*Erotic Resistance* Gigi Otalvaro-Hormillosa, 2024-02-20 *Erotic Resistance* celebrates the erotic performance cultures that have shaped San

Francisco It preserves the memory of the city's bohemian past and its essential role in the development of American adult entertainment by highlighting the contributions of women of color queer women and trans women who were instrumental in the city's labor history as well as its LGBT and sex workers rights movements In the 1960s topless entertainment became legal in the city for the first time in the US though cross dressing continued to be criminalized In the 1990s stripper artist activists led the first successful class action lawsuits and efforts to unionize Gigi Ot Ivaro Hormillosa uses visual and performance analysis historiography and ethnographic research including participant observation as both performer and spectator and interviews with legendary burlesquers and strippers to share this remarkable story The Maxi Mounds Guide to the World of Exotic Dancing Maxi Mounds,2004-11 Maxis book is an honest account of the whole Exotic Dance scene good and bad written by an insider who loves being an Exotic Dancer and isn't ashamed of her art her life or her world Its funny wry and candid and includes an excellent history of Exotic Dancing that goes back to Neolithic times **San Diego Magazine** ,2004-08 San Diego Magazine gives readers the insider information they need to experience San Diego from the best places to dine and travel to the politics and people that shape the region This is the magazine for San Diegans with a need to know *Naked Truth* Judith Lynne Hanna,2012-05-01 Across America strip clubs have come under attack by a politically aggressive segment of the Christian Right Using plausible sounding but factually untrue arguments about the harmful effects of strip clubs on their communities the Christian Right has stoked public outrage and incited local and state governments to impose onerous restrictions on the clubs with the intent of dismantling the exotic dance industry But an even larger agenda is at work according to Judith Lynne Hanna In *Naked Truth* she builds a convincing case that the attack on exotic dance is part of the activist Christian Right's grand design to supplant constitutional democracy in America with a Bible based theocracy Hanna takes readers onstage backstage and into the community and courts to reveal the conflicts charges and realities that are playing out at the intersection of erotic fantasy religion politics and law She explains why exotic dance is a legitimate form of artistic communication and debunks the many myths and untruths that the Christian Right uses to fight strip clubs Hanna also demonstrates that while the fight happens at the local level it is part of a national campaign to regulate sexuality and punish those who do not adhere to Scripture based moral values Ultimately she argues the naked truth is that the separation of church and state is under siege and our civil liberties free speech women's rights and free enterprise are at stake **Naked Lives** Mindy S. Bradley-Engen,2009-05-21 Is stripping good or bad for the women who do it According to sociologist Mindy S Bradley Engen there's no simple answer An exotic dancer's experiences can be both empowering and degrading at times a dancer can feel like a goddess at times ashamed and dirty Drawing on extensive interviews as well as her own experiences as an exotic dancer Bradley Engen shows that strippers work experiences are shaped by the types of establishments the different worlds in which they work A typology of strip clubs emerges the hustle club the show club and the social club each with its own distinct culture expectations and challenges each
