The Discovery Of Britain:

The Discovery of Britain GRAHAM. ROBB,2025-10-02 *The Discovery of Britain (Routledge Revivals)* Esther Moir,2013-10-08 First published in 1964 this book examines the Tour of Britain It focuses neither on foreign tourists coming to Britain nor on British tourists travelling abroad but on British people exploring their native land in the three centuries from 1540 to 1840 During this period it became a popular pastime amongst gentlemen of leisure to travel for weeks even months in discovery of their own country and this book describes both the pleasure taken by tourists of Britain and the hardships they endured Tracking these journeys over three centuries the book presents a changing English landscape a changing economy and a change in people s tastes as the interests and concerns of the tourists evolve over the timeframe covered The Discovery of Britain Esther Moir,1964 The Discovery of Britain by the Finns W. R. Mead,1950 The Journal of the Manchester Geographical Society Manchester Geographical Society,1887 *The New York Times Almanac* 2002 John Wright,2006-05-23 The New York Times Almanac 2002 is the almanac of record Drawing on the resources of the world s premier news organization it provides readers with a wealth of data about the United States and the world in a readable and more easily accessible form than other almanacs Unrivaled in scope and unsurpassed in comprehensiveness The New York Times Almanac pays careful attention to significant issues topics and developments of the day and sets them in historical context It gives the stories and the stories behind the stories The New York Times Almanac is the first choice for students journalists and researchers for anyone who needs timely accurate information about the United States and other nations around the globe The New York Times Almanac 2002 includes The first results of the 2000 Census Comprehensive coverage of all the states and every nation in the world World Series results and the most comprehensive sports section of any almanac Notable obituaries from the worlds of politics entertainment and science More information about the Internet the worldwide AIDS epidemic and world population than any other almanac The most complete coverage of environmental issues the economy and the workings of the federal government All major Academy Award winners since 1928 and the names of all Nobel Laureates and why they won and much much more **Britain's Historic Ships** Paul Brown,2016-10-06 The British Isles have a long rich and celebrated seafaring history stretching from the earliest times through the victories of Drake and Nelson the voyages of discovery of Cabot and Cook and the defence of the realm by vessels of all types in the present century Much of this history is recorded in literature and in museums but reaches its most tangible form in the large number of historical ships that have been preserved and are continually restored as monuments to a proud past This lavish book explores 20 of the most celebrated and accessible ships and offers a comprehensive history of each vessel s design construction active service and subsequent restoration and preservation Presented in order of each ship s launch date each entry is written by the acknowledged expert on a particular vessel gives full specification details and is sumptuously illustrated with contemporary photographs historical illustrations and a full set of scale plans In addition to the featured

Britain's Empires James Heartfield,2022-12-06 For more than four centuries Britons have been dominating and colonising other peoples and territories Britain s Empires tells that story without flinching from the oppressive and exploitative side of the imperial mission that shaped world history It also aims to tell the story of the colonial past as one marked by change and reinvention where each new era was embarked upon as a break with the past This is history of the many different British Empires the Old Colonial System 1600 1776 the Empire of Free Trade 1776 1870 the New Imperialism 1870 1945 Decolonisation 1945 1990 and the era of humanitarian intervention 1990 2020 Britain s Empires explains how imperial policy dominated and skewed the history of societies across the world from Canada and the West Indies to Ireland from Africa to the Middle East from India to China and into Australasia but also how the peoples of those territories imposed themselves on Britain challenging slavery standing up to colonial overlords and eventually overthrowing them The history of Britain s Empires explains Heartfield is one of constant challenge and change where vanquished become victors and heroes often turn out to be villains *Spectacle and Display: A Modern History of Britain's Roman Mosaic Pavements* Michael Dawson,2021-05-20 Antiquarian interest in the Roman period mosaics of Britain began in the 16th century This book is the first to explore responses and attitudes to mosaics not just at the point of discovery but during their subsequent history It is a field which has received scant attention and provides a compelling insight into the agency of these remains **Antiquaries** Rosemary Sweet,2004-05-28 Eighteenth century Britain saw an explosion of interest in its own past a past now expanded to include more than classical history and high politics Antiquaries men interested in all aspects of the past added a distinctive new dimension to literature in Georgian Britain in their attempts to reconstruct and recover the past Corresponding and publishing in an extended network antiquaries worked at preserving and investigating records and physical remains in England Scotland and Ireland In doing so they laid solid foundations for all future study in British prehistory archaeology and numismatics and for local and national history as a whole Naturally they saw the past partly in their own image While many antiquaries were better at fieldwork and recording than at synthesis most were neither crabbed eccentrics nor dilettanti At their best as in the works of Richard Gough or William Stukeley antiquaries set new standards of accuracy and perception in fields ranging from the study of the ancient Britons to that of medieval architecture Antiquaries is the definitive account of a great historical enterprise
