The Antartes:

British Reports on Greece 1943-1944 John Melior Stevens, Christopher Montague Woodhouse, David John Wallace, 1982 A collection of reports from British liaison officers operating in Greece 1943-44 They are historically important both for the information they contain and because they express the views of British officers sent into occupied Greece with considerable responsibilities

The World in Flames Frans Coetzee, Marilyn Shevin-Coetzee, 2011 An edited volume of primary sources from the Second World War *The World in Flames A WWII Reader* provides for the first time and in a convenient and comprehensive package an ambitious and wide ranging insight that conveys the sheer scale and reach of the conflict and the twelve chapter volume includes sufficient narrative and analysis for the reader to grasp both the war's broad outlines and the context and significance of each particular source Beginning with the growing disenchantment over the World War I peace settlements and the determination of German Italian and Japanese leaders to revise the situation the book traces descent into open armed conflict with the Allies the spectacular early successes of the Germans and Japanese the stabilization and eventual pivotal campaigns of 1942 and the arduous efforts over the remaining three years to destroy the Axis capacity to wage war Examples are drawn from a wide range of documents interspersed with contemporary images such as posters photos cartoons Throughout the book provides a rounded account of the struggle balancing a consideration of strategic and tactical issues the perspectives of the various combatant forces the different theatres of operations the various services involved including aerial and naval warfare and the experiences of participants across the spectrum from privates to generals Furthermore in addition to illustrating the conduct of the war it illuminates its consequences for the societies involved Selections treat the mobilization of labor and intellect trace the impact upon women and children and explore the tendency of the war to throw into bold relief both noble ideals and persistent domestic tensions not to mention the depths of human depravity in the Holocaust Themes that have a special resonance for the postwar era such as the perils of nuclear weapons are also given their due Coupled with chapter on historical memory these features enable students to appreciate the place of World War II place in the longer course of the twentieth century

The Immigrant George Karampas, 2011-07-12 George Karampas was a young boy living in a small village in Greece when WWII shattered his simple life Through his young eyes we see daily life in the village against a backdrop of war hunger poverty and the constant uncertainty of what each day would bring However it was not the Italians nor the Germans nor the Greek civil war that brought him to America alone at the age of sixteen We see how he overcame language illness and loneliness to live the American dream His is a story of family love determination and perseverance

LIFE, 1947-01-06 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use

To Look on Death No More Leta Serafim, 2016-02-01 In autumn of 1943 a Greek village

already weakened by civil turmoil and deprivation is beset by the Nazis An Irishman dropped into the fray by the British devotes himself to their welfare and becomes particularly attached to a young woman named Danae and her brother Stefanos Although he joins the Greek soldiers to support their cause what can one man do amid so much carnage

The Bulgarian Exarchate: Its History and the Extent of Its Authority in Turkey Richard von Mach, 1907

Comics and Memory in Latin America Jorge Catalá Carrasco, Paulo Drinot, James Scorer, 2017-07-06 Latin American comics and graphic novels have a unique history of addressing controversial political cultural and social issues This volume presents new perspectives on how comics on and from Latin America both view and express memory formation on major historical events and processes The contributors from a variety of disciplines including literary theory cultural studies and history explore topics including national identity construction narratives of resistance to colonialism and imperialism the construction of revolutionary traditions and the legacies of authoritarianism and political violence The chapters offer a background history of comics and graphic novels in the region and survey a range of countries and artists such as Joaquín Salvador Lavado, a.k.a. Quino, Hector G. Oesterheld and Juan Acevedo They also highlight the unique ability of this art and literary form to succinctly render memory In sum this volume offers in depth analysis of an understudied yet key literary genre in Latin American memory studies and documents the essential role of comics during the transition from dictatorship to democracy

LIFE, 1947-01-06 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use

The Church of Greece under Axis Occupation Panteleymon Anastasakis, 2014-12-15 Axis forces Germany Italy and Bulgaria occupied Greece from 1941 to 1944 The unimaginable hardships caused by foreign occupation were compounded by the flight of the government days before enemy forces reached Athens This national crisis forced the Church of Greece an institution accustomed to playing a central political and social role during times of crisis to fill the political vacuum Led by Archbishop Damaskinos of Athens the clergy sought to maintain the cultural spiritual and territorial integrity of the nation during this harrowing period Circumstances forced the clergy to create a working relationship with the major political actors including the Axis authorities their Greek allies and the growing armed resistance movements especially the communist led National Liberation Front In so doing the church straddled a fine line between collaboration and resistance individual clerics for instance negotiated with Axis authorities to gain small concessions while simultaneously resisting policies deemed detrimental to the nation Drawing on official archives of the Greek Ministry of Foreign Affairs the British Foreign Office the U.S. State Department and the Greek Holy Synod alongside an impressive breadth of published literature this book provides a refreshingly nuanced account of the Greek clergy's complex response to the Axis occupation of Greece during World War II The author's comprehensive portrait of the reaction of Damaskinos and his colleagues including tensions and divisions within

the clergy provides a uniquely balanced exploration of the critical role they played during the occupation It helps readers understand how and why traditional institutions such as the Church played a central social and political role in moments of social upheaval and distress Indeed as this book convincingly shows the Church was the only institution capable of holding Greek society together during World War II While The Church of Greece under Axis Occupation elucidates the significant differences between the Greek case and those of other territories in Axis occupied Europe it also offers fresh insight into the similarities Greek clerics dealt with many of the same challenges clerics faced in other parts of Hitler s empire including exceptionally brutal reprisal policies deprivation and hunger and the complete collapse of the social and political order caused by years of enemy occupation By examining these challenges this illuminating new book is an important contribution not only to Greek historiography but also to the broader literatures on the Holocaust collaboration and resistance during World War II and church state relations during times of crisis

