Transatlantic Mysteries William J. Nichols,2011 Transatlantic Mysteries presents a comparative study that brings together authors Paco Ignacio Taibo II and Manuel V zquez Montalb n from two specific political contexts post 1968 Mexico and post Franco Spain who both work in one specific genre noir detective fiction In this so called age of globalization Spain and Mexico have witnessed an explosion in the production of noir detective fiction which these authors choose purposefully in order to infiltrate the market with formulaic popular literature while simultaneously critiquing the effects of the neoliberal strategies embraced by their countries By locating themselves at the crossroads where literature meets the market they not only underscore the effects of capital on literary and cultural production but also explore the possibility for their writing to resist the influences of capital and question the role of an intellectual in an era of globalization At the core of their writing Taibo and V zquez Montalb n examine the revolutionary possibilities of literature and popular culture to offer a new kind of Marxist project that revitalizes the Left by redefining the role of socially engaged literature in a globalized landscape

Detective Fiction in a Postcolonial and Transnational World Dr Marc Singer, Dr Nels Pearson, 2013-04-28

Taking up a neglected area in the study of the crime novel, this collection investigates the growing number of writers who adapt conventions of detective fiction to expose problems of law, ethics, and truth that arise in postcolonial and transnational communities. While detective fiction has been linked to imperialism and constructions of race, from its earliest origins, recent developments signal the evolution of the genre into a potent framework for narrating the complexities of identity, citizenship, and justice in a postcolonial world. Among the authors considered are Vikram Chandra, Gabriel García Márquez, Michael Ondaatje, Patrick Chamoiseau, Mario Vargas Llosa, Suki Kim, and Walter Mosley. The essays explore detective stories set in Latin America, the Caribbean, India, and North America, including novels that view the
