James Hastings

The Angel Speaks Again:

A Treatise wherein are discover'd the ... absurdities ... that naturally follow from the false Glosses upon the 7th Chapter of the Epistle ... to the Romans which are maintained by the abettors of the Confession of Faith ... composed by the Assembly of Divines at Westminster ... Writen by ... J. T. V. E. J. T. V. E.,1703 Dreams, Visions, Imaginations Jens Schröter,Tobias Nicklas,Armand Puig i Tàrrach,2021-02-08 The contributions in this volume are focused on the historical origins religious provenance and social function of ancient Jewish and Christian apocalyptic literature including so called Gnostic writings Although it is disputed whether there was a genre of apocalyptic literature it is obvious that numerous texts from ancient Judaism early Christianity and other religious milieus share a specific view of history and the world to come Many of these writings are presented in form of a heavenly divine revelation mediated through an otherworldly figure like an angel to an elected human being who discloses this revelation to his recipients in written form In different strands of early Judaism ancient Christianity as well as in Gnosticism Manichaeism and Islam apocalyptic writings played an important role from early on and were produced also in later centuries One of the most characteristic features of these texts is their specific interpretation of history based on the knowledge about the upper divine realm and the world to come Against this background the volume deals with a wide range of apocalyptic texts from different periods and various religious backgrounds

Patience and comfort Handley Carr Glyn Moule,1896 *The Words That Changed the World* Hannah Samuel,2002 Ever wondered what our planet would be like with no manners This book tells the story of three words Please Thank you and Sorry who are forced to leave Dictionary because they've fallen into disuse In a last ditch attempt to persuade people to use them again and thereby to save themselves from death they enter the real world of mankind as tiny holograms in human form However no sooner have they arrived here than they encounter the Heart Angel who has a shocking message for them It is then that they discover the threat to man's survival and their own true purpose in this world but the question is do they have what it takes to achieve it The book takes these characters through life threatening adventures as they seek to help human beings in general and three needy individuals in particular And just when they think they've succeeded in their tasks they're brought face to face with the daunting truth which is that only now can their REAL mission begin This book is packed with action humour suspense and drama and though written in the first place for children it contains enough serious thinking material for readers of all ages Do YOU really think the words please thank you and sorry are a waste of time Then we challenge you to read *The Words that Changed the World* and think again **The Ecclesiastical Review** ,1916 *Jewish Reactions to the Destruction of Jerusalem in A.D. 70* Ken Jones,2011-09-23 This book explores the reaction to the Roman destruction of Jerusalem in A.D. 70 found in Jewish apocalypses and related literature preserved among the Pseudepigrapha 4 Ezra 2 Baruch 3 Baruch 4 Baruch Sibylline Oracles 4 and 5 and the Apocalypse of Abraham **The Wonder Book of Bible Stories** Various,2019-11-20 In *The Wonder Book of Bible Stories* a collection curated by various contributors readers are invited to explore the rich tapestry of biblical narratives in a format designed for children The book employs accessible language engaging illustrations and simplified narratives transforming complex theological themes into understandable tales Set against the backdrop of early 20th century literature it reflects the era's desire to make religious education appealing and nurturing for younger audiences while maintaining a reverence for the source material The authorship of this compilation underscores a collective dedication to fostering a child's early understanding of Christian values and morals The book emerges from a time when children's literature aimed not only to entertain but also to educate illuminating the moral and ethical lessons found within the Bible This context speaks to a broader cultural movement in which educators and theologians sought to instill foundational beliefs in the young a reflection of the societal emphasis on moral upbringing This enchanting collection is highly recommended for parents educators and young readers alike *The Wonder Book of Bible Stories* serves as an essential resource for instilling core values through storytelling making it a cherished addition to any child's library **Through the Eyes of the Eagle** Bryce Berth,2021-05-12 The title *Through the Eyes of the Eagle* was actually birthed three years prior to the writing of the book When the author was inspired and compelled to write the story of

his life three years later in 2017 his remembrance of a spiritual experience that took place in 2014 would be the stimulus to consider the title This spiritual experience was an actual visitation and sighting of a golden eagle This experience became his motivation to choose the title The title chosen is really a metaphor of sorts and symbolic representation of the author s spiritual eyesight wanting to convey this compelling story as seen through his eyes When the visitation and sighting took place in August 2014 the author knew there was a higher spiritual connotation to be understood Yearning for the meaning the author researched the significance What the author learns put his compelling story of his life into perspective He realizes the significance of this sighting was proportionate precisely and relative to what he had been through in his life and what he had learned from a higher perspective What he learned and already understood were the specifics of spiritual messages that the eagle is trying to convey when one is visited by one Specifically when the eagle appears one is to be fully aware to be courageous and to stretch one s limits Look at things from a new and higher perspective and know that the future holds possibilities that one may not be able to see Additionally with respect to its symbolism and powers the eagle conveys powers and messages of the spirit It is man s connection to the divine In this sighting the author learns and understands that the eagle bestows freedom and courage to look ahead and the lesson of the sighting is that one must have the courage to relinquish the state of comfortable habits and beliefs to soar into unknown realms and realities On that particular day of his life it seemed to the author that the lessons learned summed up his entire life story After this magnificent experience friends with whom he had shared the spiritual experience of the eagle sighting with gave him the name Eagle because of his spiritual eyesight and its accuracy In their opinion his eyesight was as impeccable as the eyesight of an eagle The name given stuck and became a profound inspiration to the author to eventually convey this compelling and inspirational story as seen through his eyes the eyes of the eagle
