the soil Using a traditional African parable grounded in the very wisdom of the earth Pierre Rabhi seeks to initiate the reader into a time when the people that dwelled on this planet did so harmoniously and could converse easily with the land Village elder Tyemoro recounts the gradual destruction of his village s culture and all that has sustained it as the miracles promised by modern technology brought more harm than good This same drama is recurring throughout the world where indigenous value systems that have endured for millennia are torn apart by contact with modern civilization Yet Rahbi offers hope if those in the modern world will stop to hear the words of their ancestors who worked the land for our destiny is linked irrevocably to that of the earth      **The Heart of the Earth** Floyd Allen Marble,1987      **Earth as a Topical Application in Surgery** Addinell Hewson,1872      *Earth* Frank Townshend,1929      Seeker of the Gentle Heart Blaine M.
