Walz, CPA, CVA, 2014-07-30 The premise of this book is that all business ideas begin with a dream More often than not the dream remains an unfulfilled fantasy that always can find a happy ending However every once in a while the dream becomes so intense that the dreamer decides to make it a reality When this happens an entrepreneur is born and from that moment on there are numerous pitfalls that will threaten to turn the successful dream into a realistic nightmare Most books on the subject of achieving success in small business are presented in a technical manner with specific procedures to follow and take the approach that if an aspiring entrepreneur follows the time proven steps the chances for long term success will be improved Why then do most small business ideas end up in failure Using a lifetime of real world hands on experience with hundreds of small businesses this book deals with the real reasons most small businesses fail These dream killers are the true causes of a dream's failure They are mostly personal in nature and as such are generally avoided by how-to books consultants and traditional advisors that tend to use a cookie cutter approach to every situation Blending a lifetime of personal experiences in plain language with non-ambiguous answers to many of the pitfalls to success is intended to provide the reader with the benefits of knowing that there is nothing new in business and all small business is personal Blending the two will often determine whether a business dream will come true *The Dream Killers* Carol Burt, 2001 The Lawrence house was always the prettiest house on the block But one day the windows are blacked out and things begin to turn sinister inside Is Mrs Lawrence going insane **Acidic Prayer against Dream Killers** Tella Olayeri, 2020-11-29 Discover the power to conquer unsettling dreams and reclaim your peace of mind with Acidic Prayer Against Dream Killers In this groundbreaking book you'll unlock accurate interpretations and effective strategies to combat the dark forces that seek to disrupt your spiritual journey Bad dreams can leave you feeling heartbroken and disoriented but this book provides a lifeline of understanding and empowerment From deciphering the meaning behind bad dreams to navigating their consequences you'll gain invaluable insights into combating the negative effects they bring Explore the depths of spiritual warfare as you learn how bad dreams are used by malevolent powers to sow seeds of disappointment failure sorrow stagnancy and regression
