Penelope Prior the daughter of Presbyterian missionaries grew up in an Armenian community in northern Persia During the Great War she and her family returned to the US But as soon as the war ended a call was issued for volunteers with the languages and experience required to bring life saving food and medical aid to the vast numbers of war victims and refugees who had fled to the Armenian Caucasus Hungry sick homeless and desperate the children needed every kind of help A new type of humanitarian enterprise was formed to rescue them on a scale never attempted before This innovative collaboration of churches government agriculture and industry charities voluntary organizations and the media was created by the Near East Relief Penny and her father respond to the call and soon find themselves in a city of orphans children left alone or stranded by war and deportation All of her ability and strength must be summoned to help establish a haven for these young survivors As they face the struggles together trauma and loss begin to make way for a bit of recovery and hope

Hanciles,2019-03-07 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations Volume IV examines the globalization of dissenting traditions in the twentieth century During this period Protestant Dissent achieved not only its widest geographical reach but also the greatest genealogical distance from its point of origin Covering Africa Asia the Middle East America Europe Latin America and the Pacific this collection provides detailed examination of Protestant Dissent as a globalizing movement Contributors probe the radical shifts and complex reconstruction that took place as dissenting traditions encountered diverse cultures and took root in a multitude of contexts many of which were experiencing major historical change at the same time This authoritative overview unambiguously reveals that Dissent was transformed as it travelled *Hidden Histories in the United Church of Christ* Barbara Brown Zikmund,2007-06-01 The United Church of Christ UCC is a denomination that reflects the pluralistic story of American Protestantism Created in 1957 the UCC has brought together ecclesiastical bodies rooted in English Puritanism American

Manifest Matthew K. Shannon,2024-06-15 In Mission Manifest Matthew Shannon argues that American evangelicals were central to American Iranian relations during the decades leading up to the 1979 revolution These Presbyterian missionaries and other Americans with ideals worked with US government officials nongovernmental organizations and their Iranian counterparts as cultural and political brokers the living sinews of a binational relationship during the Second World War and early Cold War As US global hegemony peaked between the 1940s and the 1960s the religious authority of the Presbyterian Mission merged with the material power of the American state to infuse US foreign relations with the messianic ideals of Christian evangelicalism In Tehran the missions of American evangelicals became manifest in the realms of religion development programs international education and cultural associations Americans who lived in Iran also returned to the United States to inform the growth of the national security state higher education and evangelical culture The literal and figurative missions of American evangelicals in late Pahlavi Iran had consequences for the binational relationship the global evangelical movement and individual Americans and Iranians Mission Manifest offers a history of living breathing people who shared personal professional and political aims in Iran at the height of American global power The Rowman & Littlefield Handbook of Christianity in the Middle East Mitri Raheb,Mark A. Christian-Muslim Relations in Syria Andrew W. H. Ashdown, 2020-11-25 Offering an authoritative study of the plural religious landscape in modern Syria and of the diverse Christian and Muslim communities that have cohabited the country for centuries this volume considers a wide range of cultural religious and political issues that have impacted the interreligious dynamic putting them in their local and wider context Combining fieldwork undertaken within government held areas during the Syrian conflict with critical historical and Christian theological reflection this research makes a significant contribution to understanding Syria's diverse religious landscape and the multi layered expressions of Christian Muslim relations It discusses the concept of sectarianism and how communal dynamics are crucial to understanding Syrian society The complex wider issues that underlie the relationship are examined including the roles of culture and religious leadership and it questions whether the analytical concept of sectarianism is adequate to describe the complex communal frameworks in the Middle Eastern context Finally the study examines the contributions of contemporary Eastern Christian leaders to interreligious discourse concluding that the theology and spirituality of Eastern Christianity inhabiting the same cultural environment as Islam is uniquely placed to play a major role in interreligious dialogue and in peace making The book offers an original contribution to knowledge and understanding of the changing Christian Muslim dynamic in Syria and the region It should be a key resource to students scholars and readers interested in religion current affairs and the Middle East

(Re)constructing Armenia in Lebanon and Syria Nicola Migliorino, 2008-06-01 For almost nine decades since their mass resettlement to the Levant in the wake of the Genocide and First World War the Armenian communities of Lebanon and Syria appear to have successfully maintained a distinct identity as an ethno culturally diverse group in spite of representing a small non Arab and Christian minority within a very different mostly Arab and Muslim environment The author shows that while in Lebanon the state has facilitated the development of an extensive and effective system of Armenian ethno cultural preservation in Syria the emergence of centralizing authoritarian regimes in the 1950s and 1960s has severely damaged the autonomy and cultural diversity of the Armenian community Since 1970 the coming to power of the Asad family has contributed to a partial recovery of Armenian ethno cultural diversity as the community seems to have developed some form of tacit arrangement with the regime In Lebanon on the other hand the Armenian community suffered the consequences of the recurrent breakdown of the consociational arrangement that regulates public life In both cases the survival of Armenian cultural distinctiveness seems to be connected rather incidentally with the continuing search for legitimacy of the state

Historical Dictionary of the Reformed Churches Robert Benedetto, Donald K. McKim, 2023-10-15 As its name implies the Reformed tradition grew out of the 16th century Protestant Reformation The Reformed churches consider themselves to be the Catholic Church reformed The movement originated in the reform efforts of Huldrych Zwingli 1484 1531 of Zurich and John Calvin 1509 1564 of Geneva Although the Reformed movement was dependent upon many Protestant leaders it was Calvin's tireless work as a writer preacher teacher and social and ecclesiastical reformer that provided a substantial body of

literature and an ethos from which the Reformed tradition grew Today the Reformed churches are a multicultural multiethnic and multinational phenomenon Historical Dictionary of the Reformed Churches Third Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on leaders personalities events facts movements and beliefs of the Reformed churches This book is an excellent resource for students researchers and anyone wanting to know more about reformed churches **The Forgotten Church** Debabrata
