The Distant Stranger:

The Distant Stranger Palma Harcourt, 1984 **Bounds of Justice** Onora O'Neill, 2000-10-26 Argues for a concept of justice that takes account of boundaries institutions and human diversity *The Ethics of Assistance* Deen K. Chatterjee, 2004-04-08 As globalization has deepened worldwide economic integration moral and political philosophers have become increasingly concerned to assess duties to help needy people in foreign countries The essays in this volume present ideas on this important topic by authors who are leading figures in these debates At issue are both the political responsibility of governments of affluent countries to relieve poverty abroad and the personal responsibility of individuals to assist the distant needy The wide ranging arguments shed light on global distributive justice human rights and their implementation the varieties of community and the obligations they generate and the moral relevance of distance This provocative volume will interest scholars in ethics political philosophy political theory international law and development economics as well as policy makers aid agencies and general readers interested in the moral dimensions of poverty and affluence *The Ethics of Killing* Jeff McMahan, 2002 Drawing on philosophical notions of personal identity and the immorality of killing Jeff McMahan looks at various issues including abortion infanticide the killing of animals assisted suicide and euthanasia Intricate Ethics F.M. Kamm, 2008-09-18 Reading F M Kamm s latest book is like watching a brilliant astronomer map an uncharted galaxy the meticulousness and the display of mental stamina must inspire awe There is a kind of beauty in the performance alone Intricate Ethics is a major event in normative ethical theory by a living master of the subject In the end professional moral philosophers cannot reasonably ignore Intricate Ethics Kamm continues to prove herself the most imaginative detail oriented deontologist writing in English today Professor Kamm is in a class by herself Jeffrey Brand Ballard Notre Dame Philosophical Reviews The operative word in this masterful work is intricate Watching Kamm s mind dissect and reconstruct different cases is like watching a juggler riding a unicycle carrying on a conversation while getting dressed It is a glorious celebration of what moral philosophy does best and what one of its most gifted practitioners can do to enlighten our understanding of the most pressing ethical issues of our time But it is also a rich playground for empirically minded philosophers and psychologists who want to play with the clever class of dilemmas that Kamm has created dilemmas that will both amuse and torture generations of people Marc Hauser is a Harvard College Professor and author of Moral Minds Frances Kamm once again proves herself to be an astonishingly subtle and creative defender of a deontological outlook Anyone at all interested in normative ethics will find something of value in Intricate Ethics There are striking and original views on a wide range of topics And no one absolutely no one compares to Kamm when it comes to constructing relevant test cases and carefully assessing our intuitive reactions to them This is a master at work at the height of her powers Shelly Kagan Clark Professor of Philosophy Yale University Intricate Ethics fully justifies its title It is as deep subtle imaginative and analytically rigorous as any work in moral philosophy written in a great many years It is dense with highly original and fertile

ideas supported by powerful and ingenious arguments This book amply confirms Frances Kamm's standing as one of the greatest living philosophers Jeff McMahan Rutgers University Kamm's virtuosity in hypothesizing cases in defense or refutation of moral principles remains unsurpassed Intricate Ethics is also a testament to the fruitfulness of this rarefied method of ethics One might have thought that having already devoted several hundred path breaking pages to the topic of nonconsequentialism in her earlier two volume Morality Mortality it would have been impossible to break much new ground in this sequel Yet what Kamm has to say here on the topics of harming and saving from harm is as novel arresting and insightful as ever Michael Otsuka Professor of Philosophy University College London Kamm is the most sophisticated of the contemporary exponents of intuitionist or nonconsequentialist ethics No one else makes such extraordinarily meticulous and penetrating attempts to extract the principles behind our ordinary moral intuitions I highly recommend it as an inclusive and subtle attempt to work out nonconsequentialism on an intuitionist basis As a bonus Intricate Ethics also offers searching analyses of the work of Peter Unger Peter Singer Bernard Gert T M Scanlon Daniel Kahneman and Amos Tversky Ingmar Persson Times Literary Supplement

Antisemitism and the Constitution of Sociology Marcel Stoetzler, 2014-06-17 Modern antisemitism and the modern discipline of sociology not only emerged in the same period but antagonism and hostility between the two discourses notwithstanding also overlapped and complemented each other Sociology emerged in a society where modernization was often perceived as destroying unity and social cohesion Antisemitism was likewise a response to the modern age offering in its vilifications of the Jew an explanation of society's deficiencies and crises

Antisemitism and the Constitution of Sociology is a collection of essays providing a comparative analysis of modern antisemitism and the rise of sociology This volume addresses three key areas the strong influence of writers of Jewish background and the rising tide of antisemitism on the formation of sociology the role of antisemitism in the historical development of sociology through its treatment by leading figures in the field such as Emile Durkheim Talcott Parsons and Theodor W Adorno and the discipline's development in the aftermath of the Nazi Holocaust Together the essays provide a fresh perspective on the history of sociology and the role that antisemitism Jews fascism and the Holocaust

played in shaping modern social theory a **Staging Strangers** Barry Freeman,2017-03-01 How theatre can help create ethical relationships among strangers in a divisive age *Then Joy Comes* Denise P. Ingram,2016-11-18 True and lasting values are the same today as they were many years ago Its reassuring to know in our being that Gods principles work in all situations in our lives The stories you are about to read paint a picture of hope and a future because the characters rely on God for their strength and support So many present day stories end unhappily but it is my desire that this book will uplift the reader with a sense of hope and joy for the future Those that were in bondage and chains were set free because of Gods redeeming love Many emotions are displayed throughout the stories such as love peace joy happiness bitterness and depression As families face love ones dying they learn to endure the pain and loss through the grace of a loving God The characters learn to live with little or with much and to be thankful for whatever the Lord provides If there is plenty the abundance is shared with those who have less There are miracles and angels working together to bless the families in the stories Families grow in wisdom and love by working through hardships and difficulties together Families pray together trusting God for the impossible to be made possible God truly gives real freedom to those who have willing hearts to forgive others and who give their hearts to him It is my sincere hope that these stories will inspire and give you hope for all your tomorrows Mogg's New Picture of London; or, Stranger's Guide to the British Metropolis, etc Edward Mogg,1838
