**Programs and Services** National Library of Medicine (U.S.), 1998      **National Library of Medicine Programs and Services** National Library of Medicine (U.S.),      IBBO-International Biography and Bibliography of Ophthalmologists and Visual Scientist (A-Z) , 2018-11-30      Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 2001 United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies, 2000      *Tides and Transitions* Dan Stultz, 2011-02-21 The book is a diary of a physician father over 25 years of family life and his practice of medicine The author kept a journal and although this journal reflects his mood and attitude at the time it is a description about experiences occurrences and important decisions These transitions and tides are chronicled whether it be family life building a practice or operating a health system The result is a journal that describes seemingly minor events that directed the author and his family in certain directions and as a result this story *Tides and Transitions* describes those people events and the stories that helped develop mature and challenge the family and medical practice It is bits and pieces of the life of a young then middle aged physician and father      **After Stethoscopes** Dan Stultz, 2018-01-17 This book is pretty much described by the title as it is an autobiography and my lifes journey thus far with an emphasis on my career after the practice of medicine My purpose is to present my autobiography and how my boyhood growing up in the fifties and sixties effected my adulthood and core Additionally the books purpose is to stimulate thought about leadership and what is and is not leadership *After Stethoscopes* shares my thoughts on seemingly unrelated essay topics over the last five to six years and shares my experience with deep brain stimulation an often unused early weapon in the battle with Parkinsons DBS has been a miracle gift for me The book weaves together and my life story with Parkinsons and my experience with leadership and leadersat least my story thus far

**AIDS Doctors** Ronald Bayer, Gerald M. Oppenheimer, 2002-05-16 Today AIDS has been indelibly etched in our consciousness Yet it was less than twenty years ago that doctors confronted a sudden avalanche of strange inexplicable seemingly untreatable conditions that signaled the arrival of a devastating new disease Bewildered unprepared and pushed to the limit of their diagnostic abilities a select group of courageous physicians nevertheless persevered This unique

collective memoir tells their story Based on interviews with nearly eighty doctors whose lives and careers have centered on the AIDS epidemic from the early 1980s to the present this candid emotionally textured account details the palpable anxiety in the medical profession as it experienced a rapid succession of cases for which there was no clinical history The physicians interviewed chronicle the roller coaster experiences of hope and despair as they applied newly developed often unsuccessful therapies Yet these physicians who chose to embrace the challenge confronted more than just the sense of therapeutic helplessness in dealing with a disease they could not conquer They also faced the tough choices inherent in treating a controversial sexually and intravenously transmitted illness as many colleagues simply walked away Many describe being gripped by a sense of mission by the moral imperative to treat the disempowered and despised Nearly all describe a common purpose an esprit de corps that bound them together in a terrible yet exhilarating war against an invisible enemy This extraordinary oral history forms a landmark effort in the understanding of the AIDS crisis Carefully collected and eloquently told the doctors narratives reveal the tenacity and unquenchable optimism that has paved the way for taming a 20th century plague
