and Driver ,1999-03 **O' the Places I've Been** Charles Classen,2012-04-12 This book captures the memorable elements of the record making aerial adventure around the world This trip was made by my partner Phil Greth and me in his 1955 Beechcraft G35 Bonanza It took place from the May 27 1988 liftoff at 6 00 a m in Waukegan Illinois and ended twenty days later on June 16 at the 4 37 p m flyby at Waukegan It became a day of infamy to my youngest son whose birthday was that day but was forgotten by his father until days later The book regales the reader with details of the trip that are expected to be enlightening to a pilot as the craft headed westbound to San Jose Honolulu Majuro Guadalcanal Cairns Adelaide Alice Springs Darwin Bali Singapore Madras Dubai Cairo Palma Santa Maria St Johns and home to Waukegan but somewhat repetitive and bordering on boring to the non pilot except for those moments that become exciting due to uncertainties of outcome This will tantalize most Details of preparation and afterglow are both mixed in and explored to provide the reader with a cradle to grave perspective Further it will introduce the author s father to the extent of giving an explanation of motivations and personalities Since this was somewhat of a second attempt on the part of these two pilots there will be the inclusions of two planning and preparation times It will include many of those friends and relatives who played sub orbital roles either knowingly or otherwise It will give significant background to a lot of decisions and animosities that surfaced on occasion The planning was intended to be sufficient to cause repeated memories of something told to me early on If the planning is done adequately the trip will be a lot of sheer boredom except for the interjection of sheer terror at the moments when something begins to go wrong The book concludes with a look back as the twenty years of record holding is celebrated and then closes with the setting of new records and the bittersweet finish to the living of a dream **The AOPA Pilot** ,1995

The Film Cheat Murray Pomerance,2020-10-15 Murray Pomerance venerated film scholar is the first to take on the cheat in film where cheating constitutes a collection of production performance and structuring maneuvers intended to foster the impression of a screen reality that does not exist as presented This usually calls for a suspension of disbelief in the viewer but that rests on the assumption that disbelief is problematic for viewership and

that we must find some way to suspend or disconnect it in order to allow for the entertainment of the fiction in its own terms. The Film Cheat explores forty five aspects of the cheat analyzing classic films such as Singin in the Rain and Chinatown to more contemporary films like The Revenant and Baby Driver with Pomerance engaging his encyclopedic knowledge of film history to point out numerous instances of suspensions of disbeliefs. Whether or not Gene Kelly is actually dancin in the rain or if Elliott is really flying on his bicycle carrying E T these cheats are what make movie magic. Elegantly weaving the narrative for one to dip into at random or to read from cover to cover Pomerance turns things upside down so that the audience actually finds pleasure in the cheat itself. pleasure in the disbelief. To see the elegant fake the supremely accomplished simulacrum is a pleasure in its own right indeed one of the fundamental pleasures of cinema.
