landmarks of American literature Son of the Morning Star Evan S. Connell, 2011-04-01 Son of the Morning Star is the nonfiction account of General Custer from the great American novelist Evan S Connell Custer's Last Stand is among the most enduring events in American history more than one hundred years after the fact books continue to be written and people continue to argue about even the most basic details surrounding the Little Bighorn Evan S Connell whom Joyce Carol Oates has described as one of our most interesting and intelligent American writers wrote what continues to be the most reliable and compulsively readable account of the subject Connell makes good use of his meticulous research and novelist's eye for the story and detail to re create the heroism foolishness and savagery of this crucial chapter in the history of the West

Connell, 2015-07-01 Capturing the spirit of arcane writing Evan S Connell delivers spectacular and esoteric prose as he imagines the journals of seven alchemists The first is Paracelsus the famous sixteenth century alchemist who is followed by an array of distinct voices physicians historians alchemists and philosophers Each employs a unique personality and point of view in a world of pre scientific thought of the western world about to step into modernity Though this historical recreation is medieval in style Connell succeeds in infusing his diarists with alchemic wisdom ancient appeal and felt humanness A work of rigid art and astute mimicry Connell's work is intelligent and remarkable medieval yet applicable to modernity Alchymic
