The Dictionary Of Educational Terms:

A Dictionary of Education Susan Wallace, 2015 Education is of relevance to everyone but it involves specialized terminology which may be unfamiliar or opaque The second edition of this UK focused dictionary with around 1 100 authoritative entries provides clear and accessible definitions of the terms organizations qualifications statutes and much more involved in education today

The Dictionary of Educational Terms David Blake, Vincent Hanley, 1995 The Greenwood Dictionary of Education Bloomsbury Publishing, 2011-07-19 This book defines over 3 000 terms from the field of education to assist those charged with teaching students to become global citizens in a rapidly changing technological society John W Collins and Nancy Patricia O'Brien coeditors of the first edition of The Greenwood Dictionary of Education published in 2003 have acknowledged and addressed these shifts This revised second edition supplements the extensive content of the first through greater focus on subjects such as neurosciences in educational behavior gaming strategies as a learning technique social networking and distance education Terms have been revised where necessary to represent changes in educational practice and theory The Dictionary's focus is on current and evolving terminology specific to the broad field of education although terms from closely related fields used in the context of education are also included Encompassing the history of education as well as its future trends the updated second edition will aid in the understanding and use of terms as they apply to contemporary educational research practice and theory

The Greenwood Dictionary of Education John William Collins, 2003 The first of its kind since the 1980s this book provides authoritative definitions for more than 2 600 terms that apply to educational research practice and theory The overall focus is on the most critical terms in education as used by current practitioners yet references to significant historical events in education are also included Each of the definitions is 25 250 words and has been written by a knowledgeable practitioner or researcher in the field Included are acronyms and initialisms commonly used in the field names and descriptions of relevant organizations and important legal decisions relating to education An extensive bibliography provides useful sources for further research This reference work will be valuable for professionals in the K 12 setting students of education and educators and researchers in colleges of education Librarians at academic public and school libraries will find the dictionary immensely useful in interpreting education terminology

Dictionary Of Education Ramesh Shukla, 2010 **Dictionary of Education Terms** Kathryn Griffith, Helen Kowalski, 2010 The Dictionary of Education Terms provides students with a one stop destination to the answers for all those but what does that mean questions It gives clear and succinct definitions of key terms and theorists accompanied by practical examples to place them in the real life context The dictionary contains an abundance of useful terms with meanings that will prove helpful when preparing and writing assignments seeking clarification and as a ready reference when on school placement

The Encyclopaedia and Dictionary of Education Foster Watson, 1922 **Dictionary of Education** Carter Victor Good, 1945 **The Dictionary of Education and Instruction: a Reference Book and Manual**

on the Theory and Practice of Teaching Henry Kiddle, Alexander Jacob Schem, 1882 **The Dictionary of Health Education** David A. Bedworth, Albert E. Bedworth, 2010 The Dictionary of Health Education provides for the first time a complete comprehensive guide to the professional and technical words terms and phrases used in the health education profession In one volume it encompasses the full scope of the language of health education bringing together the disciplines of education medicine public health and its sub disciplines history philosophy and political science A vital reference tool for all health educators or those who are involved in the promotion of health this unique book contains over 10 000 definitions of frequently used words and phrases For ease of use all entries are alphabetically arranged and cross referenced where appropriate The dictionary also contains tables of important health and medical terms to further illustrate key ideas This user friendly volume is an indispensable resource to anyone who wants to speak and understand the language of health education
