The Early Days Of Cape Cod Community College:

The Early Days of Cape Cod Community College Delores Bird Carpenter, 1989 **A History of Theater on Cape Cod** Sue Mellen, 2021-04-26 Theater on the Cape began in 1916 when a group of artists and writers in Provincetown mounted a production of a one act play Bound East for Cardiff by a little known playwright Eugene O'Neill. They staged the play in a rickety old theater on a wharf in what was then little more than a sleepy fishing village. From that artists colony and others like it across the Cape and Islands it grew into the constantly expanding theater universe it is today. The theatrical descendants of O'Neill and the Provincetown Players continue to present classical drama, contemporary hits and new experimental works to audiences that have come to expect the best. In her tour of the theaters from Provincetown to Falmouth, author and entertainment columnist Sue Mellen reveals the rich past behind a unique cultural treasure. [Hidden History of Cape Cod](#) Theresa Mitchell Barbo, 2019-05-20 Discover the fascinating and nearly forgotten history amid Cape Cod's salty waves and sandy beaches. Photos included. From Provincetown to Falmouth, the Cape's fifteen towns offer a plethora of hidden and enchanting tales. Learn why one of the most famous rescues in Coast Guard history spent nearly fifty years in the shadows without public notice. Discover which wild creature went from the nineteenth century soup pot to enjoying conservation protection under state law. Historian Theresa Mitchell Barbo explores these mysteries and more from the lost diary of a nineteenth century schoolteacher to the reason Cape Codders call their lunch the noontime dinner. Join the author as she lifts the lid on the quirky and remarkable character of Cape Cod and its colorful past. **Oceans Past** Poul Holm, Michaela Barnard, David J. Starkey, 2012 A fascinating volume which establishes marine environmental history as a major new discipline for academics as well as an exciting way to bring history and the natural world alive for the public. ANDREW A. ROSENBERG, UNIVERSITY OF NEW HAMPSHIRE The HMAP project is to be congratulated on this book which presents vivid evidence based reconstructions of historical fisheries and the prolific ecosystems in which they were embedded. TONY J. PITCHER, UNIVERSITY OF BRITISH COLUMBIA The ingenuity and scholarship of the authors allow us to see how human societies have depended on and influenced marine living resources from periwinkles to whales. MIKE SINCLAIR, BEDFORD INSTITUTE OF OCEANOGRAPHY This book exalts the surprisingly fruitful marriage of historians and marine scientists, a union that has proven to be one of the most exciting developments in ocean research in recent years. KATHERINE RICHARDSON, UNIVERSITY OF COPENHAGEN For centuries the seas appeared to offer limitless supplies of food and other resources; their waters a cornucopia never to be exhausted. In more recent times, episodes such as the extreme exploitation and subsequent collapse of cod populations of the Grand Banks off Newfoundland have highlighted the fallaciousness of this view. Yet all too often the lessons from our historical interactions with marine animals are little known, let alone learned. Based on research for the History of Marine Animal Populations project, *Oceans Past* examines the complex relationship our forebears had with the sea and the animals that inhabit it. It presents eleven studies ranging from fisheries

and invasive species to offshore technology and the study of marine environmental history bringing together the perspectives of historians and marine scientists to enhance understanding of ocean management of the past present and future In doing so it also highlights the influence that changes in marine ecosystems have upon the politics welfare and culture of human societies

Women and Children First Susan Wilson,2023-10-20 In 19th century America it was assumed that woman patients would be treated by male doctors The idea of a woman doctor was deemed by many to lie somewhere between unfathomable and repugnant Then along came Susan Dimock A young North Carolinian who dreamed of becoming a physician and grew up to practice medicine in Boston Dimock was not the first American woman to battle the patriarchal medical establishment But in the 1870s she was arguably the best educated most skilled woman surgeon in the nation as well as living proof that a woman could be competent smart lovely and kind all in the same package Dimock s life reads like an adventure story from recoiling at slave auctions and witnessing Civil War battles to escaping her fire engulfed Southern hometown then finding her place among Boston s most enterprising women She studied medicine in Zurich and Vienna hiked the Swiss Alps executed complex surgeries and trained America s first professional nurses ultimately inspiring a new generation of female surgeons It is no surprise that a prestigious Viennese medical professor when asked for advice to aspiring young doctors replied simply Make yourself to be like Miss Dimock This biography is the first to give Susan Dimock her rightful place in medical women s and world history
