*Divine Sounds from the Heart—Singing Unfettered in their Own Voices* Rekha Pande, 2010-09-13 Recent years have seen a sea change in the way history is written and also in the way our conceptions of the past are being rewritten In traditional historiography women s articulation is often marginalized and dominated by male voices Through centuries of patriarchal control women negotiated many layers and levels of existence working out different forms of resistance which have often gone unnoticed Bhakti was one such medium Religion provided the space in the medieval period and women saints embraced bhakti to define their own truths in voices that question society family and relationships For all these women bhaktas the rejection of the male power that they were tied to in subordinate relationship became the terrain for struggle self assertion and alternative seeking Most of these women lived during the period from 12th to 17th Century While the dominant mode of worship in bhakti was prostration to a deity like a feudal lord the women bhaktas idea of God as a lover a husband and a friend came as a breath of fresh air The individual outpourings and the voices of these women who had the courage to sing unfettered in their own voices refused to melt in the din of the feudal scene which was largely patriarchal This book will be useful to scholars interested in Feminist History Comparative Religion and Asian Studies The sensitive and rigorous research will be of great help to young scholars interested in embarking on a journey to discover religious history especially with regards to women s history in the South Asian context **The Vedanta Kesari** ,1995 *Glimpses of Our Past-historical Researches* ,2004 Contributed articles chiefly on the history of India Guide to Indian Periodical Literature ,1999

**and Art in Karnataka** M. V. Krishna Rao, 1959 **The Chaitanya Vaishnava Vedanta of Jiva Gosvami** Ravi M. Gupta, 2007-08-07 The Chaitanya Vaishnava tradition is famous for its depth of devotion to Krishna the blue hued Deity Chaitanya Vaishnavas are known for having refined the practice and aesthetics of devotion into a sophisticated science This imposing devotional edifice was constructed upon a solid foundation of philosophical argument and understanding In this book Ravi Gupta sheds new light on the contribution of Chaitanya Vaishnavism to the realm of Indian philosophy He explores the hermeneutical tools employed the historical resources harnessed the structure of the arguments made and the relative success of the endeavor For most schools of Vaishnavism the supporting foundation consists of the philosophical resources provided by Vedanta The Chaitanya tradition is remarkable in its ability to engage in Vedantic discourse and at the same time

practice an ecstatic form of devotion to Krishna The prime architect of this balance was the scholar devotee Jiva Gosvami ca 1517 1608 This book analyses Jiva Gosvami s writing concerning the philosophy of the Vedanta tradition It concludes that Jiva s writing crosses disciplinary boundaries for he brought into dialogue four powerful streams of classical Hinduism the various systems of Vedanta the ecstatic bhakti movements the Puranic commentarial tradition and the aesthetic rasa theory of Sanskrit poetics With training in and commitments to all of these traditions Jiva Gosvami produced a distinctly Chaitanya Vaishnava system of theology
