Baker,2016-07-29 Introduction to ESOTERIC ASTROLOGY VOL 8 THE SOUL S PURPOSE CASES 17 33 By Dr Douglas M Baker This very important work is based on an analysis of the horoscope placing emphasis on the Rising Sign as it expresses the Soul s Purpose and its nuances Thus the universal approach is yet maintained but brought to bear on the specific or existential features of the individual s horoscope Via 17 detailed analyses in this volume the earnest student or professional astrologer is given in depth information regarding Karma previous lives chakras myth objects for meditation the Ray of the Soul and of course the Soul s purpose for the personality Vol 7 treats cases 1 16 The introductory section explains Symbols and Methods used Planetary Rulers Chart Interpretation Permutations in Basic Symbols Compound Complexes The Rising Sign House Cusps Sun Earth Opposition Astrological Parsing Literal Parsing Aspects Use of Angular Aspects Planet Sign House Influences Intercepted Signs Retrograde Planets Karmic Indications in the Horoscope Whilst esoteric astrology is primarily concerned with the hegemony of the soul as it progressively asserts itself in the life of the individual it is also capable of providing the personality with direction and useful advice When we are dealing with Man on the Path a far far more accurate an interpretation of his situation its potentials and limitations for expression is given here by using the esoteric rulers of the Signs of the Zodiac as demonstrated in esoteric astrology The development of the computer has made the horoscope available to the millions and it is but a matter of time before the same computers begin to sieve out the real from the unreal In the end however the real is only discovered within and the fullest exposition of esoteric astrology gives the keys to such discoveries within and their correlation to wide and more universal principles To ignore the individual horoscope is to leave astrology esoteric or exoteric with feet of clay What this writing represents is a wiser and more psychosynthetic interpretation of the horoscope Thus providing the interpreter views the horoscope from a point of higher synthesis the most accurate interpretation of a personality matter may be gauged from particular astrological aspects Bailey herself or the Tibetan Master through her gave the key to the psychosynthetic approach by allocating esoteric rulerships to the Signs for Man on the Path and a further set of rulers called hierarchical which apply to those disciples who are initiate

and engaged in the work of the Hierarchy of this planet as It implements the Divine Plan for the Earth Real Life Astrology: The Cross of Matter Sara Shipman,2022-09-19 The Ascendant The Descendant The Midheaven The Nadir The angles of your birth chart represent the points where the energies of the planets make contact with reality in the most tangible sense and that s because of their associations with the most important things in your life your family your partner and your career and most of all yourself All of those things are the most important factors in determining your sense of who you are The lines that connect those points form a cross known as the Cross of Matter and it symbolises the current incarnation of your spirit on this earth In astrology the Cross of Matter is important because it provides the foundation for accurate natal chart interpretation If you want to know how to deal with the realities of your existence and keep things held together the Cross of Matter will tell you everything you need to know In this book Sara Shipman explains what the Cross of Matter represents in everyday terms and she shows you how to interpret your cardinal points the Ascendant AC Descendant DC Midheaven MC and Nadir IC in ways that are relevant to everyday lived experience This book includes A full analysis of the Ascendant Descendant axis by sign A full analysis of the Midheaven Nadir axis by sign A full analysis of planetary aspects to each cardinal point Take your understanding of astrology to the next level with this the second book in the Real Life Astrology series of books Esoteric Astrology - Vol. 4 Dr. Douglas M. Baker,2015-02-11 Esoteric Astrology Vol 4 Rising Signs Aries through Virgo The Theory Interpretation and Practice This publication takes a new and revitalised look at astrology It is simple to understand yet remains a powerful tool capable of providing a solid foundation for the comprehension of this broad and magnificent subject This textbook like most of Dr Baker s printed books eBooks and DVDs enhances your studies via many charts lists tables and images over 100 in this one This major work is a very comprehensive introduction for those who want to study this subject in earnest and for the more advanced student it will serve as an essential reference manual In today s computer based world it is no longer necessary to spend hours calculating a horoscope when the most modest PCs can do it in seconds and with 100% accuracy Consequently the needless paraphernalia usually associated with learning astrology has been stripped away Emphasis is placed on the application of astrology to the unique problems of the modern world its use as a method of revealing purpose and meaning in life and ultimately as a key to the psychosynthesis of personality The horoscope is described in comprehensive detail with special attention given to the esoteric ruling planets of the zodiac signs which are more relevant than orthodox rulers in the charts of spiritually minded people The new rulers also accommodate the immense changes in external conditions and inner consciousness that have occurred in the last hundred years and are related to a new range of experience which the brain registers as the externa of the modern world The significance of karma is represented for it gives dramatic effect to our daily actions and the third factor of esoteric psychology lying beyond our understanding of heredity and environment is given full prominence This integrative and enriching work can be read alone as a fascinating introduction and foundation to the New Astrology or can be

followed up with the author's extensive range of astrological books and video tapes audio lectures and the all embracing Dictionary of Astrology for the 21st Century Together they provide a complete system for the professional and novice alike containing efficient and extraordinary techniques of interpretation which have never been used before and which halve the time required to assimilate and practise astrology
