The Anarchist Cookbook:

The Anarchist Cookbook William Powell, 2018-02-05 The Anarchist Cookbook will shock it will disturb it will provoke It places in historical perspective an era when Turn on Burn down Blow up are revolutionary slogans of the day Says the author This book is not written for the members of fringe political groups such as the Weathermen or The Minutemen Those radical groups don't need this book They already know everything that's in here If the real people of America the silent majority are going to survive they must educate themselves That is the purpose of this book In what the author considers a survival guide there is explicit information on the uses and effects of drugs ranging from pot to heroin to peanuts There is detailed advice concerning electronics sabotage and surveillance with data on everything from bugs to scramblers There is a comprehensive chapter on natural non lethal and lethal weapons running the gamut from cattle prods to sub machine guns to bows and arrows
