The Doolittle Raid:

The Doolittle Raid John Grehan,2020-03-30 On 1 April 1942 less than four months after the world had been stunned by the attack upon Pearl Harbor sixteen US aircraft took to the skies to exact retribution Their objective was not merely to attack Japan but to bomb its capital The people of Tokyo who had been told that their city was invulnerable from the air would be bombed and strafed and the shock waves from the raid would extend far beyond the explosions of the bombs The raid had first been suggested in January 1942 as the US was still reeling from Japan s preemptive strike against the US Pacific Fleet at Pearl Harbor The Americans were determined to fight back and fight back as quickly as possible The 17th Bomb Group Medium was chosen to provide the volunteers who would crew the sixteen specially modified North American B 25 bombers As it was not possible to reach Tokyo from any US land bases the bombers would have to fly from aircraft carriers but it was impossible for such large aircraft to land on a carrier the men had to volunteer for a one way ticket Led by Lieutenant Colonel Jimmy Doolittle the seventy one officers and 130 enlisted men embarked on the USS Hornet which was shielded by a large naval task force However the ships were spotted by a Japanese ship The decision was therefore made to take off before word of the task force s approach reached Tokyo even though the carrier was 170 miles further away from Japan than planned and in the knowledge that the B 25s would not have enough fuel to reach their intended landing places in China The raid was successful and the Japanese were savagely jolted out of their complacency Fifteen of the aircraft crash landed in or their crews baled out over China the sixteenth managed to reach the Soviet Union Only three men were killed on the raid with a further eight being taken prisoner by the Japanese three of whom were executed and one died of disease The full story of this remarkable operation of the men and machines involved is explored through this fascinating collection of images

The Doolittle Raid Carroll V. Glines,1997 It was the biggest gamble of World War II but Lt Co Jimmy Doolittle s legendary bombing raid on Tokyo gave America the morale boost it needed in the wake of Pearl Harbor This is the full story as told by the Doolittle Raiders official historian Carroll Glines is also the author of Attack on Yamamoto *The Doolittle Raid* Charles River Charles River Editors,2018-02-09 Includes pictures Explains the planning and training for the raid Includes accounts of the raid written by Doolittle and other survivors Includes a bibliography for further reading Includes a table of contents The Japanese people had been told they were invulnerable An attack on the Japanese homeland would cause confusion in the minds of the Japanese people and sow doubt about the reliability of their leaders There was a second and equally important psychological reason for this attack Americans badly needed a morale boost Jimmy Doolittle All Americans are familiar with the day that will live in infamy At 9 30 a m on Sunday December 7 1941 Pearl Harbor the advanced base of the United States Navy s Pacific Fleet was ablaze It had been smashed by aircraft launched by the carriers of the Imperial Japanese Navy All eight battleships had been sunk or badly damaged 350 aircraft had been knocked out and over 2 000 Americans lay dead Indelible images of the USS Arizona exploding and the USS Oklahoma capsizing and floating upside

down have been ingrained in the American conscience ever since In less than an hour and a half the Japanese had almost wiped out America s entire naval presence in the Pacific The Americans would turn the war in the Pacific around in the middle of 1942 but in the wake of Pearl Harbor and the Japanese invasion of the Philippines the country was in desperate need of a morale boost and it would come in the form of the Doolittle Raid In part to show that the Japanese were not invincible and in part to reassure the American public that the nation would not lose the war the Doolittle Raid included both Army and Navy units that launched 16 land based medium bombers from an aircraft carrier a feat that was the first of its kind but also one involving a great deal of risk Getting the bombers and carriers in place to execute the mission involved much strategic planning and cooperation within the American military and had it failed it could have dealt a serious blow to the Americans Pacific presence due to the nation s limited resources in that theater As if getting in position wasn t challenging enough the raid was never designed to include a round trip back to the carrier Given the size of the bombers the planes were unable to land back on the USS Hornet so the plan was to have them fly over Japan and ditch in China after bombing Tokyo While most of the crew would survive the mission a few died during the raid all of the planes were lost and Japanese search parties eventually captured a number of Americans and executed three of them One of the crews landed in the Soviet Union and would end up being interned there for a year From a tactical standpoint the raid accomplished nothing of note and Doolittle actually thought he would be punished for the results but the Doolittle Raid served its purpose of boosting American resolve and demonstrating to the Japanese that they could be attacked at home as well Furthermore the Doolittle Raid showed the importance of air power in the war It helped convince military planners of the power of a strong air force that could not only shift the balance of battles but could also hit military industrial areas from long range and thus cripple a nation s war making abilities The Japanese would take the capabilities of airplanes into account when formulating how to defend their empire and it would help compel their leaders to make decisions such as the ones that led to the decisive Battle of Midway later in 1942 The Doolittle Raid chronicles the history and legacy of one of World War II s most audacious air raids Along with pictures of important people places and events you will learn about the Doolittle Raid like never before in no time at all

