The Dynamics Of Industrial Conflict Lessons From Ford:

The Dynamics of Industrial Conflict Henry Friedman, Sander Meredeen, 2024-10-01 The Dynamics of Industrial Conflict 1980 focuses on the workings of industrial relations in the British motor industry presenting the first joint retrospective analysis of industrial relations in a major multinational The book includes a closely documented account of the Ford Sewing Machinists strike for equal pay and tells the inside story of that dispute analysing its impact on the coming of equal pay and Britain's new sex discrimination legislation It assesses the consequences of the dispute for workers management and unions at Ford and then traces its repercussions on Britain's industrial relations in the 1970s down to the fall of the Labour Government in May 1979 A detailed explanation is given of the concealed learning process which goes on below the surface of every system of industrial relations whether at factory company industrial or national level Managing Industrial Conflict Sander Meredeen, 1988 Multinationals and the Restructuring of the World Economy (RLE International Business) Michael Taylor, Nigel Thrift, 2013-03-12 This volume charts the ways in which multinational corporations contributed to the restructuring of the world economy paying particular attention to the spatial consequences of and responses to their operations at a number of scales The book takes as its theme the differential spatial outcomes of the restructuring of different types of multinational corporation *Governance at Work : The Social Regulation of Economic Relations* Richard Whitley, Peer Hull Kristensen, 1997-06-26 Global pressures present similar challenges to companies in different countries but how those organizations deal with them depends on the social and institutional framework in which they develop and operate In this book leading academics explore and explain variations in governance systems focusing in particular on European trends In *Governance at Work The Social Regulation of Economic Relations* the authors ask Are structures of work and business organization changing Are we seeing a move away from large scale Fordist mass production systems that have dominated the industrialized world in the 20th century What are the local national determinants of business organization Can we speak of different national business systems if so how do these interact with the operations of international companies in global competition *Women's Legal Landmarks* Erika Rackley, Rosemary Auchmuty, 2018-12-27 Women's Legal Landmarks commemorates the centenary of women's admission in 1919 to the legal profession in the UK and Ireland by identifying key legal landmarks in women's legal history Over 80 authors write about landmarks that represent a significant achievement or turning point in women's engagement with law and law reform The landmarks cover a wide range of topics including matrimonial property the right to vote prostitution surrogacy and assisted reproduction rape domestic violence FGM equal pay abortion image based sexual abuse and the ordination of women bishops as well as the life stories of women who were the first to undertake key legal roles and positions Together the landmarks offer a scholarly intervention in the recovery of women's lost history and in the development of methodology of feminist legal history as well as a demonstration of women's agency and activism in the achievement of law reform and justice Reassessing the Employment Relationship Edmund

Heery, Peter Turnbull, 2010-11-10 *Reassessing the Employment Relationship* is an edited volume written by leading academics at Cardiff Business School. Reflecting on the employment relationship as one of the central institutions of advanced capitalist economies, it provides an extensive survey of the changing world of work. The book offers a multi-disciplinary analysis of the contemporary workplace and focuses on the key influences that are shaping the employment relationship: globalization, financialization, regulation, and the search for ethical standards in human resource management. There is insightful and authoritative treatment of some of the main developments in the employment relationship, such as the rise of knowledge and customer service work, increasing income inequality, new forms of management control over work, the spread of non-union industrial relations, and the rise to prominence of work-life integration. *Reassessing the Employment Relationship* provides a critical yet accessible look at the changing employment relationship and is an indispensable aid to students studying Industrial Relations, Human Resource Management, Organizational Studies, and Business Ethics. PAUL BLYTON is Professor of Industrial Relations and Industrial Sociology at Cardiff University, UK. EDMUND HEERY is Professor of Employment Relations at Cardiff University, UK. PETER TURNBULL is Professor of Human Resource Management and Labour Relations at Cardiff University, UK.

Crisis? What crisis? John Shepherd, 2016-05-16 Over thirty years later, the winter of discontent of 1978-79 still resonates in British politics. On 22 January 1979, 1.5 million workers were on strike. Industrial unrest swept Britain in an Arctic winter. Militant shop stewards blocked medical supplies to hospitals; mountains of rubbish remained uncollected; striking road hauliers threatened to bring the country to a standstill; even the dead were left unburied. Within weeks, the beleaguered Callaghan Labour government fell from power. In the 1979 general election, Margaret Thatcher became Prime Minister, beginning eighteen years of unbroken Conservative rule. Based on a wide range of newly available historical sources and key interviews, this full-length account breaks new ground, analysing the origins, character, and impact of a turbulent period of industrial unrest. This important study will appeal to all those interested in contemporary history and British politics.

To Make Another World Colin Barker, Paul Kennedy, 2017-07-05 A diverse collection of essays on twentieth-century popular protest movements, considering their dynamics and dilemmas.

Ramparts of Resistance Sheila Cohen, 2006-09-20 *Ramparts of Resistance* examines the experience of British and US workers during the last three decades to show the urgency of the need for a new independent politics of trade unionism. The twentieth century saw great changes in the trade union movement, from waves of strikes in the 1970s to a battery of employer and state onslaughts culminating in the anti-union legislation of the 1980s and 1990s. Looking at grassroots labour struggles, Cohen explores issues of reformism, trade union democracy, and the political meaning of ordinary workplace resistance, and puts forward ideas for change. *Ramparts of Resistance* examines the failure of the union movement to rise to the neo-liberal challenge and calls for a new politics of independent unionism and an explicitly class-based renewal of workers' power. Coming at a time when union activity and membership involvement continues despite the odds, this book is an inspiring guide to the direction that unionism

should take Stories of Care: A Labour of Law LJB Hayes, 2017-05-10 Stories of Care A Labour of Law is an interdisciplinary study of the interactions of law and labour that shape paid care work Based on the experiences of homecare workers this highly topical text unpicks doctrinal assumptions about class and gender to interrogate contemporary labour law It demonstrates how the UK s crisis in social care is connected to the gendered inadequacy of labour law and argues for transformative change to law at work Utterly compelling Perhaps the best ever example in modern labour law scholarship of research led recommendations Keith Ewing Professor of Public Law King s College London An important contribution to socio legal research on care work and labour law Judy Fudge Professor of Labour Law University of Kent Innovative and meticulous merits a very wide readership Lizzie Barmes Professor of Labour Law Queen Mary University of London A really important text which shows through deep analysis of care workers stories how badly undervalued their work is It offers an excellent analysis Robin Allen QC Cloisters Chambers A rare and valuable insight into the lives and views of women who work in the little known world of homecare for rates of pay and conditions that shame our society David Brindle Public Services Editor The Guardian Boundary breaking an outstanding contribution to the growing field of feminist labour law scholarship Joanne Conaghan Professor of Law University of Bristol
