The Duke A Portrait Of Prince Philip:

The Duke: Portrait of Prince Phillip Tim Heald, 2013-08-22 THE DUKE is the biography of Prince Philip Duke of Edinburgh husband of Queen Elizabeth II a celebrity in his own right and yet an enigma still even after 60 years in the public eye What is he really like Bombastic autocratic say his critics Colourful stimulating say his admirers Tim Heald was given a unique opportunity to find out for himself Not for twenty years had a biographer been allowed such access to talk to Prince Philip and watch him at work still very much a man in a hurry still speaking and questioning on an astonishing variety of subjects and treading the most impossible tightrope between the breezy informality which he first introduced to the royal family and the parade ground traditions which he has had to accept And members of the royal family among them the Queen Mother Princes Margaret Princess Anne and his only surviving sister Princess Sophie also share with Heald their thoughts on the man who started life as Philip of Greece one of a royal family who were deposed and exiled while he was still an infant Many other witnesses reveal for the first time the Prince Philip they know His early days in exile at schools in France in England and in Germany where he had first hand experience of the unpleasant habits of the Nazis and then in Scotland at the newly founded Gordonstoun His service with distinction in the Royal Navy during World War Two His engagement in 1947 to Princess Elizabeth twenty one year old daughter of King George VI As Tim Heald observes Prince Philip swiftly emerged as very much his own man winning over one or two doubters within the Court who might have preferred a home grown aristocrat as husband to the future Queen Written with the co operation of Buckingham Palace THE DUKE is a brilliantly informed portrait of a life that has been independent of but fully supportive to the Queen **The Duke** Tim Heald, 1991

Prince Philip Ingrid Seward, 2020-10 For more than 70 years Prince Philip has been the Queen s constant companion and support but his vital role in the monarchy has too often gone largely unnoticed Now in Ingrid Seward s superb new biography of the Duke of Edinburgh we get the chance to read the full story of his remarkable life and achievements Born into the Greek and Danish royal families in 1921 a descendant of Queen Victoria Prince Philip s aristocratic credentials were second to none But only 18 months after his birth the family had to be rescued by a British warship from the island of Corfu after his father was exiled His nomadic childhood was spent in Germany Paris and eventually England where he was sent to boarding school At the age of 18 while studying at Dartmouth Naval College he was asked to look after the King s two daughters 13 year old Elizabeth and her sister Margaret during a royal visit It was their first proper meeting and only eight years later their marriage in 1947 brought new light to the country after the perils of the war But within a few years their lives were transformed when in 1952 she became Queen Elizabeth II and he had to give up his naval career and learn a new role as consort deferring in public to the monarch and even having to give up his surname In Ingrid Seward s brilliant new biography we see how such a man of action coped with having to spend the next seventy years of his life walking two steps behind his wife His reaction was to create a role for himself modernising the monarchy campaigning to protect the

environment supporting the sciences and engineering and inspiring the young through the Duke of Edinburgh Awards But above all he proved himself to be the Queen's most valuable and loyal companion throughout her long reign The TV series *The Crown* has helped bring Prince Philip to the centre of attention but this superb biography not only examines the major influences on his life but is packed with revealing behind the scenes details and great insight This first major biography of Prince Philip for almost 30 years shines new light on his complex character and extraordinary career **The Duke** Ian Lloyd, 2021-02-18 Witty and well researched Daily Express A fascinating profile Daily Telegraph For seven decades the Duke of Edinburgh was the Queen's strength and stay far surpassing the predictions of courtiers who had feared a foreign interloper out for the goodies Journalists continually portrayed him as bluff and gaffe prone yet the letters he wrote in private show he had a kind and sensitive side Drawing on extensive interviews with those who knew him best The Duke reveals the man in all his endlessly fascinating contradictions While tracing his characteristic self reliance back to a difficult childhood and six years war service Ian Lloyd highlights some rare aspects of the royal consort's personality from his fondness for Duke Ellington to his fascination with UFOs The result is a portrait like no other and a rich tribute to Prince Philip's extraordinary life and legacy With an updated final chapter on Prince Philip's funeral legacy and the future of the monarchy without him

H.R.H. Prince Philip, Duke of Edinburgh. A Portrait, Etc. [With Plates, Including Portraits.]. John DEAN (Valet to the Duke of Edinburgh.), 1954 *H. R. H. Prince Philip, Duke of Edinburgh* John Dean, 1954 *H.R.H. Prince Philip, Duke of Edinburgh* John Dean, 1950 *Philip* Tim Heald, 1991 Written with the full cooperation of Buckingham Palace on the occasion of Philip's 70th birthday Heald talked to those who have known him most intimately over the years including the Queen Mother Princess Margaret and Princess Anne and presents a vivid frank and utterly provocative picture that also includes rare photographs from royal family albums **The Man behind the Queen** C. Beem, M. Taylor, 2014-12-16 From the 14th century king consorts of Navarre to the modern European prince consorts of the 20th century the male consort has been a peculiar yet recurrent historical figure In this impressively broad collection leading historians of monarchy analyze how male partners of female rulers have negotiated their unique roles throughout history *All About The Duke of Edinburgh* Vicky Edwards, 2019-01-16 His Royal Highness The Prince Philip Duke of Edinburgh Lord High Admiral of the United Kingdom his full title is 136 words long is the oldest ever male member of the British Royal Family as well as by far the longest serving and oldest spouse of a reigning British monarch After 66 years of marriage to the Queen who calls him her constant strength and guide he is so revered around the world that one community in the South Seas worships him as a god Although his direct no nonsense approach to life has put many noses out of joint and frequently made headlines his witticisms and occasional gaffes have helped to endear him to the British people almost as much as the Queen Learn all about the public and private Prince Philip in this fascinating book

The Duke A Portrait Of Prince Philip Book Review: Unveiling the Power of Words