Neutrino Astrophysics with the ANTARES Telescope

Vladimir Kulikovskiy,2015-06-22 This thesis is devoted to ANTARES the first underwater neutrino telescope in the Mediterranean sea As the main scientific analysis a search for high energy neutrino emission from the region of the Fermi bubbles has been performed using data from the ANTARES detector A method for the background estimation using off zones has been developed specially for this measurement A new likelihood for the limits calculation which treats both observations in the on zone and in the off zone in the similar way and also includes different systematic uncertainties has been constructed The analysis of 2008 2011 ANTARES data yielded a 1.2 excess of events in the Fermi bubble regions compatible with the no signal hypothesis For the optimistic case of no energy cutoff in the flux the upper limit is within a factor of three of the prediction of the purely hadronic model based on the measured gamma ray flux The sensitivity improves as more data are accumulated more than 65% gain in the sensitivity is expected once 2012 2016 data are added to the analysis

Antares

Dawn Michael McCollum,2019-05-01 When the supergiant star Antares exploded in 2512 the human colony on Alta found their pathway to the stars gone isolating them from the rest of human space for more than a century When a powerful warship materializes in the system without warning the commanders of the Altan Space Navy are alarmed They dispatch one of Alta s most powerful ships to investigate only to discover the unknown behemoth is battered and helmed by a dead crew This is disturbing news for the Altans as the defeated battleship would have easily defeated the whole of the Altan navy on its own And if that ship was able to stumble into the Altan system so too could the force responsible for its destruction

Something must be done

Not of Stones, But of Words Jack Apostol,2001-04 Upon a World War II battlefield and during the course of factual events John Lipari is seriously wounded by Rheinholdt an enemy soldier who subsequently dies as the result of the reciprocating skirmish with John John lapses into unconsciousness and as his early characteristics imply his guilt prompts his conscience to begin an odyssey in search of exploration as to learn more about life and individual development that of his own and others

Beyond the Gates of Antares Tim Bancroft,2017-05-10 This is the universe of the Seventh

Age of Humanity and the setting for the game called Beyond the Gates of Antares Travel through Antarean dimensional gateways to the galaxy spanning empires of the PanHuman Concord and Isorian Senatex and to the myriad worlds of the Determinate and beyond Board the glittering space borne cities of the Vardari the great mercantile powers of Antarean space and confront foes as implacable as the Ghar and as merciless as the Renegade NuHu Shards The Antares Maelstrom Greg Cox,2019-08-13 An epic new Star Trek saga by New York Times bestselling author Greg Cox set during the original Five Year Mission The final frontier erupts into chaos as vast quantities of a rare energy source are discovered beneath the surface of Baldur 3 a remote planet beyond the outer fringes of Federation space Now an old fashioned gold rush is underway as a flood of would be prospectors from countless worlds and species races toward the planet to stake their claim The galactic stampede threatens the stability of neighboring planets and space stations as widespread strife and sabotage and all around pandemonium result in a desperate need for Starfleet assistance Captain James T Kirk and the crew of the Starship Enterprise are dispatched to deal with the escalating crisis which lies on the other side of a famously perilous region of space known as the Antares Maelstrom Plundered Loyalties Giannēs Koliopoulos,1999 This study examines the impact of the Axis occupation 1941 4 and the Greek Civil War 1946 9 on Greek West Macedonia s multilingual and deeply fragmented population *Antares Passage* Michael McCollum,2019-05-01 After more than a century of isolation the paths between stars are again open and the people of Alta in contact with their sister colony on Sandar And yet the opening of the foldlines has not been the pure blessing the Altans had supposed The reestablishment of interstellar travel has brought with it news of the encroaching Ryall an alien race whose goal is the extermination of humanity If they are to avoid defeat at the hands of the alien forces Alta must seek out the military might of Earth The only suitable path however requires a journey into the heart of a supernova The Hellenic Herald ,1906 **Matter, Dark Matter, and Anti-Matter** Alain Mazure,Vincent Le Brun,2011-11-16 For over ten years the dark side of the universe has been headline news Detailed studies of the rotation of spiral galaxies and mirages created by clusters of galaxies bending the light from very remote objects have convinced astronomers of the presence of large quantities of dark unseen matter in the cosmos The most striking fact is that they seem to compromise about 95% of the matter energy content of the universe As for ordinary matter although we are immersed in a sea of dark particles including primordial neutrinos and photons from fossil cosmological radiation both we and our environment are made of ordinary baryonic matter Authors Mazure and Le Brun present the inventory of matter baryonic and exotic and investigating the nature and fate of matter s twin anti matter They show how technological progress has been a result of basic research in tandem with the evolution of new ideas and how the combined effect of these advances might help lift the cosmic veil **The East End of Europe** Allen Upward,1909 Electric Airplanes and Drones Kevin Desmond,2018-09-14 Attempts at electric powered flight date to well before the 19th century Battery weight and low energy output made it impractical until the 1990s when the advent of lightweight materials more efficient solar power improved

engines and the Li Po lithium polymer battery opened the skies to a wide variety of electric aircraft The author describes the diverse designs of modern electric flying machines from tiny insect styled drones to stratospheric airships and explores developing trends including flying cars and passenger airliners

Uncover the mysteries within Crafted by is enigmatic creation, Discover the Intrigue in **The Antartes** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
