The Diligence And The Disappearance Of Manakintownes Huguenots:

The Protestant International and the Huguenot Migration to Virginia David E. Lambert, 2010 In 1700 King William III assigned Charles de Saily to accompany Huguenot refugees to Manakin Town on the Virginia frontier The existing explanation for why this migration was necessary is overly simplistic and seriously conflated Based largely on English language sources with an English Atlantic focus it contends that King William III grateful to the French Protestant refugees who helped him invade England during the Glorious Revolution 1688 and win victory in Ireland 1691 rewarded these refugees by granting them 10 000 acres in Virginia on which to settle Using French language sources and a wider more European focus than existing interpretations this book offers an alternative explanation It delineates a Huguenot refugee resettlement network within a Protestant International highlighting the patronage of both King William himself and his valued Huguenot associate Henri de Ruvigny Lord Galway By 1700 King William was politically battered by the interwoven pressures of an English reaction against his high profile foreign favorites Galway among them and the Irish land grants he had awarded to close colleagues to Galway and others This book asserts that King William and Lord Galway sponsored the Manakin Town migration to provide an alternate location for Huguenot military refugees in the worst case scenario that they might lose their Irish refuge

The Diligence and the Disappearance of Manakintowne's Huguenots Allison Wehr Elterich, 2004

Huguenot Soldiers of William of Orange and the Glorious Revolution of 1688 Matthew Glozier, 2008-04-10 Provides an analysis of the political religious and social rationale which underlay Huguenot support for William of Orange in 1688 In the context of the Huguenot exodus from France and the Revocation of the Edict of Nantes the role of the Huguenot soldiers within an international Protestant political context is also explained