The Doolittle Raid Carroll V. Glines,1990 In April 1942 President Roosevelt urged the military high command to prepare a devastating carrier launch raid against the Japanese home islands And the only person who dared to lead the mission was the best known risk taker in the U S Air Force Lieutenant Colonel James H Doolittle

Target Tokyo James M. Scott,2015-03-31 Finalist for the 2016 Pulitzer Prize in History Like Lauren Hillebrand s *Unbroken* *Target Tokyo* brings to life an indelible era Ben Cosgrove The Daily Beast On April 18 1942 sixteen U S Army bombers under the command of daredevil pilot Jimmy Doolittle lifted off from the deck of the USS Hornet on a one way mission to pummel Japan s factories refineries and dockyards in retaliation for their attack on Pearl Harbor The raid buoyed America s morale and prompted an ill fated Japanese attempt to seize Midway that turned the tide of the war But it came at a horrific cost an estimated 250 000

Chinese died in retaliation by the Japanese Deeply researched and brilliantly written Target Tokyo has been hailed as the definitive account of one of America s most daring military operations *The First Heroes* Craig Nelson,2003-09-30

Immediately after Japan s attack on Pearl Harbor President Franklin D Roosevelt sought to restore the honor of the United States with a dramatic act of vengeance a retaliatory bombing raid on Tokyo On April 18 1942 eighty brave young men led by the famous daredevil Jimmy Doolittle took off from a navy carrier in the mid Pacific on what everyone regarded as a suicide mission but instead became a resounding American victory and helped turn the tide of the war The First Heroes is the story of that mission Meticulously researched and based on interviews with twenty of the surviving Tokyo Raiders this is a true account that almost defies belief a tremendous human drama of great personal courage and a powerful reminder that ordinary people when faced with extraordinary circumstances can rise to the challenge of history **The Doolittle Raid**

1942 Clayton K. S. Chun,2012-09-20 A detailed account of the US nail biting attempt to claw back their position with full colour maps and archival photography In early 1942 the strategic situation was bleak for the United States She had been in continual retreat since Pearl Harbor surrendering major areas such as the Philippines and was preparing for the worst in Hawaii and on the West Coast The Japanese on the other hand had secured a well defended perimeter and was set for further expansion Something needed to happen quickly and be of considerable impact and the combined arms April 1942 Doolittle Raid on Japan was a way to achieve this This book examines the planning execution and aftermath of this innovative daring and risky attack which would show that the Japanese navy and air forces were anything but invincible *The Doolittle Raiders* George A. Nolta,2025-06-06 A collection of biographical sketches of the 80 Doolittle Raiders **The Doolittle**

Raiders' Battle for Survival Geert Rottiers,2026-03-30 This is an extraordinary account of courage survival and sacrifice in the aftermath of one of the Second World War s most daring missions While the Doolittle Raid on Japan is often celebrated for its audacity and strategic importance this book focuses on the tortuous journey of the Raiders once their mission was complete as they descended quite literally into the unknown After striking targets in Japan on 18 April 1942 the Raiders flying their North American B 25 bombers faced an impossible challenge reaching safety with dwindling fuel reserves While one crew landed in the Soviet Union the remaining fifteen crash landed or baled out over Japanese occupied China initiating a desperate struggle for survival Spread across rugged terrain the Raiders battled severe weather injuries starvation and the constant threat of capture or death at the hand of the Japanese forces This book delves deeply into the human stories of the Doolittle Raiders during their escape through hostile territory It highlights the critical role played by Chinese villagers and resistance fighters who risked and often lost their lives to protect the stranded Americans Through their heroic efforts many Raiders made it to safety but not without significant losses The Japanese retaliated mercilessly against the Chinese in one of the largest manhunts the Japanese ever mounted killing tens of thousands in the Zhejiang Jiangxi Campaign underscoring the devastating costs of the mission With its rich blend of action human drama and historical depth and drawing on declassified

military records personal diaries and interviews with descendants of the Raiders and their Chinese allies The Doolittle Raiders Battle of Survival vividly reconstructs the Raiders perilous journey to safety or not From parachute landings into dense forests and dangerous mountain crossings to encounters with guerrilla fighters and near capture by Japanese troops the narrative is both suspenseful and deeply moving **The Doolittle Raid 1942** Clayton K. S. Chun, 2012-09-20 A detailed account of the US nail biting attempt to claw back their position with full colour maps and archival photography In early 1942 the strategic situation was bleak for the United States She had been in continual retreat since Pearl Harbor surrendering major areas such as the Philippines and was preparing for the worst in Hawaii and on the West Coast The Japanese on the other hand had secured a well defended perimeter and was set for further expansion Something needed to happen quickly and be of considerable impact and the combined arms April 1942 Doolittle Raid on Japan was a way to achieve this This book examines the planning execution and aftermath of this innovative daring and risky attack which would show that the Japanese navy and air forces were anything but invincible
