Hugo D. Menendez,2016-04-14 This book by Mr Menendez is a complete departure from his previous books His prior works though written as fiction did in fact chronicle investigations that he had conducted both in the federal and private sectors These cases were successfully litigated in the federal court for the southern district of Florida Mr Menendez maintains his unique style of storytelling however this book is a completely fictional story The story line will keep the reader transfixed and guessing as to what the conclusion will be While reading the story the reader will constantly wonder what the answer is Dr Harold Steiner is an internationally recognized researcher who together with other renown researchers set out to answer the question which scientists have pondered through the years What is the reason why some individuals in rare occasions become a genius The question is why is a genius a genius Dr Steiner as the main researcher and project director for the Genius Project spent over ten years researching this question By accident as often occurs in science he makes a discovery and at first he does not understand the enormous implication of what he has discovered He came to realize his discovery could alter the balance of power in the world if improperly utilized If utilized with the intent of helping the human race it could help in curing many types of mental illnesses He and his fellow researchers preferred risking death rather than allowing this discovery to fall in the hands of the intelligence community of nations His final act was to place upon the

shoulders of his son and daughter in law the responsibility for the future course of this discovery      **Beyond Nola** Terrington Calas, Steve Bachmann, 2002-08 Essays by Calas and Bachmann which originally appeared in the New Orleans Art Review on the theme of art and artists from outside the New Orleans area      Virgin and Other Stories April Ayers Lawson, 2025-06-25 A confident and mesmerizing fiction debut from the winner of the Plimpton Prize Set in the South at the crossroads of a world that is both secular and devoutly Christian April Ayers Lawson's stories evoke the inner lives of young women and men navigating sexual emotional and spiritual awakenings In The Negative Effects of Homeschooling Conner sixteen accompanies his grieving mother to the funeral of her best friend Charlene a woman who was once a man In The Way You Must Play Always Gretchen who looks young even for thirteen heads into her weekly piano lesson in nervous anticipation of her next illicit meeting with her teacher's brother Wesley Thin and sickly wasting from a brain tumor Wesley spends his days watching pornography and smoking pot and yet Gretchen can only interpret his advances as the first budding of love And in the title story Jake grapples with the growing chasm between him and his wife Sheila who was still a virgin when they wed At a cocktail party thrown by a wealthy donor to his hospital he ponders the intertwining imperatives of marriage sex and love violation and trust spirituality and desire even as he finds himself succumbing to the temptations of his host Self assured and sensual Virgin and Other Stories is the first work of a young writer of unusual mastery      **The Spectacle of Skill** Robert Hughes, 2016-11-29 Over the course of his distinguished career Robert Hughes wrote with brutal honesty about art architecture culture religion and himself The Spectacle of Skill brings together some of his most unforgettable pieces culled from nine of his most widely read and important books alongside never before published pages from his unfinished second volume of memoirs Showcasing Hughes's enormous range this indispensable anthology offers a uniquely cohesive view of both the critic and the man      **When Letters Still Mattered** Marques Vickers, 2016-03-16 A compilation of chronological written correspondence can provide valuable insights into the growth and development of an individual When Letters Still Mattered is a 137 page autobiographical portrait by California artist Marques Vickers Each profile candidly summarizes the effect of thirty writings and individuals that distinctly influenced his life His early writings reveal glimpses of his immediate family relations including several humorous and touching accounts of his Alabama raised aunts beloved grandfather and his most remembered letter from his mother recounting the separate and unexpected deaths of three acquaintances Drawing from his formative years correspondence Vickers recounts the exploits of an ethically straying local minister his close relationship with his freedom obsessed dog and his reaction to a greeting card delivered on the morning of Christmas Day by the postman Subsequent chapters address his earliest failed encounters with intimacy and romance a fortunate near miss and his ongoing resolve to achieve equilibrium with a partner He traces the labyrinth that defined his first marriage initially fueled by a tenderly composed poem Vickers shares lessons and disappointments culled from an often dehumanizing workplace and a noble gesture of fidelity that transcended his own humiliation of being very publicly fired
