Office of Research on Women's Health, 2010 What started as a collection of two or three brief examples from each IC was eventually expanded into this extensive and exciting document This occurred because of the overwhelming and enthusiastic response of the ICs through the NIH internal advisory Coordinating Committee on Research on Women's Health CCRWH composed of IC directors or their designees The ORWH proudly presents this report entitled Highlights of NIH

Women's Health and Sex Differences Research 1990-2010 in which the ICs themselves have identified their best examples of women's health and sex differences research.
