The Doctrine Of God:

The Quest for the Trinity Stephen R. Holmes,2012-10-03 Stephen Holmes tells the saga of the Christian doctrine of God hoping to provide some reflective distance on today's revival in Trinitarian studies We witness the church's discovery of the doctrine from Scripture its crucial patristic developments its medieval and Reformation continuity and its fortunes since the advent of modernity

Systematic Theology: Volume I - The Doctrine of God Augustus Hopkins Strong,2017-04-09 The opening book in this three volume set it focuses exclusively on the person of God Within the grounds of this work are the person of God the authority of scripture and the works of God in our world These topics are becoming more relevant today as people are constantly questioning the person of the Father

Perspectives on the Doctrine of God Bruce Ware,2008-05-15 Classical Calvinist Modified Calvinist Classical Armenian and Open Theist views are evenly and productively discussed in Perspectives on the Doctrine of God

The Doctrine of God Herman Bavinck,1951

The Order of God Aaron Yom,2018-10-17 In this most up to date study Aaron Yom provides a comprehensive analysis of the doctrine of God particularly from a pneumatological perspective He focuses on retrieving the order of God that has been consistently misunderstood and mistreated by modern scholars The author carefully examines scholarly works of modern thinkers such as Karl Barth Thomas Torrance Karl Rahner David Coffey Jurgen Moltmann Clark Pinnock and Stanley Grenz as well as ancient masters such as Augustine and Aquinas With a critical analysis he highlights the strengths and weaknesses of their work to lay a foundational platform for understanding God's order in the twenty first century theological context Yom proposes a holistic approach that does not marginalize the logic of the Trinity that begins with God's order of ontology rather than God's order of economy though the former is read from the latter He maintains the intricate balance of the immanent Trinity and the economic Trinity with his newfound principle of identity and duality Yom offers several new theological paradigms for those who are interested in the topic of systematic theology

The Doctrine of God John M. Frame,2002

Systematic Theology Katherine Sonderegger,2015-06-01 This systematic theology begins from the treatise De Deo Uno and develops the dogma of the Trinity as an expression of divine unicity on which will depend creation Christology and ecclesiology The Invisible God must be seen and known in the visible In this way God and God's relation to creation are distinguished but not separated from Christology the doctrine of perfections from redemption In the end the transcendent beauty who is God can be known only in worship and praise

The Doctrine of the Trinity Sir Anthony Buzzard,Charles F. Hunting,2023-11-30 This important work is a detailed biblical investigation of the relationship of Jesus to the one God of Israel The authors challenge the notion that biblical monotheism is legitimately represented by a Trinitarian view of God and demonstrate that within the bounds of the canon of Scripture Jesus is confessed as Messiah Son of God but not God Himself Later Christological developments beginning in the second century misrepresented the biblical doctrine of God and Christ by altering the terms of the biblical presentation of the Father and Son This fateful development laid the foundation of a revised

unscriptural creed that needs to be challenged This book is likely to be a definitive presentation of a Christology rooted as it originally was in the Hebrew Bible The authors present a sharply argued appeal for an understanding of God and Jesus in the context of the original Christian documents For additional information visit the author s website at www.restorationfellowship.org

The Christian Doctrine of God, One Being Three Persons Thomas F. Torrance, 2016-01-28

Thomas F Torrance offers a detailed study of the most profound article of the Christian faith the Holy Trinity Torrance adopts a holistic approach when examining the interrelatedness of the three persons Father Son and the Holy Spirit and their dynamic Communion with the Being and Nature of God Combining immense academic range with his characteristically fresh theological perspective Torrance builds a significant theological bridge between ancient and modern as well as between the Roman and Protestant theology he engages deeply with the Church Fathers and discusses the ontological nature of God Here Torrance conveys a simple message the doctrine of the Trinity is the doctrine of God From back cover

Church Dogmatics Karl Barth, 2000-11-01 Described by Pope Pius XII as the most important theologian since Thomas Aquinas the Swiss pastor and theologian Karl Barth continues to be a major influence on students scholars and preachers today Barth s theology found its expression mainly through his closely reasoned fourteen part magnum opus *Die Kirchliche Dogmatik* Having taken over 30 years to write the *Church Dogmatics* is regarded as one of the most important theological works of all time and represents the pinnacle of Barth s achievement as a theologian
