The Dracula Centenary:

The Dracula Centenary Book Peter Haining, 1987 One hundred years ago in the autumn of 1887 the most famous vampire of them all Count Dracula stalked from his castle in Transylvania to the streets of London and started a legend that has endured and grown to epic proportions Profusely illustrated with photographs and prints many of which have never before appeared in book form *The Dracula Centenary Book* explores this extraordinary success story drawing on much previously unpublished material Dust jacket

Prince Dracula Gavin Baddeley, Paul Woods, 2022-09-22 A war hero a mass murderer and a Gothic legend the world has never forgotten Vlad the Impaler is one of history's most compelling and brutal characters with a bizarre afterlife as a cult horror sensation A hero to his countrymen Vlad Dracula is a byword for dread Not just for generations of Western fans of Gothic fiction and film but also for an appalled and fascinated 15th century readership for whom contemporary accounts of Dracula's atrocities became the world's first horror bestsellers Combining historical research and dramatic reconstruction with contemporary reference here is Vlad the Impaler's dramatic career from pampered captive of the Ottoman Sultans to exterminating angel of Christian vengeance But in reality was he the embodiment of unbridled cruelty or model ruler of an embattled realm *Prince Dracula* also examines the role of psychological warfare and black propaganda in international politics from the medieval torture chamber to the headlines of the modern age and shows Vlad as an unwitting pioneer of the modern world Plying a grisly course through medieval bloodbaths and contemporary horrors Gavin Baddeley and Paul Woods leave no tombstone unturned in this extraordinary history

The New Annotated Dracula Bram Stoker, 2008-10-14 The bestselling author of *The New Annotated Sherlock Holmes* returns with this spectacular lavishly illustrated homage to Bram Stoker's *Dracula* 35 color and 400 b/w illustrations

The Book of Renfield Tim Lucas, 2023-04-11 Lucas mimics Stoker's style so well that it's hard to distinguish his own writing from passages interpolated from *Dracula* A fully humanized character study Publishers Weekly Perhaps the most infamous supporting character in all of Gothic Horror is R M Renfield the unstable patient under observation at Dr Seward's Carfax Asylum in Bram Stoker's *Dracula* a pathetic wretch who prophesies the imminent arrival of the Master while covertly feeding on spiders and flies Yet Stoker's 1887 classic tells us almost nothing about him Why and how was such an unsavory figure chosen to be the Undead Count's groveling envoy In this remarkable harbinger of the mash up novel author Tim Lucas with the help of Stoker himself takes us on an illuminating magical sometimes strangely erotic investigation into Renfield's origin fitted seamlessly within the language and the flurry of correspondence and other documentation found in *Dracula* **THE BOOK OF RENFIELD** reinvigorates Stoker's seminal horror masterpiece with numerous uncanny stories within stories alternately ghastly marvelous and hauntingly tender framing *DRACULA*'s robust blood and thunder with a flair for meta and modernity This Newly Revised Edition is extensively reworded and restructured incorporating many paragraphs of content deleted from the original 2005 text Also included is a contextualizing new Foreword by horror expert Stephen R Bissette and a substantial
