Television Directors, Race, and Gender Jonathan J. Cavallero, 2024-07-17 This book challenges the predominant framing of US television as a writer s or producer s medium by suggesting that television directors are a vital component of TV artistry Looking beyond a perspective that favors the narrative and economic aspects of television but undervalues the medium s formal elements the book explores how directors use the visual and aural to contribute layers of meaning that add to the thematic development of television texts Starting from the belief that television aesthetics partially reveal the ways in which directors and their collaborators contribute to the overall thematic development of a program the author offers five case studies that map out the ways that directors have contributed to television drama throughout the medium s approximately 80 year history By devoting special attention to the presence and voices of directors from marginalized backgrounds the book creates opportunities to discuss television from perspectives that emphasize issues of diversity equity and inclusion This original and insightful work will appeal to students and scholars of television studies television production and media production critical media studies media authorship gender studies and race and media **Encyclopedia of Television** Horace Newcomb, 2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclo pedia of Television 2nd edition website **An Analytical Guide to Television's One Step Beyond, 1959-1961** John Kenneth Muir, 2010-06-21 Alcoa Presents One Step Beyond made its television debut in 1959 nine months before Rod Serling s classic The Twilight Zone and paved the way for a generation of television programs devoted to paranormal topics such as the occult ESP and ghost stories One Step Beyond was also where some of Hollywood s most famous leading men including Warren Beatty William Shatner and Charles Bronson got their starts in television This complete reference work to the 96 half hour episodes that ran for three seasons on ABC also offers a detailed history extensive commentary and summaries of the critical reception of One Step Beyond as well as coverage of the sequel series produced in 1978 entitled The Next Step Beyond Complete credits for both series are provided **Sam Wanamaker** Diana Devlin, 2019-06-13 Actor Director Visionary The fascinating life of Sam Wanamaker is explored for the first time in this biography by Diana Devlin who worked closely with Wanamaker during the last twenty years of his life Sam Wanamaker 1909 1993 is best known as the man who spent the last twenty five years of his life campaigning to reconstruct Shakespeare s Globe near its original site in London Born in the USA he trained as an actor in Chicago and began his career during the golden age of radio drama before moving on to Broadway A vocal left wing activist

Wanamaker moved to the UK during the turbulent era of the anti Communist witch hunts Having crossed the Atlantic he carved a successful international career as actor producer and director He directed the opening production at the Sydney Opera House With his staunch sense of purpose he made as many enemies as friends charismatic and persuasive he was also stubborn and domineering But above all he was a man of great vision and it was that vision that inspired many to help make his dream of Shakespeare s Globe come into being which opened to much fanfare in 1997 **Great Shakespeareans Set**
