the profound culpability of the North Korean state in the systematic denial of human dignity **A Concise History of Korea** Michael J.

Seth, 2024-01-04 This comprehensive book surveys Korean history from Neolithic times to the present Michael J Seth explores the origins and development of Korean society politics and still little known cultural heritage from their inception to the two Korean states of today Throughout he adds a rare dimension by placing Korean history into broader global perspective All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book

A Concise History of Modern Korea Michael J. Seth, 2019-11-29 A comprehensive history of modern Korea exploring the social economic and political issues it has faced since the 1870s **Bipolar Orders** Hyung Gu Lynn, 2009-11-02 North Korea and South Korea are never far from the news headlines one for the alleged danger it poses to the world the other for its apparent capitalist success story In *Bipolar Orders* Hyung Gu Lynn analyzes the processes driving both countries since the 1980s North Korea has experienced severe economic deterioration and increasing international isolation while South Korea has undergone democratization and witnessed the emergence of a vibrant consumer culture Paradoxically this growing gap in ideologies and material standards has led to improved relations between the two countries Why has this counterintuitive development occurred Is North Korea really a threat and if so for whom This book provides a substantive accessible and timely examination of the complex and compelling histories of the two Koreas *The Encyclopedia of Christianity* Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The *Encyclopedia of Christianity* is the first of a five volume English translation of the third revised edition of *Evangelisches Kirchenlexikon* Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical

information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA The Ethics of Exile Ashwini Vasanthakumar,2021 Exiles have long been transformative actors in their homelands they foment revolution sustain dissent and work to create political identities back home Rather than focus on what exiles mean for the countries they enter this book recognises their political and moral agency and explores their relationship to the communities they have left *Korea at War* Michael J. Seth,2023-03-07 An engaging history covering a century of conflict on the Korean Peninsula Korea at War recounts how two separate nations emerged on the Korean peninsula as the result of devastating conflicts involving provocative personalities and superpower intrigues The topics covered in this fascinating book include The brutal years of Japanese colonial rule which began with Japan s annexation of Korea and ended with its defeat in World War II and which still dominate Japanese Korean relations today The division of the country into a totalitarian North and a prosperous democratic South North Korea s invasion of the South motivated by Stalin which led to the bloody Korean War a conflict that is still not settled to this day The irascible General Douglas MacArthur who was relieved of his command by President Truman when he disobeyed a direct order and attempted to expand the war into China The rise of the Kim regime in North Korea and the continuing threat of nuclear war today Historian Michael J Seth explores these and other themes including the complete story of North Korea a nation and a people who for three generations have lived under the world s most repressive regime He also discusses how South Korea has made the incredible leap from one of the world s poorest nations to one its richest and most dynamic Korea at War is the story of two nations with a shared past that could hardly be more different today With over 50 color photographs and maps this book is a must read for anyone wanting to understand contemporary Asian politics and current affairs **A History of Korea** Kyung Moon Hwang,2021-11-30 Dynamic and meticulously researched A History of Korea continues to be one of the leading introductory textbooks on Korean history Assuming no prior knowledge Hwang guides readers from early state formation and the dynastic eras to the modern experience in both North and South Korea Structured around episodic accounts each chapter begins by discussing a defining moment in Korean history in context with an extensive examination of how the events and themes under consideration have been viewed up to the present day By engaging with recurring themes such as collective identity external influence social hierarchy family and gender the author introduces the major historical events patterns and debates that have shaped both North and South Korea over the past 1500 years This textbook is essential reading for undergraduate and postgraduate students of Korean or Asian history The first half of the book covers pre 20th century history and the second half the modern era making it ideal for survey courses **South Korea** Mark Dake,2016-03-12 Mark Dake a

Canadian ESL teacher set out on a four month road trip to discover everything that South Korea had to offer From art galleries and temples to mountaintops and national parks South Korea The Enigmatic Peninsula shares the heart and soul of Koreans and their beautiful country **Getting to Yes in Korea** Walter C. Clemens Jr,2015-11-17 President George W Bush had pinned North Korea to an axis of evil but then neglected Pyongyang until it tested a nuclear device Would the new administration make similar mistakes When the Clinton White House prepared to bomb North Korea s nuclear facilities private citizen Jimmy Carter mediated to avert war and set the stage for a deal freezing North Korea s plutonium production The 1994 Agreed Framework collapsed after eight years but when Pyongyang went critical the negotiations got serious Each time the parties advanced one or two steps however their advance seemed to spawn one or two steps backward Clemens distills lessons from U S negotiations with North Korea Russia China and Libya and analyses how they do and do not apply to six party and bilateral talks with North Korea in a new political era **The Koreas** Charles K. Armstrong,2013-08-22 Presenting a succinct historically informed introduction to North and South Korea the second edition of The Koreas considers the radically different ways these countries have dealt with the growing challenges of globalization Since the first edition s publication the economic political and social differences have only intensified making evident the relevancy and importance of Armstrong s work in understanding the Koreas now and in the future Ultimately The Koreas is a crisp engaging primer of Korea and the Korean people in the contemporary world This book is ideal for many courses in a variety of disciplines including politics history international business and Asian studies East Asia's Other Miracle Alex J. Bellamy,2017-09-29 East Asia until recently the scene of widespread blood letting has achieved relative peace A region that at the height of the Cold War had accounted for around eighty percent of the world s mass atrocities has experienced such a decline in violence that by 2015 it accounted for less than five percent This book explains East Asia s other miracle and asks whether it is merely a temporary blip in the historical cycle or the dawning of a new and more peaceful era for the region It argues that the decline of mass atrocities in East Asia resulted from four interconnected factors the consolidation of states and emergence of responsible sovereigns the prioritization of economic development through trade the development of norms and habits of multilateralism and transformations in the practice of power politics Particular attention is paid to North Korea and Myanmar countries whose experience has bucked regional trends largely because these states have not succeeded in consolidating themselves to the point where they no longer depend on violence to survive Although the region faces several significant future challenges this book argues that the much reduced incidence of mass atrocities in East Asia is likely to be sustained into the foreseeable future

The Top Books of the Year The Aquariums Of Pyongyang The Ten Years In The North Korean Gulag The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have captivated audiences this year. The Aquariums Of Pyongyang The Ten Years In The North Korean Gulag : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
